REIMA WINTER 2026 APPAREL COLLECTION

A misty forest of evergreen trees, likely spruce or fir, with snow on the ground and branches. The scene is atmospheric and serene, with a soft, diffused light filtering through the trees. The text is centered in the middle of the image.

Weatherproofing kids
since 1944

There are no excuses.

Childhood is a unique time filled with free play and the joy of movement, but it's about much more than just having fun.

All that running, climbing, and getting wild helps build stronger bodies and sounder minds.

In a world facing challenges, Reima leads the way by encouraging kids to get outside. Why? Because science shows that kids will be happier and healthier when they grow up with an active lifestyle. To support this, we develop clothes and footwear that give kids the confidence to explore, fully protected and comfortable.

So, everyone, listen up: kids have the right to feel good, stay safe, and get active outdoors with Reima!

HIGHLIGHT CONCEPT

OUTSTANDING.

Blaze through winter
& enjoy the cold

Just like happy Finns, kids in
Reima can embrace the slush
and laugh their way through
blizzards.

Dressed to kill the chill,
these forerunners of durability
are ready for any winter thrill.
