**DEALER BOOK 2026**

A photograph of a dirt road winding through a forest. In the foreground on the left, a portion of a bicycle wheel is visible, showing the spokes and the tire with the 'BBB' logo. The road is light brown and curves into the distance, flanked by green grass and dense trees in the background.

Dear reader,

In this dealerbook we proudly present our collection for model year 2025. It showcases our newest innovations, improved designs, and trusted favorites. Customer feedback, insights from cyclists and developments in the cycling world have led to several strong new items for 2025.

The highlight of our new collection is the Valor Flux. Our product team has dedicated countless hours designing these cutting-edge sport glasses to perfection. The result? A modern look with optimal vision and comfort. A stylish new frame, equipped with a high-end lens, the Flux. This lens also features in other models. We hope you are as excited as we are to showcase them to the public.

We also want to emphasize our continued commitment to sustainability. The steps we've taken in recent years in terms of material choice and design have led to a solid selection of sustainable options, both within existing and new products. Seeing this reflected in this book motivates us to accelerate even further in this area, together with our suppliers - and with you.

We hope you enjoy this dealer book. If you have feedback, questions or comments, please reach out to us through your usual contact or at [info@bbbcycling.com](mailto:info@bbbcycling.com).

Best regards,  
The BBB Cycling team

## 'Part of your ride' for over 25 years

We are cyclists.

We know what it's like to cycle to work through wind and rain. To tackle that climb once more. Or to just go, further than you've ever been before. And especially then, your gear must simply work. Always. You should be able to trust it blindly.

With a pragmatic Dutch experience, we come make your ride better. safer. Sometimes just a bit

approach and a wealth of cycling up with smart solutions that Sometimes more fun. Sometimes faster. Or all at once.

Since 1998, we have grown than 1500 unique products as much as possible accessories, and tools. At our in The Hague, our designers every day on new ideas. We listen to feedback from colleagues, customers, dealers, and ambassadors. Because only together do we create the best products.

into a global brand with more in over 40 countries. We design ourselves: parts, clothing, headquarters work

What we make must work. In the real world. For you, for us. Smart, practical, durable, and fairly priced. No unnecessary fuss, but practical solutions for real cyclists, in the real world. Just good stuff for your bike, whether you're racing, gravel riding, touring, or heading into the mountains.

We love smart details that make a difference. From gear that can take a hit and lasts a long time. That makes us happy. Probably you too.

For more than 25 years, 'Part of your ride'. And we will continue to be. Every day. Every ride.

# Smart choices for a sustainable future

At BBB Cycling, we are committed to a sustainable future. We believe in the benefit of the bike, for your health and for your planet. That's why we design and develop products that support all types of cyclists in a sustainable way. Products that are accessible, smart and made to last, with the least amount of impact. Not just once, but every day, because it is part of who we are and how we work.

## Sustainable design

We literally make thousands of products. Different products have to meet different needs, like safety, durability, wear or weather resistance. So each product is composed of different materials and this means there is not one solution to regreen all our products in one go. For every single product we research, rethink and redesign to find the best sustainable solution. For some products, this aspect may be the material used or the reparability of the product. For others, we may opt for a long lifespan or reduce the size of the packaging. This reduces the demand for new raw materials.

## Material choice and packaging

With smart material choices, we can make a difference. We strive for products that are as sustainable as possible, without compromising on quality. Examples of this include using recycled materials in a growing part of our fenders, gloves, jerseys and socks, using bio-based materials in the frames of our glasses and in our latest helmet,

and PFAS-free water repellent coatings. To minimize the use of raw materials, we carefully consider our packaging. By redesigning them, we ensure efficient material usage and transportation. We replace plastic with recycled plastic and eliminate it wherever possible. We are working towards extending this across our entire range.

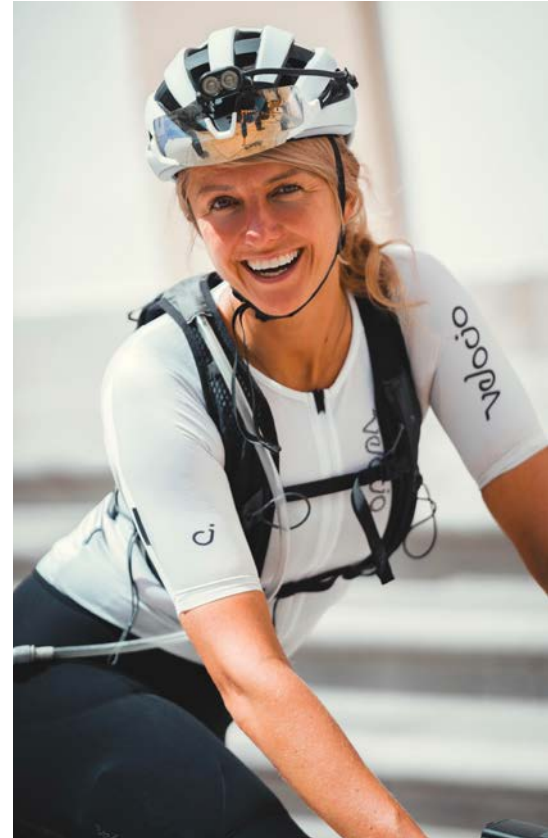

## CO2 neutral operation

BBB Cycling operates carbon neutral since 2018. We register our CO2 footprint and compensate for it by investing in projects that remove CO2 from the air, such as planting trees or restoring landscapes. We do this with our partner Commonland. But being CO2 neutral by offsetting is not enough. We thoroughly examine emissions and practices throughout the supply chain. We do this together with colleagues, customers, manufacturers, and logistics partners who share the same mindset as we do. We aim to further reduce our CO2 emissions, without compromising on quality, safety, or accessibility.

## We're in this together

In addition to the work we do ourselves to become more sustainable, we also collaborate with organizations that care as much about people and the environment as we do. That's why we join forces with BEAT Cycling Club, who strive to become the most sustainable cycling team in the world. We support Team AMANI, a team fighting for diversity and equality in the cycling world. On our journey towards a sustainable future, we believe it's important to be open and transparent. Your feedback is therefore more than welcome. If you have any comments or questions that can help us make the world a better place, please don't hesitate to contact us.

## Backyard Crew

The Backyard Crew of BBB Cycling consists of a good mix of pros, adventurers, explorers, survivors, fanatics, and life lovers on a bike. These people want nothing more than to cover as many kilometers as possible. They enjoy pleasant group rides, but do not shy away from the challenge of pushing themselves to the limit. Whether riding on smooth asphalt, gravel, or through forests, these enthusiasts know how to inspire others with their passion and encourage them to ride more often. We support these ambassadors by providing them with the best products, whatever their starting point might be.

We are proud that teams like BEAT Cycling Club, and the international Team AMANI extensively use and test our products. Their feedback is invaluable in improving and developing our products. Our products are tested not only on the road but also on gravel and sand at the highest level. This allows us to confidently say that our products are made to last, in all conditions.

*100% plant based lens cleaner with anti-fog properties*

- » Comes as a spray can with pump
- » 100% biodegradable within 28 days
- » Produced in a 100% CO2 neutral facility
- » 100% recycled PET packaging
- » 100% free of microplastics

<b>Adjustable nose piece</b>	No
<b>Volume (ml)</b>	100
<b>Color name</b>	transparent

## FEATURES SPORT GLASSES

Lenses with 100% UV protection.

Sport glasses with interchangeable lenses. Yellow and Clear lenses included.

Sport glasses with interchangeable lenses. Clear lenses included.

Special Hydrofobic coating. In rain, the water will slide off the lenses while riding.

Including carrying case.

**PH LENSES – PHOTOCROMIC**

Automatically adapt to changing light conditions. They turn dark when it's bright and become virtually clear in low light conditions. Especially the range of light transmittance is unique. BBB's lenses can adapt from allowing 85% - 17% of the available light to pass through.

**PC LENSES**

All our lenses are made of high quality polycarbonate material irrespective of its finish. A very strong material that due to its properties offers a lot of safety because it has high resistance to fracturing from for example stone-chips from the road.

