UPGRADE TO BUFF®

Whether biking to work or backpacking around the world, having the right gear can make or break your experience.

It's why we invented the neck gaiter more than 30 years ago. It's why we use only the highest quality technologies and fabrics – from UPF50 Sun Protection to sustainably sourced merino wool, and it's why our products are trusted by millions of adventurers worldwide.

Your customers deserve the best, and we never settle for less when it comes to quality.

- ✓ The original multifunctional neckgaiter
- ✓ 30+ Years of industry-leading innovation
- ✓ High performance protection
- ✓ Technical designs for any forecast
- ✓ Certified B Corp committed to sustainability

PRODUCTS YOU CAN FEEL GOOD ABOUT SELLING

Do More Now is our commitment to growing as a global organization while protecting the environment, producing responsibly, and pursuing the wellbeing of our employees and the communities we serve.

In 2023 we announced our B Corp certification with a score of 105.7, well above industry average.

90%

of all manufacturing happens in-house in our Barcelona factory, allowing increased control over quality, environment, and social standards.

100%

The BUFF® in-house factory and headquarters is powered by 100% renewable electricity.

80%

of sales in 2022/23 came from more responsible materials, including recycled and natural materials.

41M

By the end of 2022, we recycled over 41 million plastic bottles into products.

CARBON NEUTRAL

In 2023, we achieved carbon neutrality in all our direct operations and are supporting a project to preserve the habitats of endangered species in the Yacumama Forest in Perú.

CREATED FOR ADVENTURE DESIGNED FOR ANY FORECAST

Protection, insulation, comfort, or cooling - we've got you covered even as the weather changes from mild to wild. Tough on adventure and easy on the planet, each is made with care at our in-house manufacturing facility in Barcelona, helping to reduce our carbon footprint further.

134501.555.10.00

ORIGINAL ECOSTRETCH MULTIFUNCTIONAL NECKWEAR

- UPF 50 SUN PROTECTION
- ENDORSED BY THE SKIN CANCER FOUNDATION
- SEAMLESS 4-WAY STRETCH CONSTRUCTION

BEST FOR THE FOLLOWING FORECAST

Our first, and most well-known product. Known for its versatility the Original is perfect for all year use.

113010.535.10.00

MERINO LIGHTWEIGHT MULTIFUNCTIONAL NECKWEAR

- 100% MERINO WOOL - 125 GM²
- NATURALLY ODOR-RESISTANT AND TEMPERATURE-REGULATING
- MULESING FREE WOOL

BEST FOR THE FOLLOWING FORECAST

100% Natural merino wool is perfect for adventures in cool temperatures.

134525.341.10.00

THERMONET® MULTIFUNCTIONAL NECKWEAR

- PRIMALOFT® INSULATING FIBER
- LIGHTWEIGHT ACTIVE WARMTH
- SEAMLESS 4-WAY STRETCH CONSTRUCTION

BEST FOR THE FOLLOWING FORECAST

Extremely warm and lightweight designed for maximum protection during outdoor activities in cold weather.

118096.801.10.00

DRYFLX® MULTIFUNCTIONAL NECKWEAR

- 360° REFLECTIVITY
- QUICK-DRY FABRIC
- SEAMLESS 4-WAY STRETCH CONSTRUCTION

BEST FOR THE FOLLOWING FORECAST

Bright colorways, 360 reflectivity, and quick dry material ensure you can show up no matter the conditions.

134579.555.10.00

POLAR MULTIFUNCTIONAL NECKWEAR

- PRIMALOFT® BIO FLEECE
- HIGH THERMAL INSULATION
- EXTRA LONG FOR EXTRA PROTECTION

BEST FOR THE FOLLOWING FORECAST

Soft fleece feel paired with high thermal insulation provides extra warmth allowing you to stay outdoors longer.

132942.999.10.00

WINDPROOF NECKWEAR

- WINDSTOPPER® BY GORE TEX® LABS
- WATER REPELLENT
- MAXIMUM BREATHABILITY

BEST FOR THE FOLLOWING FORECAST

Water-repellent, windproof technology that doesn't compromise on breathability during high intensity activities.

