JUMP INTO NATURE

EN/

The perfect companions for memorable adventures

Trezeta shoes are the ideal companion for experiencing everyday adventures in freedom with the entire family. Whether you want to escape and immerse yourself in nature, go hiking in the mountains, or be amazed by the beauty of a new city, Trezeta will be there to accompany you step by step. "Jump into nature" is an invitation for the entire family to immerse themselves in new experiences, rediscover the joy of the little things that can be found everywhere, and be amazed once again. Get ready to embark on your journey and create unforgettable memories with us.

READY TO JUMP?

IT/

Il compagno perfetto per avventure memorabili

Le calzature Trezeta sono il compagno ideale per vivere in libertà le avventure quotidiane con tutta la famiglia. Che tu voglia evadere e immergerti nella natura, fare escursioni in montagna o lasciarti meravigliare dalle bellezze di una nuova città, Trezeta sarà lì per accompagnarti passo dopo passo. "Jump into nature" è un invito per l'intera famiglia ad immergersi nelle nuove esperienze per riscoprire la gioia delle piccole cose che possiamo trovare ovunque e lasciarsi sbalordire ancora una volta. Preparati ad intraprendere il tuo viaggio e a creare dei ricordi indimenticabili insieme a noi.

PRONTO A SALTARE?

COLLECTION OVERVIEW

water STOPPER

EN/
The exclusive Water Stopper technology by Trezeta features a thin polyurethane membrane, treated to guarantee full waterproofness. It is made by 3 layers: a protective anti-abrasion outer layer, the membrane in the middle and an internal layer, made of comfortable, breathable mesh. Water Stopper means waterproofness and climate comfort at the same time. As water is repelled to the outside, moisture is free to escape from the shoe, letting feet breathe.

IT/
L'esclusiva tecnologia Water Stopper di Trezeta consta di una sottile membrana poliuretanicca, trattata per garantire perfetta impermeabilità alla calzatura. La tecnologia si sviluppa in 3 strati: uno strato esterno protettivo e anti-abrasione, il sottilissimo foglio di membrana e uno strato interno in mesh, confortevole e altamente traspirante. Water Stopper è sinonimo di completa impermeabilità e comfort climatico. Come l'acqua viene respinta all'esterno, così l'umidità del sudore è libera di uscire, lasciando respirare il piede.

BACK PACKING

EN/

Our connection to nature goes beyond mere visitation; it is our true home. The adventurous spirits of backpackers, survivalists and bushcrafters have influenced Trezeta's creation of the Backpacking line.

A range of tough, rugged and durable boots designed to endure challenging hikes in any weather condition. Our brown shoes with their evergreen design will add a timeless look to your outdoor adventures.

IT/

Il nostro legame con la natura va oltre la semplice visita; è la nostra vera casa. Lo spirito avventuroso dei backpacker, dei survivalisti e dei bushcrafters ha influenzato la creazione della linea Backpacking di Trezeta.

Una gamma di scarponi resistenti, robusti e durevoli progettati per affrontare escursioni impegnative in qualsiasi condizione meteorologica. I nostri iconici scarponi dal colore marrone e dal design intramontabile aggiungeranno un aspetto senza tempo alle tue avventure.

TRAVEL & LIFESTYLE

EN/

Our journeys have the power to shape us more than we think. Trezeta's Travel & Lifestyle footwear line caters to the wanderlust-driven, those who eagerly board planes and jet off to uncover uncharted lands or simply out-of-town trips. When you wear Trezeta shoes, you fully immerse yourself in the energy of a new city, capturing its essence and experiencing it in its entirety with comfortable, adaptable footwear on your feet.

IT/

I nostri viaggi hanno il potere di plasmarci più di quanto pensiamo. La linea di calzature da viaggio e lifestyle di Trezeta si rivolge a chi è guidato dalla voglia di avventura, a coloro che salgono a bordo di un aereo e si lanciano alla scoperta di terre inesplorate o semplicemente a chi fa brevi gite fuori città. Quando indossi le scarpe Trezeta, ti immergi completamente nell'energia di una nuova città, catturandone l'essenza e vivendola appieno con calzature comode e versatili ai tuoi piedi.

VIBRAM® OUTSOLE

VIBRAM® WINKLER EVO

EN/ Vibram® Winkler Evo is a rubber sole produced in Vibram® TREK compound featuring the classic Winkler design. High resistance to wear and excellent grip on varied surfaces.

IT/ Vibram® Winkler è una suola in gomma caratterizzata dal classico disegno Winkler di Vibram®. Ottima resistenza all'usura ed elevato potere antiscivolo.

VIBRAM® MULTILAND

EN/ The tread has a large contact zone at the front to improve grip on the ground and the multitraction blocks ensure excellent grip on all types of terrain.

IT/ Il battistrada è dotato di un'ampia zona di contatto nella parte anteriore per migliorare l'aderenza al suolo e i tasselli multitraction assicurano un ottimo grip su ogni tipo di terreno.

VIBRAM® TSAVO

EN/ Rubber sole featuring the new Vibram® Multitraction lugs (which guarantee 360° grip).

