WE'RE THE ORIGINAL. THE PIONEERS

Our founder, Joan Rojas, was looking for a protective solution to the sun, wind, and cold as he toured the country roads of Catalonia on his motorcycle. He tirelessly sketched and researched before landing upon the solution: a seamless microfiber tube.

Lucky for Joan, he was born in an area famous for textile manufacturing. In 1992, at his family's knitting factory - he produced the first samples of what would one day become our famous BUFF® neck gaiter. Word spread fast. This unique product was a game changer for outdoor lovers and soon fans were found everywhere.

Joan's spirit of invention and passion for adventure and the outdoors are still at the very heart of everything we do.

MADE IN BARCELONA CONCEPT TO CREATION

Located just outside Barcelona, our headquarters is a bustling design center, manufacturing and distribution facility.

[CLICK HERE](#)
or scan the QR code to learn more
about how our products are made.

DESIGN AND DEVELOPMENT

Our in-house design and production team work closely together to turn our customers' ideas and needs into reality. After receiving the client's creative brief and ensuring all details are clear, they manage everything from concept to sample quality validation, ensuring each product looks great and meets both the client's requirements and our high-quality brand standards.

MANUFACTURING

Once we receive the client's approval on our design proposal, our manufacturing team brings the design to life with precision and expertise. Utilizing a range of customization techniques, they oversee every step of the process, combining advanced machinery with skilled craftsmanship to ensure each item meets our exceptional standards.

PREPARATION AND SHIPPING

Our warehouse, located within our headquarters and manufacturing facility, efficiently distributes products to 68 countries. This centralized setup enhances control over quality, environmental impact, and social standards, ensuring smooth storage, preparation, and shipping.

PRODUCTS YOU CAN FEEL GOOD ABOUT

in 2023 we announced our B Corp certification with a score of 105.7, well above industry average.

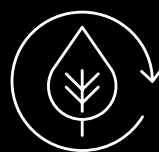

As of Spring 2024 all CoolNet UV® products is certified by 1% for the planet.

LOW IMPACT

The seamless construction of our multifunctional neckwear creates zero fabric waste in the manufacturing process.

77%

77% of sales in 2024/25 came from more responsible materials, including 85%+ recycled and natural materials.

53M

Since 2018, we've recycled over 53 million plastic bottles into products.

CARBON NEUTRAL

In 2023, we achieved carbon neutrality in all our direct operations and are supporting a project to preserve the habitats of endangered species in the Yacumama Forest in Perú.

ARTWORK OPTIONS

1 LOGO PROGRAM

If your idea is simple yet impactful and you don't require a full artwork design, download our template featuring various preset logo layouts and backgrounds. Mix and match them to create a unique product that perfectly aligns with your brand identity. Simply share your selection along with your high-resolution logo, and we'll take care of the rest.

Key benefits include:

- Faster delivery times
- Minimum order quantities starting at just 50 pieces for EcoStretch and CoolNet UV® Neckwear.

[CLICK HERE](#)

Download our logo program guide.

3 ARTWORK BY BUFF®

Whether or not you have a designer on your team, you can count on the expertise of BUFF® designers to bring your ideas to life. Simply share your brief along with any inspiration or concepts, and our skilled team will craft a custom design that perfectly aligns with your brand. With extensive experience in neckwear design, we'll ensure your product is not only visually striking but also expertly crafted to meet your expectations.

2 ARTWORK BY CLIENT

If you are a designer or have one on your team, you can create your own Custom BUFF® Neckwear. Download our Adobe Illustrator template using the QR code, design your unique artwork, and send us the final file. We'll handle the production to bring your design to life.

Download the template.

PROJECT: CLUB ALPIN 2024
DESIGNER: Emilio López
PRODUCT: Original EcoStretch

"Working on the design for Club Alpin was an incredibly stimulating experience.
Under the slogan 'Esprit Club Alpin', the project needed to capture the essence of an extraordinary group of people whose core values are adventure, discovery, respect for nature, and the joy of sharing these experiences as a community—values that closely align with BUFF®. Their environment, the Alps, serves as the unparalleled backdrop for their activities and became the starting point for incorporating their roots into our design.
One of the biggest challenges was achieving a visual balance between a minimalist style and the need to include eye-catching elements without overwhelming the design. Through constant trials and adjustments, we created a design that not only meets these goals but has also received an overwhelmingly positive response from their audience.
This project provided an excellent opportunity to innovate and push myself professionally."