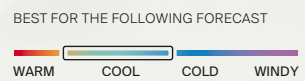

CHOOSING THE PERFECT MERINO

Durable, odor-resistant, thermoregulating, and great for outdoor activities - Merino wool is the perfect alternative to synthetics that keeps you comfortable, naturally. With so much to offer, it's become an outdoor essential worldwide. BUFF®'s super-soft and ethically-sourced merino neckwear comes in a variety of weights, lengths and styles to suit all kinds of adventures and temperatures. Check out the chart below to find the perfect Merino product for you.

117819.759:10.00
MERINO LIGHTWEIGHT MULTIFUNCTIONAL NECKWEAR

- 100% MERINO WOOL
- 125 GM²

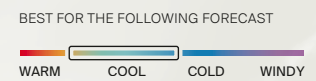

A perfect low-profile base layer for when the weather turns cool.

134683.555:10.00
MERINO LIGHTWEIGHT PRINTS MULTIFUNCTIONAL NECKWEAR

- 100% MERINO WOOL
- 125 GM²

Same low-profile, with added prints! The perfect base layer for cool temps.

132890.519:10.00
MERINO MOVE MULTIFUNCTIONAL NECKWEAR

- 91% MERINO WOOL
- 205 GM²

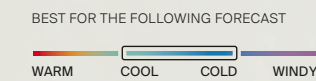

Stand out, stay warm. A color block print with medium warmth and all-day comfort.

113022.330:10.00
MERINO MIDWEIGHT MULTIFUNCTIONAL NECKWEAR

- 100% MERINO WOOL
- 250 GM²

A midweight merino dream. A bit more warmth, a bit more weight, still multifunctional. Naturally versatile.

129444.937:10.00
MERINO FLEECE NECKWEAR

- 98% MERINO WOOL
- 315 GM²

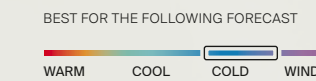

Brushed merino creates a cozy, fleece-like feel for high warmth on frosty days.

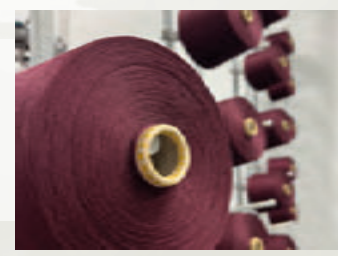

113018.722:10.00
MERINO HEAVYWEIGHT NECK WARMER

- 100% MERINO WOOL
- 500 GM²

Our thickest merino in a double-layer construction and a shorter cut for ultimate warmth in the harshest weather.

OUR MERINO DNA

- Made from 90 - 100% Merino wool, ethically sourced and mulesing-free
- Made in-house using 100% renewable energy
- Comes in a range of lengths and styles for functional versatility
- Seamless construction reduces unnecessary waste in the manufacturing process and ensures all-day comfort

NEW THIS SEASON

Each season, we set out on a mission to push further, build better, and design cleaner, more sustainable products. This season, our collection is inspired by the intersection of technology and nature. We've taken our best-selling products like Original, ThermoNet, and Merino and wrapped them in fresh prints inspired by the unique patterns of nature. Our technical fabrics help improve airflow, wick moisture, and keep you comfortable and dry so you can be fully present in even the wildest weather.

POLAR PRINTS

Super-soft, printed polar fleece provides ultimate warmth that make a statement and an eco-design production method means less fabric waste. Feel good about looking great.

MERINO LIGHTWEIGHT PRINTS

Lightweight, multifunctional neckwear made of 100% ethically-sourced merino wool for eco-conscious adventurers. Super-soft, odor-resistant and with bold color prints to suit every style.

CHILL TRUCKER CAP

Urban outdoor essential for cold weather. An adjustable, 100% cotton upper and moisture-wicking sweatband provide all-day comfort in a classic trucker style.

FALL LINE CAP

The perfect cold-weather cap? It's pretty simple. A 100% cotton outer and all-day comfort combine with thermal insulation and ear flaps for warmth when the wind is biting.

YOUTH THERMONET®

Multifunctional neckwear made using 58% recycled content. Stand out on the slopes, the streets and everywhere in between with unique prints, while PrimaLoft® insulating fibers provide warmth without the bulk.

LIFESTYLE NOVELTIES

DATMA

The coziest, snuggliest snood ever made! Soft and sustainably made in a rib knit with natural gradients, pull it up for head coverage or roll it down like a neck warmer.