IT/ Suola in gomma caratterizzata dallo speciale design Multitraction di Vibram® che garantisce una tenuta a 360°

VIBRAM® ROTHORN

EN/ Offers excellent grip on multiple surfaces and special resistance to temperature changes. Ideal for a long wear, it features a large contact toe for perfect grip and reinforced toe bumper.

IT/ Offre un grip eccellente ed una speciale resistenza ai mutamenti di temperatura. Ideale per un utilizzo prolungato, presenta un'ampia zona di appoggio per l'avampiede per consentire tenuta perfetta su superfici rocciose, cushioning ottimale.

VIBRAM® INVERNESS

EN/ Broad lugs for Maximal stability. Self cleaning open design to enhance grip and safety. High profile outsole for foot protection on rough terrains.

IT/ Ampia superficie di appoggio per la massima stabilità. Design aperto per autopulizia e sicurezza. Suola a profilo alto per la protezione del piede su terreni difficili.

VIBRAM® TORK

EN/ The Vibram® Tork outsole features a thick, self-cleaning tread pattern - ideal for tackling challenging, uneven terrain.

IT/ Il battistrada Vibram® Tork è caratterizzato da una tassellatura spessa dal potere autopulente, adatta ad affrontare terreni impegnativi e fondi sconnessi.

VIBRAM® PAW

EN/ Overall stability and performance for kids. Vibram® Paw Kid is a two-colour compound sole for walking shoes intended for children.

IT/ La Vibram® Paw Kid è una suola bicolore ideale per la camminata del bambino. Stabilità e performance totale per i più piccoli.

VIBRAM® DOM

EN/ The two-tone Vibram® Dom sole features a dense tread pattern that guarantees maximum grip underfoot - even on wet, slippery terrain.

IT/ La suola bicolore in Vibram® Dom è caratterizzata da una tassellatura fitta che garantisce massimo grip in fase di camminata anche su superfici umide, bagnate e sdruciolevoli.

VIBRAM® FOURÀ

EN/ Rubber sole featuring the classic trekking design by Vibram®. For its high non-slip capacity, together with the reinforced toe cap, the undercut heel and the carved waist.

IT/ Suola in gomma dal classico disegno Trekking di Vibram®. Elevato potere antiscivolo, unito al puntale di rinforzo e al battistrada particolarmente scolpito.

VIBRAM® PREDATOR II

EN/ Sole featuring with Ecostep. The result is a quality outsole which delivers all-day comfort for travelling, outdoors and everyday use.

IT/ Suola con mescola Ecostep. Il risultato è un battistrada di qualità, adatto all'uso prolungato in viaggio, all'aperto e nella vita di tutti i giorni, che facilita la naturale rollata del piede.

VIBRAM® ecOSTEP COMPOUND

EN/

Vibram has always researched new solutions that respect the environment. With this mind, Vibram developed in 1994 a pioneering eco-compound Vibram ECOSTEP that is suitable for the soles of light outdoor, and casual footwear. Capable of reducing both waste and the use of virgin materials for, ECOSTEP is the world wide recycled rubber reference for soling applications.

The rubber scrap generated by our production process is recycled in order to produce the Vibram ECOSTEP family of compounds, The materials re-used in Vibram ECO compounds can also be used in other applications such as the bottom of motorways in order to lower the noise level, or as playground surfacing to soften the impact of falls.

BENEFITS:

- Made from a minimum of 30% recycled rubber
- High-quality compound formulation
- Embodies VIBRAM's dedication to environmental conservation

IT/

Vibram è da sempre alla ricerca di nuove soluzioni che rispettino l'ambiente.

Con questa idea, Vibram ha sviluppato nel 1994 una pionieristica eco-mescola, Vibram ECOSTEP, che è adatta per le soles di calzature per uso light hiking e casual. Capace di ridurre sia gli sprechi che l'uso di materiali vergini, ECOSTEP è il riferimento mondiale della gomma riciclata per le applicazioni sulle soles.

Lo scarto di gomma generato dal nostro processo produttivo viene riciclato al fine di produrre la famiglia di mescole Vibram ECOSTEP. I materiali riutilizzati nelle mescole Vibram ECO possono essere utilizzati anche in altre applicazioni come il fondo autostradale al fine di abbassare il livello di rumore o come superficie di un parco giochi per attenuare l'impatto delle cadute.

BENEFITS:

- Realizzato con almeno il 30% di gomma riciclata
- Formulazione della mescola di alta qualità
- Incarna la dedizione di VIBRAM alla conservazione ambientale

woman SPECIFIC

EN/

Volumes, design and materials. All is studied according to women's anatomy and taste, in order to guarantee excellent comfort and performance, with a captive look.

IT/

Volumi, design e materiali. Tutto è progettato attraverso un attento studio dell'anatomia del piede femminile e del gusto della donna, per garantire comfort e prestazioni eccellenti e un look accattivante.

EN/

- Soft, breathable leather and textiles
- Specific women's last, by Trezeta
- Tapered toe-box
- Higher heel-to-toe drop
- More flexible insoles
- Specific footbed

IT/

- Pelle e materiali morbidi e traspiranti
- Forma specifica per la donna, studiata da Trezeta
- Puntale affusolato
- Maggiore altezza del tacco
- Sottopiedi più flessibili
- Plantare specifico