AIRLINES

BUFF® x Airlines – Stylish Travel Accessories with Added Value.

BUFF® collaborates with airlines like Lufthansa, Austrian Airlines, and LEVEL to offer high-quality accessories available for purchase onboard, in retail stores, and through the Miles & More rewards program, where passengers can redeem points for BUFF® products.

Crafted from soft, breathable materials, BUFF® accessories provide warmth and comfort during flights, protecting against fluctuating cabin temperatures and destination conditions. Designed to match each airline's corporate colors, these stylish items seamlessly blend functionality with branding, making them desirable travel companions.

This partnership has been highly successful, with BUFF® products popular among passengers seeking practicality and elegance. By enhancing the travel experience, BUFF® has solidified its reputation as a trusted, stylish accessory for global travelers.

CUSTOM PACKAGING

CIMALPES

BUFF® x Cimalpes – A Partnership in Alpine Luxury and Guest Experience.

Cimalpes, a leader in luxury real estate and tourism in the French Alps, partners with BUFF® to enhance guest experiences with a co-branded, limited-edition neck gaiter. This exclusive gift, presented each winter season, is designed in Cimalpes' corporate colors and features alpine landscapes inspired by their properties, complementing the luxurious mountain environment.

The neck gaiter, with custom packaging, creates a sophisticated unboxing experience that reflects Cimalpes' hospitality standards. Ideal for skiing, hiking, and outdoor pursuits, it blends practicality with style, becoming a cherished companion for guests.

This collaboration aligns BUFF®'s high-performance quality with Cimalpes' luxury ethos, fostering brand loyalty and enhancing alpine adventures, while offering BUFF® exposure to an upscale audience.

CUSTOM PACKAGING

XCARET

BUFF® x Xcaret – Enhancing the Guest Experience and Uniforming Staff in Mexico's Premier Eco-Park.

BUFF® has partnered with **Xcaret**, Mexico's renowned eco-archaeological park, located in the jungle with stunning settings like underground rivers and the Caribbean Sea. Celebrating Mexican culture and nature, Xcaret provides an ideal venue for BUFF® to showcase its high-quality products.

This collaboration includes providing custom uniforms for park staff and selling BUFF® accessories in souvenir shops. The uniforms ensure comfort and functionality for diverse environments, while BUFF® products enhance visitors' experiences, offering practical solutions for exploring attractions or enjoying nature.

BUFF® items have become popular souvenirs, blending utility with memories of Xcaret. This partnership supports park operations and conservation efforts, aligning both brands in celebrating culture, protecting the environment, and enhancing guest experiences in a world-class destination.

CUSTOM PACKAGING

TELEFERICO DEL TEIDE

BUFF® x Teleférico del Teide – Essential Gear and Lasting Memories from Spain's Iconic Summit.

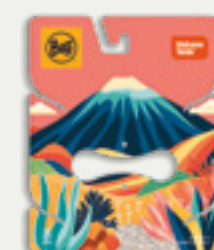

BUFF® has collaborated with **Teleférico del Pico del Teide**, the cable car company that transports visitors to Spain's highest peak, to create a co-branded collection of outdoor accessories. Packaged in custom retail cardboard, these items are sold in the peak's retail store, serving three million annual visitors to Teide National Park.

Combining function and sentiment, the accessories provide essential warmth for travelers transitioning from Tenerife's warm beaches to Teide's cooler 3,700-meter summit. They also serve as meaningful souvenirs, reflecting the island's volcanic character.

This partnership supports the store's revenue and Teleférico's mission of educating visitors about the region's natural beauty. BUFF®'s dedication to nature enhances this shared goal, creating lasting connections to Tenerife's iconic landscape.

CUSTOM PACKAGING

QUALITY FABRICS

100%
MERINO WOOL

MERINO

The wisdom of nature woven into an extremely warm and comfortable technology. Merino Wool is naturally antibacterial and the key source in creating a collection of woolen products with high versatility, comfort and absorption capacity. Produced using exclusively renewable resources and cruelty free processes.

BIO FLEECE

PRIMALOFT® BIO FLEECE

The first ever biodegradable, 100% recycled synthetic insulation and fabric. Designed to return to nature, it represents a holistic, sustainable solution for garment wear-and-tear, and eventual end of life.

PRIMALOFT®
INSULATING FIBER

THERMONET

ThermoNet® is an in-house developed fabric that brings together the knitting tradition at BUFF® with technical yarns from our partners at PrimaLoft®. The result is a extremely thin, lightweight fabric retains body heat while wicking moisture away.