**PZ LENSES – POLARIZED**

The ideal choice on bright sunny days. Polarized lenses provide a clear view while effectively eliminating glare. PZ lenses allow only direct light to pass through, resulting in a more relaxed and improved view. This prevents distractions from reflection from flat roads, tree leaves or water.

**MULTI LAYER COATING (MLC)**

A 9-layer coating gives MLC lenses their renowned brightness and contrast for the sharpest view under any circumstances. Also the MLC coating lends itself very well in circumstances to reduce glare from road surfaces or snow.

**FLUX****FLUX LENSES**

Our high-quality, multi-coated FLUX lens with high contrast selectively filters out excess light in specific wavelengths. This results in sharper and clearer vision on the road or trail, with less distraction, improved detail perception, and reduced eye fatigue. The lens reduces glare and provides optimal visual comfort during your rides. Multiple FLUX lenses are available, each optimized for different light conditions and applications.

**RILSAN®****RILSAN® CLEAR G850 RNEW®**

Rilsan® Clear Rnew® G850 is a high-quality plastic derived from plant-based materials, produced by manufacturer Arkema. The G850 variant consists of 45% bio-based carbon made from castor beans. These beans are harvested from plants and processed into oil, which serves as the foundation for bio-based fiber polyamide. This material is particularly well-suited for high-end eyewear frames, making the glasses not only more sustainable but also lightweight, flexible, and virtually unbreakable.

**NEW!****KARMA | BHE-14**

Built to breathe, designed for cyclists who demand comfort and airflow on every ride. This lightweight performance helmet with 25 vents and deep internal channels, it ensures maximum ventilation at both high and low speeds. The open design enhances airflow while reducing weight, making it ideal for climbing and long-distance efforts. Featuring an improved retention system for a secure, comfortable fit and weighing just around 260 grams, this helmet delivers high-performance protection with MIPS technology for added safety. Engineered for riders who value speed, comfort, and ventilation without compromise.

Stay cool with the open design and deep air channels for maximized air flow

Lightweight. Just 260 grams with a streamlined fit system for all-day comfort.

**KARMA MIPS AIR NODE | BHE-14 |**

*Lightweight performance helmet with 25 vents and deep internal channels, for maximum ventilation*

- » Built to breathe, ventilated for high and low speed.
- » 25 air vents for optimal ventilation
- » Stay cool with the open design and deep air channels for maximized air flow
- » Comfortable. Gain extra comfort with the newly designed retention system
- » Born to climb, approximately 260gr.

- » Protects your head against rain, cold and wind
- » Fits on almost any helmet

<b>Sizes</b>	Universal
<b>Color name</b>	black

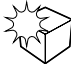

FEATURES HELMETS

When you are cycling intensively, you produce a lot of heat. Overheating your body will reduce your performance. Because of the large surface of your head, up to 40% of the bodies heat can be dissapated by your head. Wearing a helmet redusses the ability for the body to accomodate that. That's why we have invented the Airflow Cooling System (ACS) helmet. Due to the special design of the shape of the foam and padding, the air is drawn in and channelled to pass around and over your head. This guarantees optimum balance between safety and wearer comfort.

Anti insect net inside the helmet.

Reflective accents.

Lenses with 100% UV protection.

Complies with NTA-8776 the Dutch Speed Pedelec helmet standard.

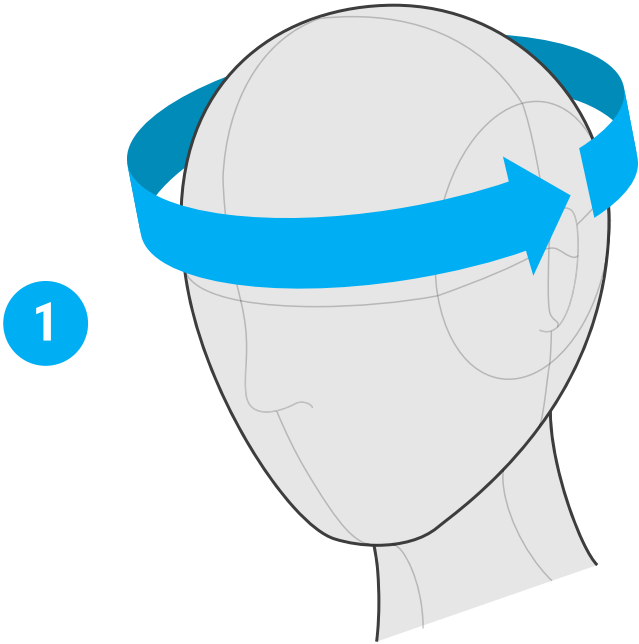

Washable pads. Replacement pads are available for all helmets.

SIZE GUIDE

It is a fact that a bicycle helmet provides safety. Wearing a helmet during a bike ride prevents permanent damage to your head. The risk of head and brain injuries is reduced from 63 to 88%. However, a helmet can only provide safety when it fits your head properly. Avoid wearing a helmet that is too big and sits too loosely. Conversely, a helmet that is too small will sit too high on your head.

Please note! Your head size in centimeters may fall within the range of two helmet sizes. In this case, you can choose a slightly smaller or larger bicycle helmet. This choice depends on your personal preferences. We recommend selecting the larger helmet size if you regularly wear a cap or hat under your helmet.

HELMET SIZE	CENTIMETERS		
	S	M	L
1. HEAD CIRCUMFERENCE	52 - 55	55 - 58	58 - 62

**NEW!**

## **MULTISHIELD | BBW-475**

The BBW-475 MULTISHIELD rain jacket is a versatile choice for both sporty activities and commuting, offering a water column of 10,000 mm and taped seams for exceptional waterproof protection. Its regular fit is ideal for layering, providing ample room to wear over a regular jacket and adjustable at the bottom for a perfect wind seal. The adjustable hood is designed to be worn with or without a helmet without obstructing vision. Available in six stylish colors: olive green, dark blue, black, dark red, caramel, and neon yellow, it caters to diverse preferences.

Adjustable hoodie that you can wear with or without a helmet without limiting your sight

Regular fit and layer friendly, easy wearable of your regular jacket and adjustable at the bottom for perfect wind closure

<b>Thermo</b>	Yes
<b>Sizes</b>	S/M, L/XXL
<b>Color name</b>	black

**FIRHAT | BBW-494 |**

*Winter underhelmet hat made of Far Infrared which reflects your own heat to keep you warm*

- » Great moisture wicking and fast drying fabric to give you a comfortable feeling
- » Comfortable to wear thanks to the seamless construction
- » Comfortable to wear thanks to the seamless construction

<b>Composition</b>	34% FIR Polyester, 60% Polyester, 6% Elasthane
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	M, L
<b>Color name</b>	black

**UNDERHELMET CAP WINDBREAK | BBW-298 |**

*Underhelmet cycling cap with windblock to keep forehead and ears warm*

- » Thermo material on top with extra breathability
- » Longer back end with small insert for ponytail
- » Flat lock stitched seams for extra comfort
- » Fits comfortably under your helmet
- » One size fits all

<b>Composition</b>	94% polyester, 6% elasthane
<b>Windproof</b>	Yes
<b>Thermo</b>	Yes
<b>Sizes</b>	M, L
<b>Color name</b>	black

### THERMAL CAP | BBW-299 |

*Underhelmet cycling cap made of Thermo fabric*

- » Thermo material on top with extra breathability
- » Flat lock stitched seams for maximum comfort
- » Longer back end with small insert for ponytail
- » Flat lock stitched seams for maximum comfort
- » Fits comfortably under your helmet

<b>Composition</b>	94% polyester, 6% elasthane
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black

### FULLHEAD | BBW-100 |

*Balaclava for cyclists made of Thermo material*

- » Flat lock stitched seams for maximum comfort
- » One size fits all

<b>Composition</b>	94% polyester, 6% elasthane
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black

### THERMAL HEADBAND | BBW-300 |

*Underhelmet headband made of Thermo fabric*

- » Longer back end with small insert for ponytail
- » Flat lock stitched seams for maximum comfort
- » Longer back end with small insert for ponytail
- » One size fits all

<b>Composition</b>	94% polyester, 6% elasthane
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black

