# THERE'S MORE OUT THERE

Inspired by Nordic sports and our founder's passion to push boundaries, Odlo exists to heighten every outdoor experience. We design base layers without equal and all-season apparel that drives outdoor devotees to go for more, more often, in comfort.

We live for the limitless potential of personal podiums and shared experiences. And from the Swiss Alps, we develop clothing for those who know that whatever lies ahead – there's always more out there.

# OUR JOURNEY

**1946**

Odd Loftered Sr. founds Odlo in Norway.

**1964**

Odlo's nylon cross-country race suit revolutionises the sport. It is proudly worn by the entire Norwegian national team at that year's Olympic games.

**1972**

At the Sapporo Olympics, 25 teams wear the Odlo Thermic - the first fully synthetic base layer that keeps athletes comfortable. Athletes and teams (in this, the pre-sponsorship era) pay to race in the apparel themselves.

**1986**

Odlo moves to Switzerland and launches the groundbreaking three-layer principle.

**1994**

The Company expands into running and outdoor products. That same year, Odlo introduces a recycling guarantee.

**2002**

Odlo "effect" fabric becomes the first base layers to contain odour-reducing silver ions.

**2008**

Odlo joins the Fair Wear Foundation.

**2011**

Odlo completes its first Life Cycle Assessment on one of its base layers - the Evolution Greentec. It's the first seamless base layer made from 100% recycled materials.

**2016**

Odlo celebrates its 70th anniversary and introduces a new brand claim, "Engineers of Active Layers since 1946."

**2017**

Odlo launches the pioneering Ceramicool technology which uses the cooling properties of ceramic in clothing.

**2018**

More innovation follows with Ceramiwool, Ceramiwarm and F-Dry. Also that year, a groundbreaking collaboration with Zaha Hadid Design.

**2019**

Odlo introduces I-THERMIC, the first intelligent Thermal Technology that analyses body heat to regulate when needed.

**2021**

Odlo invests heavily in solar panels at its German distribution facility as it prioritises clean energy use. That same year, Odlo is awarded Leader status by the Fair Wear Foundation for the 6th consecutive year.

**2023**

Martin Fourcade is named global brand ambassador. The company rebrands with the tag, "There's More Out There." Meanwhile, under CEO Daniel Eppler, the company sets six strategic priorities - Sustainability among them. Additionally, the Company commercialises a base layer partnership with Burton Snowboards.

**2024**

Odlo celebrates its partnership with Team Odlo X-Alpi with the release of Out For More, a web series. Later in the year, it furthers its brand awareness with a campaign that celebrates the joy of the outdoors with champion biathletes, the Gasparin Sisters.

# OUR LAYERING SYSTEM

## BASE LAYER

Transport - keeps you dry

The first layer, which is in direct contact with the skin, regulates your body temperature. It keeps you dry with modern functional fibers and innovative fabric structures.

## MID LAYER

Insulation - keeps you warm

This layer is designed to retain heat. Natural and synthetic insulating materials ensure that you stay at a comfortable temperature.

## OUTER LAYER

Protection - protects you from the weather

The outer layer protects you from the elements. You get a combination of rain protection, wind protection and breathability.

## PERFORMANCE

Quick-drying, lightweight base layer made from environmentally friendly synthetic fibers for high-intensity activities.

- Performance light
- Performance warm
- I-Thermic x-warm

## ACTIVE

Base layer for the whole year made from environmentally friendly synthetic fibers. Keeps you dry and comfortable for unlimited fun during all low and medium intensity activities.

- Active F-Dry light
- Active warm
- Active x-warm

## MERINO

Base layer made from 100% natural fibers for nature-loving athletes. Soft, quick-drying and with natural temperature regulation.

- Merino 160
- Merino 200
- Merino 260

## NATURAL PERFORMANCE

The best of both worlds: base layers made from blended fibers that are lightweight, robust and quick-drying.

- Merino PW 140 seamless
- Natural Performance PW 150
- Revelstoke PW 150

## XWARM

Insulates, warms and protects the body, even in cold conditions.

## WARM

For comfortable warmth in cold conditions.

## LIGHT

For the optimal body climate all year round and during every activity.

## XLIGHT

Keeps the body cool on hot days and during intense activities.

# SPORTS UNDERWEAR

ULTIMATE COMFORT.  
UNRIVALLED FUNCTION.