TECHNOLOGIES WE USE

SMART NATURAL
COOLING & ODOR
CONTROL

HEIQ SMART TEMP

Is a revolutionary textile technology that provides fabrics with the ability to interact with body temperature and dynamically respond to body heat. The cooling function is activated when the wearer is hot and sweaty and deactivated once cooling is complete.

SMART NATURAL
COOLING & ODOR
CONTROL

HEIQ SMART MINT

The plant-based deodorizer HeiQ Mint controls malodor development on textiles, providing fabrics with a long-lasting odor control capability that keeps textiles smelling fresh all day long.

4-WAY
ULTRA STRETCH

ULTRA STRETCH

UltraStretch technology features a highly elastic fabric that moves in all directions, delivering superior comfort and freedom of movement. All accessories incorporating this technology are designed for versatile use, adapting to multiple wearing styles and combining performance with flexibility in one innovative product.

PRODUCT FEATURES

- 

4-WAY ULTRA STRETCH
Elastic fabric that moves in all directions for improved comfort and freedom of movement.
- 

SEAMLESS 4-WAY STRETCH CONSTRUCTION
Seam-free elastic fabric that moves in all directions for improved comfort and freedom of movement.
- 

STRETCH FABRIC
Bi-directional elastic fabric for enhanced fit and comfort.
- 

ADJUSTABLE CLOSURE
Adjustable, snapback closure for a perfect fit that stays put.
- 

BONDED SEAM
Heat-sealed seams that are flat to prevent irritation, for all-day comfort.
- 

COMFORTABLE ALL-DAY FIT
Throw it on, forget about it. Designed for comfort, all day long.
- 

CM WIDTH
Headband width.
- 

LASER CUT VENTILATION HOLES
Strategically placed laser cut holes or lateral openings to enhance head ventilation.
- 

ETHICALLY SOURCED WOOL
Merino wool sourced from mulesing-free suppliers.
- 

HELMET COMPATIBLE
Can be worn under a helmet.
- 

LIGHTWEIGHT ACTIVE WARMTH
High thermal insulation in a lightweight, breathable fabric, providing warmth without bulk for high intensity activities in very cold weather.
- 

100% MERINO WOOL - X GM²
Made with 100% natural, cruelty-free Merino wool.
- 

MADE WITH X% RECYCLED CONTENT
Fabric made from post-consumer plastic bottles. Bottles are retrieved after use, cleaned, processed and converted into fibres for making technical fabrics.
- 

MOISTURE-WICKING SWEATBAND/ MOISTURE-WICKING FABRIC
Built-in inner band to wick sweat and moisture away.
- 

NATURALLY ODOR-RESISTANT
Fabric with fibres that naturally prevent the bacterial growth that can lead to smells.
- 

PRIMALOFT® INSULATING FIBER
A PrimaLoft® yarn lining makes for a supremely cozy piece of kit.
- 

PRIMALOFT® BIO FLEECE
PrimaLoft® Bio™ is the first-ever biodegradable*, 100% recycled synthetic yarn. Designed to return to nature, it represents a sustainable solution for garment wear-and-tear, combatting microplastic shedding throughout its usable life. PrimaLoft® Bio™ is designed to degrade in marine environments, reducing the impact of microplastics on our oceans.

- 

QUICK-DRY FABRIC/ ULTRALIGHT QUICK-DRY FABRIC
Fabric wicks moisture away rapidly.
- 

REVERSIBLE
Product with the same aesthetic finish on both sides. Designed to be worn either right-side-out or inside-out.
- 

SOFT COMFORT FABRIC
Soft against the skin, zero chafing and all-day comfort.
- 

SMART NATURAL COOLING & ODOR CONTROL
Clever cooling technology that uses natural mint to maintain freshness.
- 

THERMAL INSULATION/LOFTED THERMAL INSULATION/HIGHT THERMAL INSULATION
Fabric wicks sweat and moisture to exterior where it can evaporate or be absorbed by outer layers away from the head.
- 

NATURAL TEMPERATURE REGULATING
Natural fibres that offer the highest temperature regulation.
- 

UPF 50 SUN PROTECTION
Provides UV protection in accordance with standard AS/ NZ4399:2017. Certified as CE, personal protective equipment (PPE) against natural UV radiation with results achieving UPF >50 (98% UV protection). Protection may be weakened if product is stretched, wet or cold. See USER INFORMATION attached to the product for complete information.