**MERINO TUBE | BBW-496 |***Added coverage to your ride*

- » Can be worn as a neck warmer, headband, face cover, or under-helmet liner depending on conditions
- » Soft merino wool blend offers natural comfort and breathability during rides
- » Blended with synthetic fibers to enhance longevity and maintain shape over time
- » Cyclist-Friendly Design: Slim and lightweight, fits easily under helmets or jackets without bulk

<b>Composition</b>	70% Merino wool, 30% Polyester
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black

NEW

**FIRNECK | BBW-492 |***Sportive scarf with FIR technology to keep your neck warm during your rides*

- » Far Infrared basically reflects your own body heat to keep you warm
- » Great moisture wicking and fast drying fabric to give you a comfortable feeling
- » Comfortable to wear thanks to the seamless construction

<b>Composition</b>	34% FIR polyester, 6% elasthane, 60% polyamide
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black/red

**COMFORTNECK | BBW-297 |***Multifunctional neck warmer for during the colder rides*

- » The ComfortNeck can be worn in several different ways
- » Fast drying fabric
- » Seamless construction
- » One size fits all

<b>Composition</b>	100% polyester
<b>Windproof</b>	No
<b>Thermo</b>	No
<b>Sizes</b>	Universal
<b>Color name</b>	black/grey

**COMFORTCAP | BBW-293 |***Underhelmet summer hat*

- » Cycling cap to keep sweat out of your eyes
- » Lycra band for a perfect fit
- » Mesh top panel for extra ventilation
- » One size fits all

<b>Composition</b>	80% polyester, 20% elastane
<b>Windproof</b>	No
<b>Thermo</b>	No
<b>Sizes</b>	Universal
<b>Color name</b>	white, black

**COMFORTHEAD | BBW-99 |***Comfortable bandana with high moisture absorbing capacity*

- » High moisture absorbing capacity
- » Fast drying fabric
- » Comfortable to wear under your cycle helmet.
- » One size fits all

<b>Composition</b>	100% polyester
<b>Windproof</b>	No
<b>Thermo</b>	No
<b>Sizes</b>	Universal
<b>Color name</b>	black, white

**COMFORTLEGS | BBW-91 |***Comfortable leg warmers to keep you legs nice and warm in uncertain weather conditions*

- » Flat lock stitched seams for maximum comfort
- » Anatomic panel shape for a comfortable fit
- » Silicone anti-slip strip on top.

<b>Composition</b>	85% polyamide, 15% elastane
<b>Windproof</b>	No
<b>Thermo</b>	Yes
<b>Sizes</b>	S, M, L, XL
<b>Color name</b>	black

COMFORTARMS | BBW-92 |

*Comfortable arm warmers to keep your arms nice and warm in uncertain weather conditions*

- » Flat lock stitched seams for maximum comfort
- » Anatomic panel shape for a comfortable fit
- » Silicone anti-slip strip on top.

Composition	85% polyamide, 15% elasthane
Windproof	No
Thermo	Yes
Sizes	S, M, L, XL
Color name	black

### INNERSHORTS PRO | BUW-61 |

*Versatile inner shorts: ideal for any ride*

- » Made of quick drying Polyester and spandex material
- » With extra comfortable multi stretch padding
- » Perfect for mountain biking, commuting or hybrid biking

<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

### INNERSHORTS | BUW-65 |

*Versatile cycling innershorts for added comfort*

- » Made of quick drying Polyester and spandex material
- » Elastic, anti-bacterial padding
- » Perfect for commuting or hybrid biking

<b>Sizes</b>	XS/S, M/L, XL/XXL, XXXL
<b>Color name</b>	black, white

### COMFORTSHORT | BUW-67 |

*Cycling underwear designed to be worn under your everyday attire*

- » The nearly seamless design provides comfort during your ride
- » With its quick-drying, stretchable, and ultra-thin fabric, you'll hardly notice you wear it
- » Enhanced comfort is provided by the male-specific cycling padding

<b>Padding type</b>	Underwear padding
<b>Sizes</b>	S/M, L/XL, XXL/XXXL
<b>Color name</b>	black

**COMFORTBRIEF | BUW-66 |**

*Cycling underwear designed to be worn under your everyday attire*

- » The nearly seamless design provides comfort during your ride
- » With its quick-drying, stretchable, and ultra-thin fabric, you'll hardly notice you wear it
- » Enhanced comfort is provided by the female-specific cycling padding

<b>Composition</b>	87% Polyamide 13% Elasthane
<b>Padding type</b>	Underwear padding
<b>Sizes</b>	XS/S, M/L, XL/XXL
<b>Color name</b>	crème

**FIRLAYER | BUW-20 |**

*Technical long sleeve base layer with FarInfraRed (FIR) technology for cold weather conditions*

- » Far InfraRed technology keeps your body warm and exceptionally comfortable by improving body's metabolism and microcirculation
- » The innovative seamless body construction incorporates rib zones for enhanced body support and increased thermal efficiency
- » 3D mesh zones provides improved perspiration control

<b>Composition</b>	65% polyester, 27% polyamide, 8% elasthane
<b>Materials</b>	Far Infrared
<b>Thermo</b>	Yes
<b>Sizes</b>	XS/S, M/L, XL/XXL
<b>Color name</b>	black

**COOLLAYER | BUW-07 |**

*Allround knitted base layer jersey with seamless design*

- » Coolskin is an ultralight and open polypropylene fiber that keeps you cool and dry in warm conditions
- » The open mesh structure promotes airflow between the fabric and the skin
- » The push-pull effect sucks sweat away from your skin and pushes it to the outer layer
- » Flat lock stitched seams for extra comfort

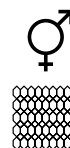

<b>Composition</b>	63% polypropylene, 37% polyamide
<b>Materials</b>	Coolskin
<b>Sizes</b>	XS/S, M/L, XL/XXL
<b>Color name</b>	black

**MESHLAYER | BUW-09 |**

*Base layer jersey with lightweight open mesh structure for hot weather conditions*

- » Made of a technical ultralight and open mesh that keeps you cool and dry thanks to reduced contact area
- » The open mesh structure promotes airflow between the fabric and the skin
- » The push-pull effect sucks sweat away from your skin and pushes it to the outer layer
- » Flat lock stitched seams for extra comfort

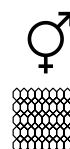

<b>Composition</b>	93% polyester, 7% elasthane
<b>Sizes</b>	XS/S, M/L, XL/XXL
<b>Color name</b>	white

**MESHLAYER | BUW-10 |**

*Base layer jersey with lightweight open mesh structure for hot weather conditions*

- » Made of a technical ultralight and open mesh that keeps you cool and dry thanks to reduced contact area
- » The open mesh structure promotes airflow between the fabric and the skin
- » The push-pull effect sucks sweat away from your skin and pushes it to the outer layer
- » Flat lock stitched seams for extra comfort

<b>Composition</b>	93% polyester, 7% elasthane
<b>Sizes</b>	XS/S, M/L, XL/XXL
<b>Color name</b>	white

**MERINO WINTERFEET | BSO-18 |**

*The Merino wintersock which last longer*

- » Made with high-quality fibers, both natural and artificial, for enhanced durability
- » Cushioned toes and heels for extra comfort
- » Antibacterial
- » Cuff height of 180 mm

<b>Composition</b>	44% Merinowool, 40% Polyamide, 14% Polyester (graphene), 2% Elasthane
<b>Thermo</b>	Yes
<b>Sock height (cm)</b>	18
<b>Sizes</b>	35/38, 39/43, 44/47
<b>Color name</b>	black

**FIRFEET | BSO-16 |**

*Cycling socks with Far InfraRed technology for cold weather conditions*

- » Sole made of extra warm fabric for great insulation
- » Far InfraRed technology improving body's metabolism and microcirculation
- » Open structure on top of the sock allows moisture to evaporate easily
- » Seamless toe construction

<b>Composition</b>	41% cotton, 31% polyamide, 25.8% polyester, 2% elasthane, 0.2% ceramic powder
<b>Materials</b>	Far Infrared
<b>Thermo</b>	Yes
<b>Sock height (cm)</b>	15
<b>Sizes</b>	35/38, 39/43, 44/47
<b>Color name</b>	black/red

