THE GOALKEEPING SPECIALIST FOR WINNERS

Exactly **50 years** after the legendary first ever Reusch World Cup victory in Germany, 2024 saw Reusch winning another historic title, with **Unai Simón crowning himself European Champion with Spain**. Overall, the world's best goalkeepers in Reusch gloves have brought home a total of **6 World Championships, 7 European Championships, 6 Copa América and 5 UEFA Champions League wins** among many more national and international trophies. And we and our goalkeepers are not going to stop here. 40 years after **Nery Pumpido's glorious win at the World Championships in Mexico 1986**, Reusch keepers are setting out on the same ground to follow his example at the World Cup 2026.

From the very beginning, Reusch set out to make the best, high-quality goalkeeper gloves. In the dynamic and demanding world of sports, we have adapted to changing technologies, overcome challenges, given our best and stayed true to our values year after year.

Today, the gloves crafted by Reusch are the trusted companions of many professional and amateur goalkeepers all around the world. This is proof that with passion, perseverance and our commitment to make top-quality products for keepers all over the world, we can overcome any challenge and achieve remarkable milestones.

OUR MAIN COLLECTION,
A FUSION OF INNOVATION AND EXPERTISE.

BE FRESH, BE VIBRANT, BE VISIBLE!

1 AdaptiveFlex Closure System

A two-layer construction consisting of a first elastic bandage around the wrist and a second layer resulting from an extension of the backhand fabric all the way to the opening. To provide flexibility, the upper layer is strategically cut on the back and the front of the wrist. This system stabilizes and supports the wrist while enhancing freedom of movement.

2 PerformSkin Fabric

This supple and flexible yet structured material offers increased breathability and volume for best wearing comfort.

3 Latex Punch Zone

Light and durable punching zone made of latex material, resulting in a very robust and at the same time highly flexible backhand.

4 Ventilation Channels

Strategically placed small holes in the latex gussets guarantee constant ventilation and cool hands.

5 Pre-Shaped Construction

The anatomical shape of the glove and the slightly spread fingers enhance the glove's wearing comfort and support a natural catching position.

6 Elastic Strap

Premium strap consisting of two pieces that are connected by an elastic textile insert. The special shape and material-mix guarantee a highly precise fastening.

7 Extended Grip Zone

The expansion of the palm latex enlarges the latex-to-ball contact zone for optimized grip.

8 Double Thumb Wrap

The palm latex wraps around the upper and lower side of the thumb to enlarge the grip area and creates an ergonomic shape.

9 3D Thumb Crotch

This rolled crotch construction between thumb and index finger avoids bothering seams and supports an ergonomic fit.

10 Thumbflex

A cut in the palm latex between thumb and index finger optimizes the flexibility of the thumb and the ergonomic shape of the glove.

11 Side Wrap

A wrapped construction of the palm latex on the outer side of the hand provides a precise fit and a bigger catching area.

FASTGRIP

• BE THE ONE •

*DON'T BE DEFINED BY YOUR
OPPONENT'S PACE - BE FASTER.*

1 AdaptiveFlex Closure System

Inspired by our patent pending closure system, we optimized the AdaptiveFlex for our second-skin fit construction. This two-layer system features an elastic bandage for unrestricted flexibility and an integrated strap on top wrapping around the wrist and providing reliable stability and fixation.

2 Hybrid Negative Cut

Negatively stitched glove construction with wrapped latex around the index finger and the pinkie for best ball control.

3 Second Skin Fit

Our lightweight, highly flexible, breathable and snug-fitting glove construction provides ultimate agility and thus maximum control.

4 PerformSkin Fabric

This supple and flexible yet structured material offers increased breathability and volume for best wearing comfort.

5 Double Thumb Wrap

The palm latex wraps around the upper and lower side of the thumb to enlarge the grip area and create an ergonomic shape.

6 Integrated Strap

The special construction of the glove's upper material around the wrist offers a secure fixation and boasts a clean look.

Extended Grip Zone

The expansion of the palm latex enlarges the latex-to-ball contact zone for optimized grip.

Side Wrap

A slightly wrapped construction of the palm latex on the outer side of the hand provides a snug fit and a bigger catching area.

Pull Loop

A slim textile loop on the inner side of the cuff ensures an easy entry into the glove.

Glove Cuts

Hybrid Negative Cut

Negatively stitched glove construction with wrapped latex around the index finger and the pinkie for best ball control.

Roll Finger Cut

The Roll Finger cut is characterised by the palm latex being completely rolled around the inner side of the fingers. This feature provides the largest possible catching area.