Feature	Benefit	Additional info
		<ul style="list-style-type: none"><li>Eco styles (Recycled fabrics/fibres)</li></ul>
<p>Our Medium Support Bra is a medium support style using a soft and comfortable recycled jersey fabric. We've included removable pads and a wide lower band using the same jersey fabric with an internal soft elastic. With the addition of mesh inserts to further increase breathability and comfort, this a very versatile training piece for low to medium intensity workouts.</p>

Engineered for peak performance, the Padded High 2.0 Sports Bra delivers the highest level of support in the ODLO range. Designed with versatility and comfort in mind, it features adjustable straps that can be worn straight or crossed at the back for a personalized fit, along with an adjustable back clasp for added convenience. Crafted with a sleek, appealing design, it combines bonded and mesh elements at the front for a modern look and enhanced breathability. The soft, moisture-wicking fabric—partially made from recycled materials—offers excellent comfort and dries quickly to keep you feeling fresh during even the most intense workouts. Perfect for all high-intensity sports.

| • Preshaped hood              |                   |

Inspired by the anorak, this is a fully-recycled windproof jacket that keeps up with your lifestyle. The Essentials windbreaker is in for all of it: Hiking. Commuting. Travel days. The ultra-versatile layer is made from 100 per cent recycled woven ribstop fabric, weighing next to nothing. A full-zip centre front opening. Side pockets for additional storage, an adjustable elastic around the hem and a hood complete the look. For added convenience, it can even pack into its own front pocket when you no longer need it. A trend-forward piece you'll enlist to handle cool breezes with cool confidence.

ASCENT PANT Pants regular length 560801 black 15000

679,99 zł

19600  
vetiver

Feature

- 4-Way stretch
- Woven overlay reinforcement
- Integrated belt
- Adjustable hem

Benefit

- Freedom of Movement
- Added durability
- Versatile Usage

Water repellent and lightweight, the Ascent hiking pants are a more technical outdoor garment specifically made for days spent walking in the mountains. Featuring a plain woven, 50 per cent recycled stretch fabric, these pants come with an integrated belt to fine-tune the fit, two zippered hand pockets and a zippered right hand thigh pocket for additional storage. Rain in the forecast? The Ascent hiking pants also come equipped with a water repellent finish that makes quick work of light rain. Comfy, tech-rich hiking pants crafted for long walks on technical trails.

CUBIC MERINO T-shirt crew neck l/s 596001 dark sapphire 20731

549,99 zł

19600  
vetiver

Feature

- Seamless construction
- Merino blend

Benefit

- Natural Thermoregulation
- Enhanced Moisture Management
- Soft Touch

A great crossover piece for light hikes, a day in town or even the gym, this tee is made from a non-mulesed merino wool blend in a soft, structured seamless waffle knit. It's got all the benefits on offer from wool: naturally odour inhibiting, thermoregulating and quick drying. With a slightly oversized, cropped fit. Comes in two colours. Superb for layering. A unique take on merino in a stylish cross-season piece.

| The Essential 1/2 zip midlayer is the classic layering piece for runs in cooler weather, worn either next to skin or complimented with one of our baselayers. The material is the same soft, highly breathable, quick drying re-cycled polyester used in the rest of the Essential range, with the addition of a 1/2 zip for extra ventilation and reflective details for those evening runs. |                                                                                                                           |

This ISPO Gold Award winning waterproof jacket with ODLO Dual dry performance knit Technology is designed for demanding athletes who want the ultimate balance between protection and breathability. With a 20,000mm watercolumn, 50,000 MVP breathability, and weighing only 180 grams in size large, it is the market leader in featherlight, waterproof running jackets. 360 reflectivity, fully seam-sealed, waterproof zipper, waterproof chest pocket and an adjustable running fit hood with rain visor complete this high-performance package. Running in the rain was never this good.

ZEROWEIGHT CHILL-TEC PRINT T-shirt crew neck s/s 316061 Gardenia 10505

269,99 zł

Feature	Benefit
<ul style="list-style-type: none"><li>Breathable mesh knit</li><li>Ventilation zones</li><li>Reflective details</li><li>Recycled content</li></ul>	<ul style="list-style-type: none"><li>Keeps You Cool</li><li>Enhanced Moisture Management</li><li>Lightweight</li></ul>

With our most breathable, lightweight, cooling fabric in the running collection the new zeroweight chill tec tee is built for high performance. Our new chill tec fabric ensures maximum cooling by allowing air currents to pass over your skin reducing the build up of warmth and moisture, this combined with a regular fit ensures maximum warm weather running comfort. Add in reflective details, bonded side seams with extra laser cut ventilation and our seasonal graphic to complete this high performance package.

<ul style="list-style-type: none"><li>Breathable mesh knit</li><li>Ventilation zones</li><li>Reflective details</li><li>Recycled content</li></ul>	<ul style="list-style-type: none"><li>Keeps You Cool</li><li>Enhanced Moisture Management</li><li>Lightweight</li></ul>

The design team at ODLO has engineered a mesh graphic into this lightweight recycled polyester melange fabric, not only creating a great-looking t-shirt, but also one that keeps you cool when the temperatures rise. The mesh graphic is very functional, ensuring a high level of breathability and allowing air currents to pass over the skin creating cooling by convection. The engineers of active layers have added bonded tapes along the side seams and hem with laser-cut ventilation. With a regular fit and reflective details, this is great looking, highly functional t-shirt built for runners looking for something special.