**ECOFEET 18CM | BSO-21 |**

*Sustainable summer cycling sock*

- » Made with COOLMAX® EcoMade fibers, from 97% recycled resources
- » Combination of open structure and COOLMAX® EcoMade for enhanced airflow
- » Moisture-wicking technology keeps feet dry and comfortable
- » Smart design keeps the sock in place during activities
- » Cuff height of 18cm

<b>Composition</b>	45% Coolmax Ecomade, 28% Polyamide, 20% Polyester, 8% Elasthane
<b>Thermo</b>	No
<b>Sock height (cm)</b>	18
<b>Sizes</b>	35/38, 39/43, 44/47
<b>Color name</b>	white, black

**ECOFEET 3 PACK, 18CM | BSO-22 |**

*Multipack with three pairs of sustainable summer cycling socks*

- » Made with COOLMAX® EcoMade fibers, from 97% recycled resources
- » Combination of open structure and COOLMAX® EcoMade for enhanced airflow
- » Moisture-wicking technology keeps feet dry and comfortable
- » Smart design keeps the sock in place during activities
- » Cuff height of 18cm

<b>Composition</b>	45% Coolmax Ecomade, 28% Polyamide, 20% Polyester, 8% Elasthane
<b>Thermo</b>	No
<b>Sock height (cm)</b>	18
<b>Sizes</b>	35/38, 39/43, 44/47
<b>Color name</b>	white, black

**COMBIFEET 3 PACK, 13CM | BSO-20 |**

*Multipack with three pairs of durable summer cycling socks*

- » Made of Coolplus fibers, which offers faster evaporation
- » Elastic middle part for the perfect fit around the foot
- » Keeps your skin dry and cool for longer periods
- » Open structure knitting for breathability
- » Cuff height of 13cm

<b>Composition</b>	49% CoolPlus polyester, 24% polyester, 22% polyamide, 5% elasthane
<b>Materials</b>	Coolplus
<b>Thermo</b>	No
<b>Sock height (cm)</b>	13
<b>Sizes</b>	35/38, 39/43, 44/47
<b>Color name</b>	black, white

Reflective accents.

Touch screen compatible thumb and index finger.

Reinforced.

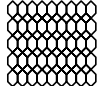

Terry towel sweat wipe thumb.

Finger straps provide easier glove removal.

Anti-slip palm.

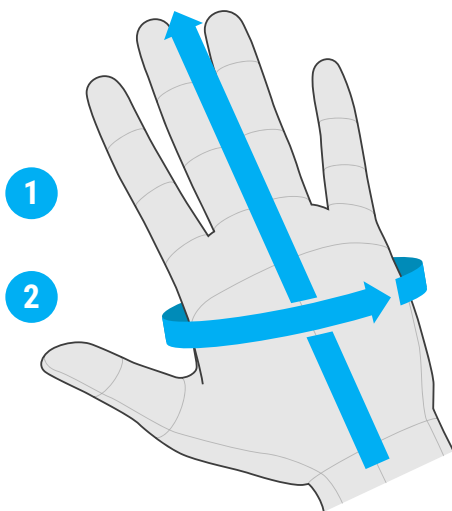

Highly breathable mesh with quick dry function thanks to reduced contact area.

GLOVES SIZING CHART

Just like a jersey, the size of your glove depends on your physical structure. To assist you finding the right size of gloves we have made a glove sizing chart. To determine your glove size you can measure the length and diameter of your hand as illustrated below and by using the corresponding explanation

- 1) Measure from the tip of your longest finger to the base of your palm at the wrist to determine the length of your hand. This is your hand length measurement
- 2) Wrap the tape measure around your hand at the widest part of the palm and make a fist before taking the measurement.

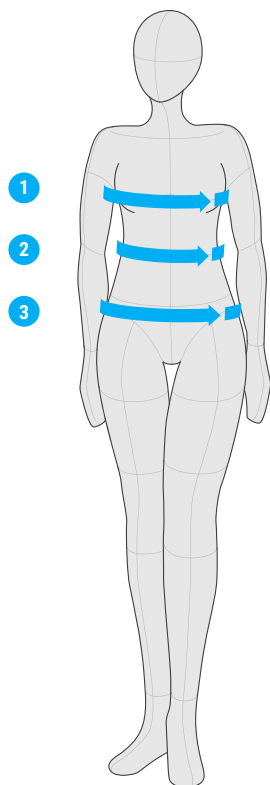

Use these measurements of your hand to determine your glove size in the gloves sizing chart. Remember the gloves size chart is a reference, based on our average glove. Since we offer a wide range of gloves in different styles and materials, you should always try the gloves at your local BBB Cycling bikeshop. Then we can ensure the best fit and comfort.

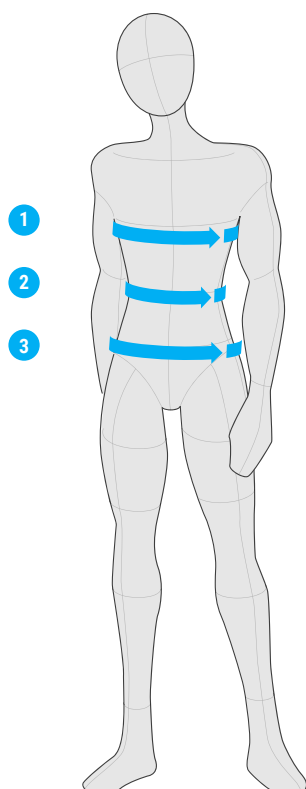

GLOVES SIZE	INCHES		CENTIMETERS	
	(A) WIDTH	(B) LENGTH	(A) WIDTH	(B) LENGTH
XS	7"	6.2"	17,8	15,7
S	7.5"	6.7"	19,1	17
M	8"	7.2"	20,3	18,3
L	8.5" - 9"	7.8"	21,6 - 22,9	19,7
XL	9.5" - 10"	8.3"	24,0 - 25,4	21,1
XXL	10.5" - 11"	8.9"	26,7 - 27,9	22,5
XXXL	11.5" - 12"	9.4"	29,2 - 30,5	23,9

## CLOTHING SIZING CHART

The size of any individual person depends on his or her physical structure. To assist you finding the right size of garment we refer you to the european sizing chart. Our jerseys are designed to fit both competitive use as well as recreational use. Apply measurements A & B for jersey's and jacket's. They correspond to the measurement of your chest circumference. Use measurements C & D for shorts, bib-shorts, tights, bib-tights. They correspond to the measurement of your waist circumference for men and hips circumference for women.

PADDING OVERVIEW

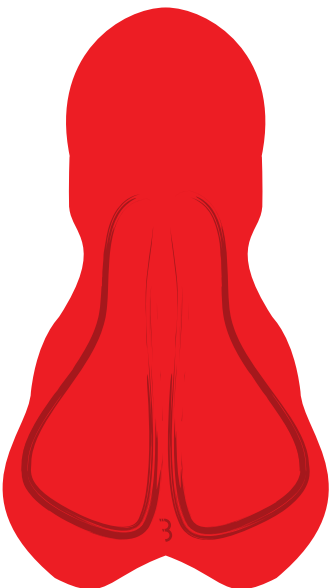

The most important element of comfortable cycling shorts is the chamois. That's why we have conducted extensive research to come up with an ideal line-up of chamois for our cycling shorts. Our chamois are suitable for every type of cyclist and provide maximum comfort under all conditions. For all our chamois, we use a technique called 'single-piece foam cutting,' where foam is cut from one piece. This significantly increases comfort. Since different people need different levels and shapes of protection, chamois have been developed in originals, performance, and premium versions, for men and women.