Evolution Cut

The latex is seamlessly rolled around the fingertips for a precise fit, best ball control and maximized latex-to-ball contact area. An outer-seam construction in the lower finger parts offers an ergonomic fit, breathability, softness and flexibility.

Evolution Negative Cut

The latex is rolled around the fingertips for a tight fit, best ball control and maximized contact area. An inner-seam construction in the lower finger parts offers a tight, soft, flexible and ergonomic fit.

Negative Cut

The backhand and palm of the glove are negatively stitched with gussets and sidewalls. Besides offering a smooth look, this specific design guarantees a snug fit and enhances ball control, delivering a natural feel to the keeper's hand.

Expanse Cut

Outer seams enlarge the palm surface of this flat cut and so increase the latex-to-ball contact area.

Reusch Grip Latex

PRO

Pro palm foams refer to highly performing, Reusch exclusive foams combining our best latex in terms of grip with additional and special features to achieve exceptional performances.

ADVANCED

Advanced foams guarantee a very good grip suitable for competitive usage.

INTERMEDIATE

Intermediate palm foams deliver a very reliable grip that stands up to intermediate levels.

RECREATIONAL

Foams developed for recreational use that deliver very good performances in terms of durability.

B2B Portal & Virtual Showroom

Get your access

from your
Reusch
contact!

Our service B2B portal is an online shop for business customers.

Unlike telephone, e-mail or fax orders, the platform immediately offers an availability overview. The system is connected to our ERP system and is updated every 15 minutes. Any dealer with an active access can order around the clock.

WHY SHOULD YOU USE OUR SERVICE PORTAL?

- Order at any time of day or night, regardless of your or our office hours.
- Simple overview of the available sizes and colours. Modern, simple and fast processing - no waiting times on the phone.
- Print option and electronic archiving of all orders.

GET YOUR ACCESS NOW:

Either contact your field representative (service@reusch.com), or request access directly through <https://b2b.reusch.com>. You will receive your access data within 24 hours.

<https://b2b.reusch.com>

Virtual Showroom

With the developed Reusch Virtual Showroom we provide our partners with maximum content and all needed assets of our goalkeeping collection GK 26. The platform offers details, pictures of each single article as well as product and information videos, key campaign visuals and a download section including presentations, and simply all relevant documents for clients, sales force and business partners.

Glove Care

7 STEPS to treat goalkeeper gloves right

As highly technological and delicate products, goalkeeper gloves deserve and need special attention. Following some basic rules when choosing, playing, cleaning and storing the gloves will help maximizing their performance and durability.

01. Choose the right gloves for your needs

- Take the gloves that are made for the type of surface you regularly play on and the weather conditions you will face the most.
- Select the palm foam that best corresponds to your needs. Even though all Reusch palms are made of high-quality materials, they differ in terms of grip, cushioning and durability, depending on the material composition of the foam.
- Check the additional features of the glove that can help you improving your performance.
- Decide whether you want finger protection or not.
- Choose your preferred cut.
- Pick the right size.

02. Wash before first use

- Never forget about this! In order to eliminate any remaining soap necessarily used in the production process, the gloves must be cleaned with warm water before first using them.
- Only after this procedure the gloves attain their fullest grip properties.

03. Moisten before playing

- Rinse Aqua gloves with warm water (preferably between 35–40°C) one to two hours before using them, in order to activate the Hydrograins inside the palm foam.
- Moisten all types of goalkeeper gloves before playing.
- Keep the gloves in slightly wet condition during use.

04. Clean after playing

- Wash the gloves with warm water (around 35°C) after playing in order to eliminate dirt that decreases the grip properties of the gloves.
- Do not use aggressive solvents or harsh cleaners.
- Wash by hand and not in the washing machine.
- For a perfectly clean glove, additionally use special glove wash.

05. Dry at room temperature

- Let the gloves dry at room temperature.
- Keep away from radiators or other sources of direct heat, which would deteriorate the latex.

06. Store in appropriate location

- Do not expose gloves to UV radiation like intense sunlight or light from fluorescent tubes, as this can impair the grip and durability of the latex layer.
- Store the gloves in a cool, dark and dry place.
- Goalie bags are the perfect storage items for your gloves.

07. Use until completely worn-out

- Very soft palm foams can show first signs of usage already after a small period of use.
- The performance and the grip properties of the glove remain untouched until the palm is totally worn out.

Size Chart

JUNIOR AGE	SIZE
5 - 6	3,5
6 - 7	4,0
7 - 8	4,5
8 - 9	5,0
9 - 10	5,5
10 - 12	6,0
12 - 14	6,5
14 - 16	7,0

The size charts will help you to estimate your individual size. Please consider them only as approximate values. For a perfect fit it's of utmost importance to try the product on.