<ul style="list-style-type: none"><li>Breathable mesh knit</li><li>Ventilation zones</li><li>Reflective details</li><li>Recycled content</li></ul>	<ul style="list-style-type: none"><li>Keeps You Cool</li><li>Enhanced Moisture Management</li><li>Lightweight</li></ul>

The design team at ODLO has engineered a mesh graphic into this lightweight recycled polyester melange fabric, not only creating a great-looking singlet, but also one that keeps you cool when the temperatures rise. The mesh graphic is very functional, ensuring a high level of breathability and allowing air currents to pass over the skin creating cooling by convection. The engineers of active layers have added bonded tapes along the side seams and hem with laser-cut ventilation. With a regular fit and reflective details, this is great looking, highly functional singlet built for runners looking for something special.

ZEROWEIGHT PRINT Jacket 316121 black 15000

579,99 zł

Feature	Benefit	Additional info
<ul style="list-style-type: none"><li>Inner phone pocket</li><li>zippered cargo pocket</li><li>Reflective details</li><li>Adjustable hem</li><li>Recycled content</li></ul>	<ul style="list-style-type: none"><li>Water Resistant</li><li>Enhanced Breathability</li><li>Lightweight</li></ul>	<ul style="list-style-type: none"><li>Windproof</li></ul>

The Zeroweight print jacket is a stylish anorak silhoutte made from a technical, lightweight, windresistant, water-repellent, recycled mini ripstop fabric. We've added reflective details for 360 degree low light visibility, fit adjustment and hood if you're looking for a little more protection. There is a zippered kangaroo style pocket for your run essentials, in which you can also pack the jacket for transportation. The Zeroweight jacket is designed for faster runs when you need lightweight protection from the elements and dont want to compromise on style or performance.

<p>This Ceramicool Reflective performance socks offer a bodymapped padding system for enhanced comfort and cushioning. Thicker and softer material on the heel and toe area help reduce the impact, protecting against blisters while the breathable mesh material and the Ceramicool yarns keep your feet cool and wick sweat away. Integrated and highly functional Polypropylene yarn is resistant to absorbing moisture absorption and ensures a very fast drying pair of socks. The seamless toe construction gives the socks a optimal fit while the Integrated ODLO ZEROSCENT anti-odour technology controls and eliminates bad odour from its very beginning. Lastly we have integrated reflective yarns into the cuff area of the sock to eliminate irritation on the skin and increase low light visability. These socks are made and crafted in EUROPE.</p>

These CERAMICOOOL hiking socks offer a body-mapped padding system for enhanced comfort and cushioning. Thicker and softer material on the heel and toe area helps reduce the impact of each step, protecting against blisters while the breathable mesh material and the Ceramicool yarns keep your feet cool and wick sweat away. Integrated and very functional Polypropylene yarn is resistant to absorbing moisture and therefore ensures a very fast drying pair of socks. The seamless toe construction gives the socks an optimal fit while the Integrated ODLO ZEROSCENT anti-odour technology controls and eliminates bad odour from its very beginning. Finally, the socks are made and crafted in EUROPE.

SIZE GUIDE

Accessories

Headwear							Centimeters
	XS	S	M	L	XL	XXL	
Head size	52-53	54-55	56-57	58-59	60-61	62-63	

Gloves								Centimeters
	XXS	XS	S	M	L	XL	XXL	
	5	6	7	8	9	10	11	
1. Hand width	14-16	16-18	18-20	20-22	22-24	24-26	26-28	
2. Hand length	16	17	18	19	20	21	22	

How do I measure accessory sizes?

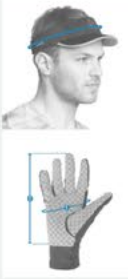

**Hats**

Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

**Gloves**

Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb.

How to measure

**Hats**

Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

**Gloves**

Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb. Now measure from the bottom edge of the palm to the tip of the middle finger.

**Socks**

Simply pick the size that fits your shoe size.

Sports bras

How to choose the right bra:

Think about intensity level: different activities require different levels of support. Running will require more support; yoga, less. Choose the support level that corresponds to what you'll be doing in it.

Pay attention to fit: sports bras should fit snug but not be uncomfortable. Try on different sizes and styles to find the one that fits best.

	XS	S	M	L	XL	XXL
EU CUP A-F	70	75	80	85	90	95

< Swipe >

How to measure

For a perfect fit, a new band should be on the loosest hook and feel firm but comfortable.

Your breasts should be fully contained within your bra's cups, with no excess cleavage coming over the top.

Straps are at their perfect length when the breast feels supported in its natural position - usually half way between the shoulder and elbow.

How to measure

**1. Bust**

Measure around the fullest part of your bust, keeping the measuring tape horizontal.

**2. Waist**

Measure around the narrowest part typically where your body bends side to side, keeping the tape horizontal.

**3. Hip**

Measure around the fullest part of your hips, keeping the tape horizontal.

**4. Inseam**

Measure from the top of your inner leg to the bottom of your leg.

**THERE'S MORE OUT THERE**