**HIGHSUPPORT | BBW-73 |**

*Cycling gloves designed for cycling adventures with no compromises on comfort*

- » Palm crafted from recycled AXX suede with Memory foam padding for added comfort
- » Limited stitching from palm to side of the gloves
- » Upper made of sustainable, stretchable, breathable Lycra for a second skin fit
- » Soft and small velcro on the inside of the wrist, which gives great freedom of movement
- » Easy to use finger pullers on the inside of the glove

<b>Composition</b>	55%polyester, 38% polyamide recycled, 7% Elastane
<b>Padding</b>	Full padding
<b>Closure system</b>	Velcro
<b>Antislip</b>	Yes
<b>Sizes</b>	S, M, L, XL, XXL
<b>Color name</b>	white, dark red, dark blue, black

**PAVE 2.0 | BBW-74 |**

*Technical summer cycling glove*

- » Seamless heat-pressed padding for enhanced comfort
- » Padding crafted from natural latex
- » Highly comfortable and breathable upper material
- » Folded Lycra cuff for easy access, preventing irritation at pressure points
- » Easy to use finger pullers on the inside of the glove

<b>Composition</b>	44% Polyamid, 38% Polyester, 16% Elasthan, 2% Polyurethan
<b>Padding</b>	Medium padding
<b>Antislip</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL
<b>Color name</b>	olive green, iceblue, black

**AIRSUPPORT | BBW-65 |**

*The ultimate summer glove with great ventilating properties on both the palm and upper*

- » Soft artificial suede palm with gel foam padding to support your hands and offer great comfort
- » Real summer upper, which offers protection and great breathability
- » Soft and small velcro on the inside of the wrist, which gives great freedom of movement
- » Easy to use finger pullers on the inside of the glove

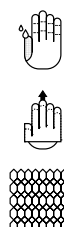

<b>Composition</b>	92% Polyester, 8% Elastane
<b>Padding</b>	Medium padding
<b>Closure system</b>	Velcro
<b>Antislip</b>	No
<b>Sizes</b>	XS, S, M, L, XL, XXL
<b>Color name</b>	black, grey, white

**COOLSUPPORT | BBW-72 |**

*Economical comfortable, breathable cycling glove*

- » Breathable palm with foam padding for extra comfort
- » Stretchable palm and sweat wipe thumb
- » Soft and flexible Velcro closure
- » Easy to use finger pullers

<b>Composition</b>	50% Polyester, 43% Polyamide, 7% Elastane
<b>Padding</b>	Medium padding
<b>Closure system</b>	Velcro
<b>Sizes</b>	S, M, L, XL, XXL
<b>Color name</b>	dark red, white, black

**ESPOIRS | BBW-71 |**

*Technical youth glove designed for aspiring cyclists*

- » Features medium gel foam padding for extra comfort
- » Stretchable and breathable palm for enhanced performance
- » Easy access provided by stretchable cuff

<b>Composition</b>	93% Polyamide 7% Elastane
<b>Padding</b>	Medium padding
<b>Sizes</b>	128, 140, 152, 164
<b>Color name</b>	white, black

**EXPLORER COMFORT | BBW-64 |**

*Technically designed glove with reinforcements for shifters and brakes*

- » Soft artificial suede palm with gel foam padding to offer great comfort
- » Additional sticky gripper at the palm and index finger
- » Fabric on the palm runs all the way to the top of the fingers for optimal freedom of movement when changing gears
- » Soft and small velcro at the inside of the wrist, which gives great freedom of movement
- » Adventure proof upper which keeps your padding in place

<b>Composition</b>	38% Polyamide, 55% Polyester, 7% Elastane
<b>Padding</b>	Full padding
<b>Closure system</b>	Velcro
<b>Antislip</b>	Yes
<b>Sizes</b>	S, M, L, XL, XXL
<b>Color name</b>	black

**EXPLORER CONNECTION | BBW-63 |**

*Technically designed glove with reinforcements for shifters and brakes*

- » Soft artificial suede palm with sticky gripper for optimal connection with your handlebar
- » Palm comes all the way to the top at your shifting fingers, to avoid limitation in movement
- » Easy access by the folded cuff, which prevents irritation at pressure points
- » Light weight upper for optimal ventilation

<b>Composition</b>	38% Polyamide, 55% Polyester, 7% Elastane
<b>Padding</b>	No padding
<b>Closure system</b>	Cuff
<b>Antislip</b>	Yes
<b>Sizes</b>	S, M, L, XL, XXL
<b>Color name</b>	black

### SUBZEROSHELL | BWG-46 |

*Stay warm and comfortable with these handlebar mittens, which will withstand the harshest winter weather*

- » Winter pogies for very cold commutes, to use with or without winter gloves
- » Made of wind and waterproof sturdy material to protect against the elements
- » Abundant durable reflective panels enhance visibility for safer rides
- » Installed easily on the handlebars, can also be secured at the barend
- » Suits most handlebar types from MTB's to regular bikes

<b>Waterproofness</b>	Weatherproof
<b>Windproof</b>	Yes
<b>Sizes</b>	Universal
<b>Color name</b>	black

### SUBZERO FULL FINGERS | BWG-34 |

*The sub-zero glove*

- » Eurotex layer made of tough Polyurethane stops cold air and water from entering, keeping your hands warm and dry
- » Touchscreen thumb and forefinger are reinforced with Clarino
- » Anti-slip palm material with Clarino reinforced gel inserts
- » Comfortable extra long cuff with fleece lining
- » Reflective insert panel at the back of the hand for extra visibility

<b>Composition</b>	68% Polyester, 17% Polyurethan, 6% Polyethylen, 5% Polyamid, 4% Elasthan; Lining: 100% Polyester
<b>Materials</b>	Primaloft
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

### SUBZERO 2 X 2 | BWG-35 |

*The 2 x 2 glove for sub-zero temperatures*

- » The split design gives the warmth of a mitten but with added dexterity when operating gears and brakes
- » Eurotex layer made of tough Polyurethane stops cold air and water from entering, keeping your hands warm and dry
- » Anti-slip palm material with Clarino reinforced gel inserts
- » Comfortable extra long cuff with fleece lining
- » Reflective insert panel at the back of the hand for extra visibility

<b>Composition</b>	71% Polyester, 16% Polyurethan, 6% Polyethylen, 4% Elasthan, 3% Polyamid; Lining: 100% Polyester
<b>Materials</b>	Primaloft
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

### PROSHIELD | BWG-39 |

*Winter gloves that tick all the boxes, without compromising on looks*

- » Made with a power insert to keep your hands dry
- » Made with Halucin isolation, which is specifically used for its great dexterity.
- » Strategically placed Poron XRD foam. For shock absorption and maximum support
- » Reflective panel at the side and subtle reflective stitching at the knuckles
- » Reflective panel at the side and subtle reflective stitching at the knuckles

<b>Composition</b>	28% Polyester, 27% Polyurethan, 17% Polyethylen, 14% Polyamid, 12% Elastodien, 2% Elasthan
<b>Materials</b>	Poron XRD
<b>Waterproofness</b>	Weatherproof
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

**PUFFERSHIELD WATERPROOF | BWG-41 |**

*Winter glove with waterproof puffer design ideal for cycling in all weather conditions*

- » The long cuffs provide wrist protection against the elements
- » Abundant durable reflective accents enhance visibility for safer rides
- » High-quality recycled Primaloft insulation ensures warmth and sustainability
- » Palm crafted from sturdy recycled microfiber for durability and eco-friendliness
- » Natural latex padding for superior comfort and support during long rides

<b>Composition</b>	73% Polyamide, 14% Polyester 6% Polyurethane, 6% Elastodien, 1% Elastane; Lining: 100% Polyester
<b>Materials</b>	Primaloft
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	S, M, L, XL, XXL, XXXL
<b>Color name</b>	olive green, black, dark blue

**COLDSHIELD REFLECTIVE | BWG-38 |**

*Windproof and water-repellent winter glove, with a big reflective area*

- » Made with Halucin isolation that is specifically used for its great dexterity
- » Strategically placed Poron XRD foam. For shock absorption and maximum support
- » With big and soft velcro to wear this glove over your jacket
- » Big reflective area gives you a lot of extra visibility

<b>Composition</b>	31% Polyester, 23% Polyamid, 20% Polyurethan, 15% Polyethylen, 6% Elastodien, 5% Elasthan
<b>Materials</b>	Poron XRD
<b>Waterproofness</b>	Water repellent
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

