Dear retail partners,

We have been producing boots and shoes in Kirchanschöring for over 300 years. Our models represent tradition, craftsmanship and a tremendous passion for what we do. Our models represent quality. We are focusing on these values once again for the forthcoming winter season and together with our team we have developed highly functional and innovative models.

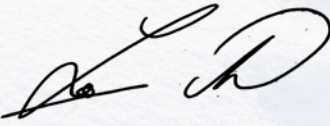

In our winter models especially, we have combined traditional materials with technical sophistication. The result is reliable and high-quality models that you and your customers can depend on.

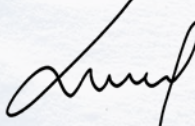

For us, longevity and reliability remain an important contribution to the prediction of resources and therefore also to the topic of sustainability. You will find all the details of this on our website at www.meindl.de/substainability-2/?lang=en.

In our Winter 2024/2025 collection, we offer you a broad selection of long-standing classics as well as new winter models. On the last few pages you will also once again find interesting additions to the current summer collection.

We wish you every success for the forthcoming season and we continue to trust in our excellent cooperation as partners.

Well-being for the feet

- Special fit with more space at the front of the boot and normal tight heel for optimum grip
- Comfort fit® footbed
- Full-length EVA-Dynamic soft wedge with integrated roller
- BOA® Fit System

Malta Walker (Boa®)

Comfort fit® concept

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The more defined contour enables easier rollover when walking.

- 1 More room for toes and more capacity.
- 2 More ball width and straight adjustment of the big toe.
- 3 Wider stance due to wider sole base.
- 4 Perfect fit due to the snug-fitting heel.