LILON & RENVI

Wrap up for any occasion in super-soft beanies and neck warmers in an on-trend design. Made using 100% recycled content in colors to suit your every mood. Stylish, sustainable and oh-so cozy.

BERY

Bold colors, a stand-out style and a two-layer, circular knit made from 100% recycled content. A sustainable, statement beanie for urban adventurers.

RICS

Cool and casual colors, a two-layer, circular knit made from 100% recycled content and a playful pom-pom. A sustainable, statement beanie for urban adventurers.

OUR AMBASSADORS' FAVORITE PRODUCTS

ANDREU SIMON TRAIL RUNNING

Andreu Simon is a Catalan trail running athlete and winner of Transgrancanaria 2023. A BUFF Athlete since 2019, you'll rarely see Andreu running without his 5 panel Go Cap, and he's always got an Original EcoStretch on hand for when things turn chilly.

POW

PROTECT OUR WINTERS

Protect Our Winters (**POW**) is an organization which aims to inspire outdoor people, from pro athletes to everyday adventurers, to become climate activists, mobilizing as one to protect the places we play from climate change. Now more than 130,000 supporters strong, **POW** has grown into a global network; educating, uniting and giving a voice to the outdoor sports community. Learn more at: <https://protectourwinters.org>

In collaboration with **POW**, we want to continue to convey our concern about climate change and our commitment to protecting the outdoors. For every product sold from this collection, you will be directly supporting **POW**'s work.

ABOUT THE ARTIST:

Kate Zessel is an artist located in Whistler B.C. Originally from Vancouver, she spent her free moments growing up in the mountains, skiing and biking. As a Graphic Design student at the Vancouver Art Institute, her passion for illustrating flourished. Nowadays, Kate draws inspiration from the surroundings that she calls home, capturing moments from her adventures in her visual pieces. The designs in this range reflect the mountains, rivers, rocks and wildlife that **POW** are working to protect.

*All capsule products come on special packaging highlighting the collection

HERITAGE COLLECTION

Honouring our heritage, we've taken inspiration from the richly diverse culture and historical patterns of the past, combining them with future-friendly technology and materials that help to protect our planet.

ORIGINAL ECOSTRETCH

The tried and tested, tubular design of our original, multifunctional, seamless neckwear, made using Polyester micro-fiber from recycled plastic bottles supplied and certified by REPREVE®. The year-round versatility of our iconic construction and moisture-wicking breathability make this a firm favourite with active, outdoor consumers with a climate conscience and an awareness of our origins in the outdoors.

Paying homage to the customs, culture and colours that have shaped our world, this collection reminds us to honor the past but always look to the future; to protect our greatest heritage of all, the earth, for generations ahead.

PRO TEAM COLLECTION

Our high-performance kit has been thoroughly tested and approved by our team of elite athletes. The Pro Team range is aimed at active consumers who train hard, are inspired by the pros and need gear they can trust when race day comes.

Reflective elements and prominent branding improve visibility and help wearers to stand out from the crowd as a proud part of the BUFF® community of athletes and adventurers.

TWIN PACK

A twin pack of our most iconic and versatile accessory, made in our home factory in Barcelona using recycled plastic bottles. Including two of our much-loved, **Original EcoStretch Multifunctional Neckwear** in a reusable box that reflects the designs of the product inside. Choose from sleek and sporty black and graphite designs, or colorful, heritage-inspired prints that reflect the rich cultures of the mountains. The perfect gift for an outdoor friend - or just for you!

POLAR

COLD FORECAST. WARM ADVENTURE.

High thermal insulation keeps your body at the perfect temp, even in the coldest weather.

EXTRA-LONG FOR EXTRA PROTECTION

Pull it up, roll it down - protection for your chin, cheeks, and nose whenever you need it

UPF 50 SUN PROTECTION

Added protection from harmful rays during snowy adventures

DUAL COMFORT FABRIC

4-way ultra-stretch on the top combined with premium soft fleece on the bottom for ultimate comfort during winter activities

BIO™

PRIMALOFT® BIO FLEECE

The first ever biodegradable, 100% recycled synthetic insulation and fabric. Designed to return to nature, it represents a holistic, sustainable solution for garment wear-and-tear, and eventual end of life.