### COLD SHIELD | BWG-37 |

*Windproof and water-repellent winter glove, with a subtle reflection*

- » Made with Halucin isolation that is specifically used for its great dexterity
- » Strategically placed Poron XRD foam. For shock absorption and maximum support
- » With big and soft velcro to wear this glove over your jacket
- » Reflective elements on the sides of the glove for extra visibility

<b>Composition</b>	32% Polyester, 23% Polyurethane, 18% Polyamide, 17% Polyethylene, 6% Elastodiene, 4% Elasthane
<b>Waterproofness</b>	Water repellent
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

### NEOSHIELD | BWG-26 |

*High-quality neoprene cycling glove, ideal for wet conditions*

- » Anatomically pre-curved fingers for a perfect fit on the handlebar
- » Extra long neoprene cuff to keep the wind and rain out
- » Silicone print at palm for great grip

<b>Composition</b>	70% chloroprene rubber, 15% polyurethane
<b>Materials</b>	Multistretch Nylon Neoprene
<b>Waterproofness</b>	Water resistant
<b>Windproof</b>	Yes
<b>Sizes</b>	XS/S, M/L, XL/XXL, XXXL
<b>Color name</b>	black

**CONTROLZONE | BWG-36 |**

*Lightweight softshell glove for mild weather conditions*

- » Made with breathable windproof material, because of the membrane
- » Foam padded palm for optimal contact and grip with your handlebar
- » Thin neoprene cuff and puller that can be worn underneath your jacket.
- » Reflective elements on the sides of the glove for extra visibility

<b>Composition</b>	40% Polyurethane, 45% Polyester, 10% Polyamide, 5% Elastane
<b>Waterproofness</b>	Not waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black, neon yellow

**AIRSHIELD WINDPROOF | BWG-45 |**

*Cycling gloves that protect you against the wind*

- » Windbreaker material on the top of your hand and between fingers
- » Recycled microfiber palm for enhanced grip
- » Silicone gripper on the inside for added control
- » Precurved design for a comfortable fit during cycling
- » Touchscreen-compatible fingers for convenience on the go

<b>Composition</b>	95% Polyester, 5% Elastane
<b>Waterproofness</b>	Not waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	XS, S, M, L, XL, XXL, XXXL
<b>Color name</b>	black

**NEW!****RAINSHIELD | BWS-41**

The BWS-41 Rainshield shoe covers are perfect for urban use and commuters, easily slipping over your daily shoes to provide excellent protection against rain. Designed for convenience, they feature a dual velcro closure at the back and elastic under the sole for quick on-and-off wear. Reinforcements extend the lifespan of these overshoes, while an inner silicone gripper ensures an optimal fit around your shoes. Stay dry and comfortable on your commute with these durable shoe covers.

### RAINSHIELD | BWS-41 |

*Designed to fit over everyday shoes or trainers*

- » Stay protected from wind and water
- » Easy on, easy off with dual velcro at the back and elastic under the sole
- » Reinforced to extend the life cycle of shoe covers
- » Silicone patch on the inside for optimal fit around the shoe

<b>Composition</b>	100% Polyester
<b>Condition</b>	Wet and wind
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	37/42, 43/48
<b>Color name</b>	black

### MULTIFLEX | BWS-27 |

*Shoe cover for rain protection for every shoe*

- » Made of advanced coated material that gives the highest level of water resistance, durability, and flexibility
- » Taped seams make these shoe covers wind- and waterproof
- » Inner made of micro-fleece that gives the highest level of flexibility and comfort
- » Easy access and adjustability because of the double velcro on the back
- » Reinforced nosepiece to protect the shoe cover against possible damage

<b>Composition</b>	50% Polyester 50% Polyurethane
<b>Materials</b>	Waterflex
<b>Condition</b>	Changeable seasons
<b>Waterproofness</b>	Waterproof
<b>Sizes</b>	39/43, 44/48
<b>Color name</b>	black

### MULTIFLEX HV | BWS-27HV |

*Shoe cover for rain protection for every shoe*

- » Made of advanced coated material that gives the highest level of water resistance, durability, and flexibility
- » Taped seams make these shoe covers wind- and waterproof
- » Inner made of micro-fleece that gives the highest level of flexibility and comfort
- » Easy access and adjustability because of the double velcro on the back
- » Reinforced nosepiece to keep shoe cover in place, and protect against possible damage

<b>Composition</b>	50% Polyester 50% Polyurethane
<b>Materials</b>	Waterflex
<b>Condition</b>	Changeable seasons
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	39/43, 44/48
<b>Color name</b>	neon yellow

### ARCTICDUTY | BWS-28 |

*Shoe cover that beats the cold*

- » Made of thick neoprene with Neoskin for the best protection against rain and cold
- » The shoe cover has a thermal layer on the inside to keep your feet warm
- » Glued seams make them leakproof
- » Reinforced parts at the nose, heel and sides of the shoe cover
- » Reflective print elements on the shin, nose and back of the shoe cover

<b>Condition</b>	Extreme cold and wet days
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	38/40, 41/43, 44/46, 47/49
<b>Color name</b>	black

### ULTRAWEAR ZIPPERLESS EXT | BWS-26 |

*The zipless overshoe for really cold days*

- » Made of thick neoprene with Neoskin for the best protection against rain and cold
- » With glued seams and no zipper, all weak points of these shoe covers are eliminated.
- » Reinforced parts on the heel and the nose of the shoe cover
- » Reflective print elements on the side of the shoe cover
- » Note! Put on these overshoes before putting on your cycling shoes. Like the example in the video.

<b>Condition</b>	Extreme cold and wet days
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	37/38, 39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black

### HARDWEAR | BWS-04 |

*Designed to protect you against cold and wet conditions*

- » Waterproof shoe cover that protects against both cold as rain
- » Made of 3 mm thick Neoprene and Neoskin waterproof top layer
- » Glued seems to make the shoe covers leakproof.
- » Two reinforced parts between sole and zipper as well as on the nose
- » Industrial strength YKK-zipper and Rubber Velcro at the bottom for secure fit.

<b>Composition</b>	80% chloroprene rubber, 19% polyamide, 1% polyurethane
<b>Materials</b>	Neoskin
<b>Condition</b>	Changeable seasons
<b>Waterproofness</b>	Waterproof
<b>Sizes</b>	37/38, 39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black

**WATERFLEX 3.0 | BWS-23 |**

*The best choice for mild rainy days*

- » WaterFlex material, outer polyurethane(PU) rubber which is water-resistant, flexible and durable
- » All seams are covered inside with waterproof tape
- » Inner made of micro-fleece that gives the highest level of comfort
- » Reinforced parts on the heel and the nose of the shoe cover
- » Rubber Velcro for a secure fit

<b>Composition</b>	50% polyester, 50% polyurathene
<b>Materials</b>	Waterflex
<b>Condition</b>	Rainshower on winter days
<b>Waterproofness</b>	Water resistant
<b>Sizes</b>	37/38, 39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black, neon yellow

**FREEZE | BWS-21 |**

*Overshoe for cold, blustery winter days*

- » Stretchable soft shell material, with inner membrane which will block the cold wind
- » All seams are covered from the inside with water resistant tape
- » Reflective artwork for extra visibility
- » Soft rubber Velcro strip for a secure fit and to protect the industrial-grade YKK zipper
- » Rubber Velcro for a secure fit

<b>Composition</b>	48% polyester, 27% polyurathene, 20% SBR, 5%elasthane
<b>Condition</b>	Changeable seasons
<b>Windproof</b>	Yes
<b>Sizes</b>	37/38, 39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black

**HEAVYDUTY OSS | BWS-02B |**

*Tough shoe cover designed to give the best protection against the cold*

- » 3 mm multi stretch neoprene with nylon reinforcements on both sides
- » Industrial strength YKK zipper
- » Velcro strap allows these shoe covers to be used with (in-line) skates
- » Extra 3M reflective reinforcement between the sole and zipper

<b>Composition</b>	70% styrene butadiene rubber, 30% polyamide
<b>Condition</b>	Changeable seasons
<b>Waterproofness</b>	Water resistant
<b>Sizes</b>	37/38, 39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black