POLAR

The most versatile multifunctional polar neckwear for cold weather, made using 97% recycled content and offering high thermal insulation with cozy, lofted fleece. PrimaLoft® Bio™ Fleece is fully biodegradable and is designed to return to nature. Flip it, twist it, fold it. 4-way stretch means you can wear it as a neck warmer, hat, balaclava and more, to keep you warm when the temperature drops.

MOUNTAIN BANDANA

BANDANA STYLE MEETS TECHNICAL PERFORMANCE

Longer front keeps your neck and chest warm even with an open jacket, while technical features add athletic warmth and comfort.

ANTI-FOG VENTILATION HOLES

Laser-cut holes ensure easy breathability and anti-fogging when wearing with goggles

DOUBLE LAYER FABRIC

Wind-resistant on the outside and a lofted Carvico® fabric inner offers ultimate protection against the elements

FLAT COMFORT SEAMS

Ensures extra comfort, reduced chafing and no hot spots when exercising

PRIMALOFT® BIO FLEECE

A fully biodegradable fleece fiber developed to return to nature, reducing the environmental impact of garments throughout their life

BANDANA SHAPE

Longer front keeps your neck and chest warm even with an open jacket

MOUNTAIN BANDANA

Chasing extremes requires uncompromising protection from the elements. This carefully constructed, technical design is made using 44% recycled content, and is athlete-approved by BUFF® ambassador and world champion freerider, Victor de la Rue. A wind-resistant outer, PrimaLoft® Bio thermal fleece and sleek, snow sport-specific bandana shape offers maximum insulation, whilst ventilated mouth holes balance breathability, so you can keep cruising in total comfort.

MERINO LIGHTWEIGHT PRINTS

Seamless 4-way stretch

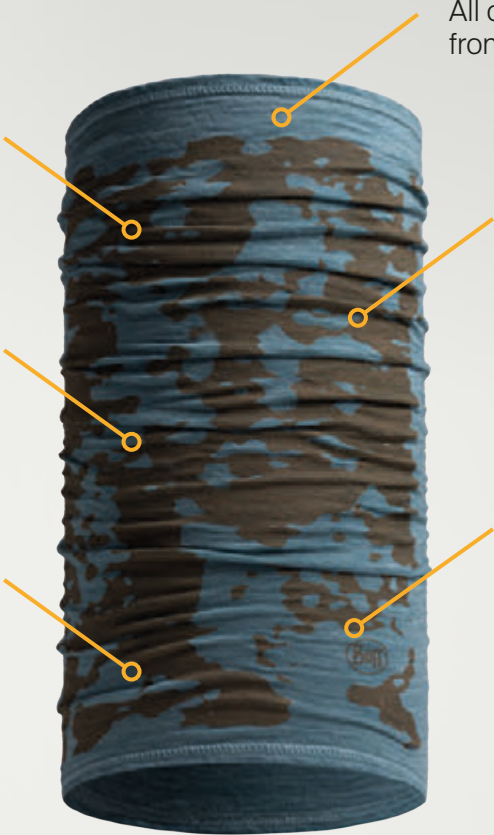

Prevents hot spots and chafing and can be worn in many different ways

Refreshing one-color prints

Bold, stylish colors for every mood

100% Merino Wool - 125 gm2

Warm, breathable, and soft against the skin. Merino wool keeps you cozy in the coldest conditions

Ethically sourced wool

All our Merino wool comes from mulesing-free suppliers

Odor-resistant

Merino wool is naturally antimicrobial, so it's odor-resistant and stays fresh

Thermoregulating

Natural fibers wick sweat away from your skin to prevent moisture build-up

MERINO LIGHTWEIGHT PRINTS

A lightweight beanie made of 100% merino wool. Comfortable and natural, ethically-sourced and naturally odor and temperature-regulating merino makes for a super-soft, cozy base layer that feels great against your skin. Hiking, climbing or just hanging out, it's a versatile style for cool weather adventures.

RETAIL FIXTURES & POS

FW24-25

FIXTURES

The importance of Retail Fixtures cannot be overrated. They not only enhance the store's appearance but also serve an important function in displaying merchandise. The right fixtures can make products more visually appealing and easier to find, which can lead to increase sales.

So, that's the reason to introduce you this wide offer of Fixtures, to make BUFF® products irresistible to our consumers, always counting with the support of the BUFF® signage programme. There is a science to visual merchandising and store fittings are the backbone.