### TERRAFLEX | BWS-31 |

*Off road rain protection*

- » Stay protected from wind and water with double taped seams
- » Zipperless design eliminates weak spots in the shoe cover
- » Several reinforcements on nose, sides and heel and kevlar velcro at the bottom for easier access and protection.
- » Especially designed for small cleats and big rubber lugs
- » GrindGuard underneath the toes for optimal protection

<b>Composition</b>	31% Polyester, 31% Polyurethane, 15% Kevlar, 15% Pur Adhesive, 8% Elasthane
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	black

### RACEFLEX ZIPPERLESS | BWS-29 |

*Aerodynamic and lightweight shoe cover that protects against rain*

- » Stay protected from wind and water with double taped seams
- » Zipperless design eliminates weak spots in the shoe cover
- » High-end aerodynamic model, with pre-curved shape for enhanced performance
- » Designed with a velcro at the bottom for easier access
- » Reinforced at the nose and heel for added durability and strength

<b>Composition</b>	43% Polyester, 40% PU, 7% Elastin, 10% PU Adhesive
<b>Waterproofness</b>	Waterproof
<b>Windproof</b>	Yes
<b>Sizes</b>	39/40, 41/42, 43/44, 45/46, 47/48
<b>Color name</b>	white, black

## **SOFTCOMFORT SERIE** | BSD-95/96/97

The SoftComfort GelFoam saddles offers a perfect blend of softness and durability for urban cyclists. Designed with a GelFoam top layer and Elastomer suspension, it ensures supreme comfort for all riding positions. This waterproof saddle features a convenient carry handle and side bumpers for added protection. Crafted with sustainable materials, it caters to eco-conscious riders without compromising on quality or comfort.

**ECHELON PRO | BSD-172/173 |**

*Short high-performance Road/MTB saddle for competitive cycling posture*

- » With its short nose and optimized shape this saddle offers optimal performance and optimal comfort.
- » With the innovative rain plug you can transform your saddle from an open to a closed saddle.
- » Made with a wild blend of high-end sustainable materials: from a biobased nylon shell and recycled cover to a coffee blend EVA foam.
- » Composite carbon fiber shell
- » The large anatomic hole offer pressure relief and long time comfort.

<b>Posture</b>	Competitive (30°)
<b>Material rails</b>	Hollow stainless steel
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Lightweight EVA
<b>Material shell</b>	Carbon reinforced Nylon
<b>Pressure relieve system</b>	Anatomic cut out
<b>Density</b>	1/9
<b>Width (mm)</b>	145, 155
<b>Weight (g)</b>	204, 216
<b>Color name</b>	black

**ECHELON | BSD-141/142/143 |**

*High performance road/MTB saddle for competitive cycling posture*

- » Pressure relieving cut-out which keeps the blood flow intact and eliminates pressure points under the pubic arch
- » Carbon reinforced shell
- » Superlight EVA foam with hard density for good support on long rides
- » With durable and waterproof synthetic cover
- » Anatomic hole

<b>Posture</b>	Competitive (30°), Sportive (45°)
<b>Material rails</b>	Hollow CrMo
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Lightweight PU
<b>Material shell</b>	Carbon reinforced Nylon
<b>Pressure relieve system</b>	Anatomic cut out
<b>Density</b>	2/9

<b>Material cover</b>	Synthetic leather
<b>Material foam</b>	Dual density: PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic cut out
<b>Density</b>	9/9
<b>Width (mm)</b>	205
<b>Weight (g)</b>	709
<b>Color name</b>	black

**SOFTSHAPE UPRIGHT | BSD-127 |***City saddle for upright cycling posture*

- » Super soft Memory foam for ultimate comfort
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Durable two-tone synthetic leather cover

<b>Posture</b>	Upright (90°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic leather
<b>Material foam</b>	Dual density: PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	9/9
<b>Width (mm)</b>	220
<b>Weight (g)</b>	850
<b>Color name</b>	black

**SOFTSHAPE UPRIGHT ANATOMIC | BSD-128 |***City saddle for upright cycling posture*

- » Large anatomic cut-out provides pressure relief in the pubic area
- » Super soft Memory foam for ultimate comfort
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Durable two-tone synthetic leather cover

<b>Posture</b>	Upright (90°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic leather
<b>Material foam</b>	Dual density: PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic cut out
<b>Density</b>	9/9
<b>Width (mm)</b>	220
<b>Weight (g)</b>	861
<b>Color name</b>	black

**SPORTPLUS ACTIVE | BSD-111/112 |***Ergonomic touring saddle for active cycling posture*

- » The distinctive Plus channel combined with anatomic cut-out provides optimal pressure distribution
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Dual density foam: high density foam with Memory foam top layer
- » With durable and waterproof synthetic cover
- » Anatomic hole

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Triple density foam: EVA + PU + Memoryfoam
<b>Pressure relieve system</b>	Anatomic cut out
<b>Density</b>	6/9
<b>Width (mm)</b>	170, 185
<b>Weight (g)</b>	440, 460
<b>Color name</b>	black

**TOURINGPLUS ACTIVE | BSD-115/116 |***Ergonomic touring saddle for active cycling posture*

- » The distinctive Plus channel provides optimal pressure distribution
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Triple Density foam: high density EVA + moderate density PU and soft Memory foam top layer
- » With durable and waterproof synthetic cover
- » Anatomic hole

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Triple density foam: EVA + PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	6/9
<b>Width (mm)</b>	170, 185
<b>Weight (g)</b>	440, 460
<b>Color name</b>	black

**COMFORTPLUS RELAXED | BSD-102 |***Ergonomic city saddle for relaxed cycling posture*

- » Plus channel and lowered nose for pressure relief under pubic arch and tailbone
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Triple Density foam: high density EVA + moderate density PU and soft Memory foam top layer
- » With durable and waterproof synthetic cover
- » Integrated carrying handle

<b>Posture</b>	Upright (90°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Triple density foam: EVA + PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	7/9
<b>Width (mm)</b>	205
<b>Weight (g)</b>	642
<b>Color name</b>	black

**COMFORTPLUS UPRIGHT | BSD-106 |***Ergonomic city saddle for upright cycling posture*

- » Plus channel and lowered nose for pressure relief under pubic arch and tailbone
- » Polypropylene (PP) shell with elastomer suspension and integrated bumpers for extra protection
- » Triple Density foam: high density EVA + moderate density PU and soft Memory foam top layer
- » With durable and waterproof synthetic cover
- » Integrated carrying handle

<b>Posture</b>	Upright (90°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Triple density foam: EVA + PU + Memoryfoam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	8/9
<b>Width (mm)</b>	220
<b>Weight (g)</b>	730
<b>Color name</b>	black

**DIAMOND | BSD-162 |***Waterproof saddle for an active cycling posture*

- » Medium soft foam for a comfortable ride
- » The wear resistant side panels protect the saddle and ensure a long lifetime.

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	PU
<b>Material shell</b>	PP
<b>Width (mm)</b>	185
<b>Weight (g)</b>	583
<b>Color name</b>	black

**SOFTCOMFORT GELFOAM SERIES | BSD-95/96/97 |***Soft, Waterproof and Comfortable urban saddle series*

- » With GelFoam top layer and Elastomer suspension
- » Suited for an active position
- » With carry handle
- » With side bumper for protection
- » Made with sustainable materials

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Gel foam
<b>Material shell</b>	PP
<b>Density</b>	8/9

**MEANDER ACTIVE | BSD-91/92 |***Saddle for active cycling posture*

- » FLOAT foam, an innovative foam that absorbs shocks and is more comfortable than regular foams
- » Polypropylene (PP) shell with integrated bumpers for extra protection
- » Durable waterproof synthetic cover

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Float foam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	7/9
<b>Width (mm)</b>	170, 185
<b>Weight (g)</b>	460, 476
<b>Color name</b>	black

**MEANDER RELAXED | BSD-93 |***City saddle for relaxed cycling posture*

- » FLOAT foam, an innovative foam that absorbs shocks and is more comfortable than regular foams
- » Polypropylene (PP) shell with integrated bumpers for extra protection
- » Durable waterproof synthetic cover

<b>Posture</b>	Relaxed (75°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Float foam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	8/9
<b>Width (mm)</b>	205
<b>Weight (g)</b>	584
<b>Color name</b>	black