PACKAGING

RECYCLED ENVELOPE

Ref. 533222

- Measures: 29,5x46 cm
- Made of recycled kraft paper.
- Value: 0,20 €/unit

RECYCLED BAG

Ref. 536677

- Measures: 28x35 cm
- Made of recycled kraft paper.
- Value: 0,20 €/unit

GIFT BOX

Ref. 536678

- Measures: 29x21x10 cm
- Cardboard box with automatic bottom
- Value: 1,5 €/unit

COTTON TOTE BAG

Ref. 537006

- Measures: 37x42 cm with 70 cm handles
- 100% cotton bag with the yellow logo printed.
- Value: 2,00 €

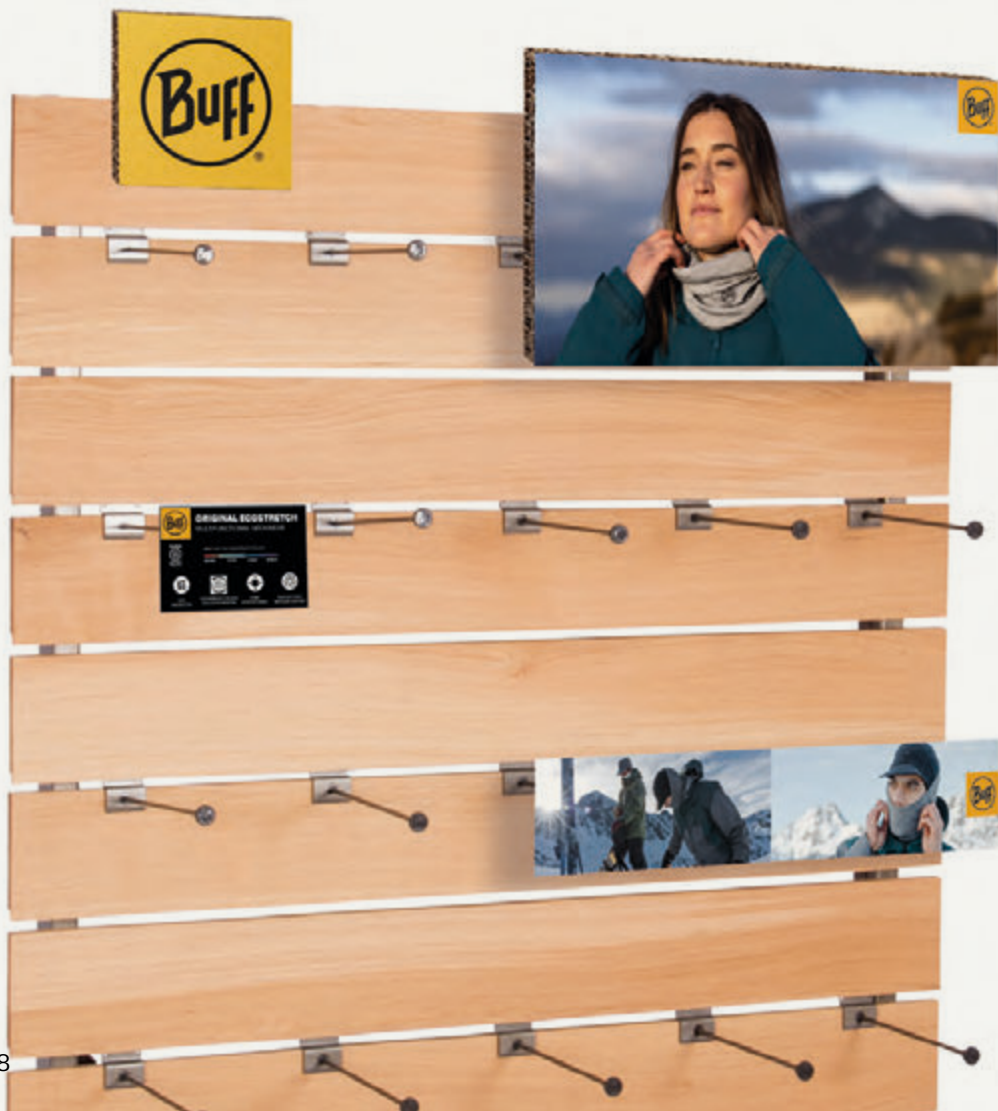

NOTE: *New tote bag design will be delivered after the stock of the old design is sold out.

IN-STORE SIGNAGE

This signage program has been created with the aim of encouraging you to enjoy life outdoors, showing some activities you can do with our products, what products are we offering and what their features are.

The entire signage program can be used in both BUFF® fixtures and in the most standard retail slat walls, as they follow the standard sizes of universal guides system.

FOR BUFF® FIXTURES

FOR STANDARD SLAT WALLS

SIGNAGE PROGRAM

1. YELLOW LOGO FOR FIXTURES

YELLOW LOGO FOR BUFF® FIXTURES

Our yellow logo printed on cardboard honeycomb with a hole in the back with exposed edges to cover the wood and metal logo of our existing fixtures.

Ref. **552353**
(Oak Wall display)
· Measures: 21x21 cm
· Value: 15,00 €

Ref. **552329**
(Gondola, Oak floor, Oak Counter)
· Pack of 2 units
· Measures: 16x16 cm
· Value: 19,00 €

YELLOW LOGO FOR STANDARD SLAT WALLS

Our yellow logo printed on cardboard honeycomb to be hung in a standard wall/slat wall in order to highlight the brand.

Ref. **554274**
· Measures: 23x23 cm
· Value: 12,00 €

SIGNAGE PROGRAM

2. HEADER SIGNAGE

- Display of 70 x 35 x 1,6 cms
- Printed in cardboard honeycomb, it is recommended to be used with the Header signage hook.
- The hook support is not included. It needs to be ordered separately.

The POW Collection

TECHNICAL FEATURES

FABRICS

COOLNET UV®

Proprietary fabric innovation made from recycled PET fibres. Lightweight, 4 way stretch fabric offers comfortable UPF 50 sun protection. HEIQ fabric treatment delivers temperature regulation and evaporative cooling properties for all levels of activity.

DRYFLX®

High performance, seamless, breathable and 4 way stretch fabric, now made from 72% recycled plastic bottles and car airbags. 360° reflectivity increases visibility in low light.

DRYFLX® PRO

Seamless, body mapped products designed for optimal warmth and breathability during high intensity activity.

ECOSTRETCH

Proprietary fabric innovation made from recycled PET fibres. 4 way stretch fabric offers light thermal insulation, UPF 50 sun protection and excellent breathability for year-round versatility.

GORE-TEX®

Soft and sustainable Windstopper® by GoreTex® Labs fabric combines a low lustre, recycled knitted face with a recycled microfleece backing and a PFC-free treatment. This innovative laminate fabric has a mechanical weft stretch property that is ideal for high-intensity activities in cold conditions.

POLYCOLON®

Polycolon® Is a refined, polypropylene-based, worsted-spun, long-staple yarn from Schoeller. It is lightweight, breathable, sweat-repellent and easy to care for, which makes it the ideal technical fabric for demanding sports.

It wicks moisture away from the skin and transports it to the second layer. This second layer can absorb or channel off the moisture, or allow it to evaporate. It is always comfortably dry on the skin, even when the wearer is sweating.

PRIMALOFT® BIO™

PrimaLoft® Bio™ is the first-ever biodegradable*, 100% recycled synthetic yarn. Designed to return to nature, it represents a sustainable solution for garment wear-and-tear, combatting microplastic shedding throughout its usable life.

PrimaLoft® Bio™ is designed to degrade in marine environments, reducing the impact of microplastics on our oceans.

MERINO WOOL

Responsibly sourced, mulesing-free Merino Wool feels soft against the skin, naturally resists odours and offers natural temperature regulation.

MERINO WOOL FLEECE

Responsibly sourced, mulesing-free Merino wool is converted into a soft, natural fleece with a 360° brushing technique.

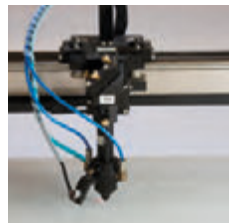

THERMONET®

Proprietary fabric that combines BUFF® knitting expertise with technical yarns from our partners at PrimaLoft®. The result is an extremely thin, lightweight fabric that retains body heat while wicking moisture away to deliver warmth without bulk.

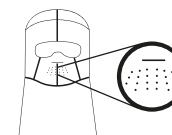

PRODUCT FEATURES

LASER CUT

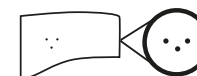

Laser cutting is a contact-less and tool-free process for fabric cutting. The laser beam melts the fabric and the results are clean, perfectly sealed edges.

IMPROVE BREATHABILITY

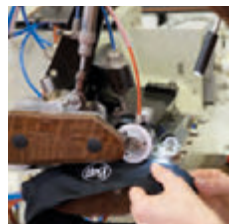

IMPROVE LISTENING

BONDING

Bonding is the process of joining pieces of fabrics using heat and pressure.

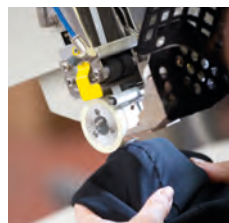

PREVENT SKIN IRRITATION BY ELIMINATING SEAMS

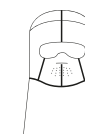

ULTRASONIC

Ultrasonic is an industrial technique whereby high-frequency ultrasonic acoustic vibrations are locally applied to fabrics being held together under pressure to create a solid-state weld.

PREVENT SKIN IRRITATION BY ELIMINATING SEAMS

TREATMENTS

HEIQ COOLING TECHNOLOGY

The HeiQ Smart Temp fabric treatment uses intelligent thermo-regulating technology triggered by body heat to maintain optimal body temperature.

POLYGIENE® (Stay fresh)

Highly effective antimicrobial technology that uses natural silver salt in low concentration to inhibit the growth of microorganisms for odor control.

At BUFF® we apply the latest in-house production technologies to achieve optimal fit, improved breathability and seamless comfort.

PRODUCT FEATURES

360° REFLECTIVITY

The reflective strip around the product illuminates to provide improved visibility in low-light conditions. Not intended for use as high-visibility personal protective equipment (PPE).

4-WAY ULTRA STRETCH

Elastic fabric that moves in all directions for improved comfort and freedom of movement.

ADJUSTABLE CLOSURE

Adjustable, snapback closure for a perfect fit that stays put.

ADJUSTABLE DRAWSTRING CLOSURE

Adjustable, elasticated fastener ensures the perfect fit for every size.

ANTI-FOG VENTILATION HOLES

Laser-cut holes over the mouth to improve breathability.

ARTICULATED FIT

Shaped, seamless construction for snug yet comfortable performance fit.

ATHLETE APPROVED DESIGN

Design developed in collaboration with one of our ambassadors.

BONDED SEAM

Heat-sealed seams that are flat to prevent irritation, for all-day comfort.

COMFORT FIT FACE OPENING

Laser-cut holes in mouth area improve breathability.

COMFORTABLE ALL-DAY FIT

Multifunctional for year-round used in all wear conditions.

CONVERTIBLE TO A BEANIE

Easily converts from adjustable neckwear to a beanie by pulling the subtle integrated drawcord.

CUFFED BEANIE

A cuffed design for a comfy, casual vibe.

ETHICALLY SOURCED WOOL

Ethically sourced Merino Yarn from sheep raised in Australia.

HEIQ COOLING TECHNOLOGY

HeiQ® Smart Temp is an intelligent thermo-regulating technology for fabrics, which is triggered by body heat to maintain optimal body temperature.

HELMET COMPATIBLE

Can be worn under a helmet.

INTEGRATED FACE COVER

Laser-cut holes in mouth area improve breathability.

LASER-CUT HOLES IN EARS

Laser-cut holes strategically placed over ears on windproof fabrics for improved hearing.

LIGHTWEIGHT ACTIVE WARMTH

High thermal insulation in a lightweight, breathable fabric, providing warmth without bulk for high intensity activities in very cold weather.

LIGHTWEIGHT BREATHABLE CONSTRUCTION

This fabric is designed to wick moisture out and allow air flow.

LOFTED THERMAL INSULATION/THERMAL INSULATION

Comfort and thermal warmth combine in a soft, cozy fleece fabric.

MADE WITH X% RECYCLED CONTENT

Fabric made from post-consumer waste materials.

MAXIMUM BREATHABILITY

This fabric is designed to wick moisture out and allow air flow.

MOISTURE-WICKING FABRIC / MOISTURE-WICKING SWEATBAND

Built-in inner band to wick sweat and moisture away.

NATURAL FLEECE

Innovative fabric that provides warm, natural alternative to synthetic fleece.

NATURALLY ODOR-RESISTANT

Fabric with fibres that naturally prevent the bacterial growth that can lead to smells.

NATURAL TEMPERATURE REGULATING

Natural Fibres that offer the highest temperature regulation.

PACKABLE CONSTRUCTION

Product designed to be folded when not in use and recover its shape when released.

PFC FREE

Weather-proof treatment that's kinder to the environment.

QUICK-DRY FABRIC / ULTRALIGHT QUICK-DRY FABRIC

Fabric wicks moisture away rapidly.

REFLECTIVE ELEMENTS FOR IMPROVED VISIBILITY

Reflective elements that glow when illuminated. The product is not intended for use as High Visibility Personal Protective Equipment.

RELAXED FIT

A laidback style with a modern, urban look.

REVERSIBLE

Product with the same aesthetic finish on both sides. Designed to be worn either right-side-out or inside-out.

SCHOELLER LABS ACTIVE WEAR TECHNOLOGY

A moisture-wicking, technical yarn that draws sweat away from the skin.

SEAMLESS 4-WAY STRETCH CONSTRUCTION

Seam-free elastic fabric that moves in all directions for improved comfort and freedom of movement.

SEAMLESS CONSTRUCTION

Seam-free, one-piece fabric ensures maximum comfort.

SILICONE GRIP FOR STAY-IN-PLACE FIT

Silicone strips or dots for a non-slip performance fit.

SMART-ZONE SEAMLESS TECHNOLOGY

Seamless, engineered construction with body mapping to deliver ideal warmth and breathability to different areas of the head and neck.

SOFT FLEECE

Cozy, comfy fleece for ultimate warmth on winter days.

SUPER MOISTURE MANAGEMENT

Fabric transfers sweat and moisture away from the body to keep the wearer dry and comfortable.

PRODUCT FEATURES

SWEAT REPELLENT TECHNOLOGY

Fabric wicks sweat and moisture to exterior where it can evaporate or be absorbed by outer layers away from the head.

UNIQUE ALL OVER PRINT

Unique all over print.

UPF 50 SUN PROTECTION

Delivering high protection from harmful rays.

VAPRGRID™ LASER-CUT BREATHING HOLES

VaprGrid™ air transport increases breathability and eliminates goggle fog.

WATER REPELLENT

Water beads off the fabric, providing protection against light rain.

WIND RESISTANT FABRIC

Product powered by Gore Tex®, designed to block the wind while maintaining breathability and comfort.

MADE IN BARCELONA

Produced in our homeland of Barcelona, either in our own factory or by local suppliers.

MADE IN EUROPE

Produced by suppliers in Europe.

HIGH THERMAL INSULATION

Fabric wicks sweat and moisture to exterior where it can evaporate or be absorbed by outer layers away from the head.

100% MERINO WOOL

Made with 100% natural, cruelty-free Merino wool.

ADJUSTABLE STRAP

Adjustable strap for the perfect fit.

NATURALLY TEMPERATURE REGULATING

Natural Fibers that offer the highest temperature regulation.

FIRM AND CURVED VISOR

A firm, curved visor for ultimate sun protection with a streamlined look.

PACKABLE CONSTRUCTION

Product designed to be folded when not in use and recover its shape when released.

PRODUCT CERTIFICATIONS

· OEKO-TEX®

The OEKO-TEX® Standard 100 is a globally uniform testing and certification system for textile raw materials, intermediate and end products at all stages of production. Its aim is to ensure products are free of harmful substances.

RECOMMENDED BY

· SKIN CANCER FOUNDATION

The Skin Cancer Foundation recommends this fabric as an effective UV protectant only for covered areas.

*Applicable only to the products with the Skin Cancer Foundation logo

COMPANY CERTIFICATIONS

· CERT ISO 9001

International standard mode specifying the requirements to establish a quality management system. Introducing constant improvement methods and process to enhance the product quality and customers satisfaction.

· CERT ISO 14001

International standard model specifying the requirements to optimize the resources use and minimize the environmental impact of the production process.

SIZE INFORMATION-NECKWEAR

· ADULT SIZE