**MEANDER UPRIGHT | BSD-94 |***City saddle for upright cycling posture*

- » FLOAT foam, an innovative foam that absorbs shocks and is more comfortable than regular foams
- » Polypropylene (PP) shell with integrated bumpers for extra protection
- » Durable waterproof synthetic cover

<b>Posture</b>	Upright (90°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic
<b>Material foam</b>	Float foam
<b>Material shell</b>	PP
<b>Pressure relieve system</b>	Anatomic channel
<b>Density</b>	8/9
<b>Width (mm)</b>	225
<b>Weight (g)</b>	718
<b>Color name</b>	black

**BASEDENSITY ACTIVE | BSD-86 |***Saddle for active cycling posture*

- » Durable and waterproof touring saddle
- » Polypropylene (PP) shell with integrated bumpers for extra protection
- » Light foam with moderate density for optimal comfort
- » Durable waterproof synthetic cover

<b>Posture</b>	Active (60°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic leather
<b>Material foam</b>	PU
<b>Material shell</b>	PP
<b>Density</b>	4/9
<b>Width (mm)</b>	170
<b>Weight (g)</b>	415
<b>Color name</b>	black

**BASESHAPE RELAXED | BSD-56 |***City saddle for relaxed cycling posture*

- » Durable and waterproof city saddle
- » Polypropylene (PP) shell with integrated bumpers for extra protection
- » Moderate soft PU foam
- » Durable synthetic cover

<b>Posture</b>	Relaxed (75°)
<b>Material rails</b>	Boron
<b>Material cover</b>	Synthetic leather
<b>Material foam</b>	PU
<b>Material shell</b>	PP
<b>Density</b>	5/9

### COMFORTPOST | BSP-41 |

*Seatpost with adjustable springs suspension for maximum comfort*

- » This seatpost reduces vibrations and absorbs shocks
- » With protection sleeve
- » Extra long seatpost(400mm)
- » Comes with extra coils to optimize the suspension for the rider's weight
- » Certified to use on all types of bikes including E-bike (EN-15194)

<b>Length Seatpost (mm)</b>	400
<b>Offset (mm)</b>	20
<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	No
<b>Seatpost suspension</b>	Yes
<b>Suspension Travel (mm)</b>	20
<b>Clamp mechanism</b>	Single bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	685
<b>Sizes</b>	27.2mm, 30.9mm, 31.6mm

### ACTIONPOST | BSP-42 |

*Suspension seatpost for vibration reduction and shock absorbtion*

- » Extra long seatpost (400mm)
- » Comes with extra elastomers to optimize the suspension for the rider's weight
- » Suited for all types of bikes
- » Certified to use on all types of bikes including E-bike (EN-15194)

<b>Length Seatpost (mm)</b>	400
<b>Offset (mm)</b>	20
<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	No
<b>Seatpost suspension</b>	Yes
<b>Suspension Travel (mm)</b>	20
<b>Clamp mechanism</b>	Single bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	495, 489, 500
<b>Sizes</b>	27.2mm, 30.9mm, 31.6mm

### CANDLEPOST | BSP-44 |

*Suspension seatpost for personalised comfort and vibration reduction*

- » Reduces vibrations and absorbs shocks
- » Adjustable 40mm spring suspension for personalized comfort
- » The seatpost clamp has 8mm offset on the seatpost center
- » 350mm length suitable for various bike sizes
- » Certified to use on all types of bikes including E-bike (EN-15194)

<b>Length Seatpost (mm)</b>	350
<b>Offset (mm)</b>	8
<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	Yes
<b>Seatpost suspension</b>	Yes
<b>Suspension Travel (mm)</b>	40
<b>Clamp mechanism</b>	Dual bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	496, 534, 588
<b>Sizes</b>	27.2mm, 30.9mm, 31.6mm

**HANDLEPOST | BSP-52 |**

*Cable-free dropper seatpost with 100mm stepless travel*

- » Easy-to-reach lever on the front under the saddle
- » The seatpost clamp has 15mm offset on the seatpost center
- » Durable air-oil cartridge
- » Easy disassembly for cleaning and cartridge replacement
- » 27.2mm diameter with a length of 390mm (minimum insert 120mm). 30.9mm and 31.6mm diameters have a length of 360mm (minimum insert 70mm)

<b>Length Seatpost (mm)</b>	360, 390
<b>Offset (mm)</b>	15
<b>Seatpost material</b>	6061 T6 Aluminium, 7075 T6 Aluminium
<b>Carbon rails compatible</b>	Yes
<b>Clamp mechanism</b>	Dual bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	621, 567, 588
<b>Sizes</b>	27.2mm, 30.9mm, 31.6mm

**LIFTPOST | BSP-51 |**

*Internal routed dropper seatpost with smooth stepless travel*

- » Easy disassembly for cleaning the seatpost and replacing the durable air-oil cartridge.
- » Complete with remote lever and cable set
- » Smooth stepless travel for adjustable saddle height
- » The seatpost clamp has 0mm offset on the seatpost center
- » Easy disassembly for cleaning and cartridge replacement

<b>Length Seatpost (mm)</b>	410, 470, 518
<b>Offset (mm)</b>	0
<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	Yes
<b>Clamp mechanism</b>	Dual bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	733, 755,
<b>Sizes</b>	30.9mm, 31.6mm

**DROPCONTROL UNI | BSP-56 |**

*Universal dropper post remote lever for both left and right sides of the handlebar*

- » All-in-one package with cable and housing included
- » Compatible with almost any dropper post on the market
- » Compatible with external and internal cable routing
- » Quick and easy installation
- » Designed for Ø 22.2 handlebars

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Weight (g)</b>	29

**DROPCONTROL LEFT | BSP-57 |***Dropper post remote lever for the left side of the handlebar***22.2 mm**

- » All-in-one package with cable and housing included
- » Compatible with almost any dropper post on the market
- » Compatible with external and internal cable routing
- » Quick and easy installation
- » Designed for Ø 22.2 handlebars

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Weight (g)</b>	34

**FLYPOST | BSP-31 |***Full carbon fiber seatpost with integrated head*

- » Minimal weight while maintaining outstanding durability and strength
- » UD carbon finish
- » Dual bolt adjustable clamp
- » Lightweight

<b>Length Seatpost (mm)</b>	340
<b>Offset (mm)</b>	25
<b>Seatpost material</b>	Carbon
<b>Carbon rails compatible</b>	Yes
<b>Seatpost suspension</b>	No

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	Yes
<b>Seatpost suspension</b>	No
<b>Clamp mechanism</b>	Dual bolt
<b>Certified for</b>	E-Bike (EN 15194), MTB (EN 14766 / ISO 4210), Road (EN 14781 / ISO 4210), Touring (EN 14764 / ISO 4210)
<b>Weight (g)</b>	315
<b>Sizes</b>	27.2mm, 30.9mm, 31.6mm

15 mm

400 mm

### CARRIERCLAMP | BSP-99 |

*Screw-on seatpost clamp with luggage carrier mounts.*

- » Mounting points for M5 threaded bolts for attaching a carrier
- » For both round aluminum and carbon seatposts
- » Made of 6061 T6 aluminium

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Carbon rails compatible</b>	Yes
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	35, 36, 38
<b>Sizes</b>	28.6mm, 31.8mm, 34.9mm

### COLLARCLAMP | BSP-88 |

*Screw-on seatpost clamp with rubber cover to prevent water and dust entering the seat tube*

- » Versatile clamp for carbon and aluminum seatposts
- » Made from durable 6061 T6 aluminium
- » Rubber cover keeps water and dust out of the seat tube
- » Available in sizes 31.8 (27.2) and 34.9 (30.9, 31.6)

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	25, 27
<b>Sizes</b>	31.8mm, 34.9mm

**LIGHTSTRANGLER | BSP-85 |**

*Lightweight and easy to use seatpost clamp*

- » Screw-on seatpost clamp
- » For carbon and aluminium seatposts
- » The double cylinder mechanism distributes the clamp force evenly

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	17
<b>Sizes</b>	28.6mm, 31.8mm, 34.9mm, 35.8mm

**THESTRANGLER | BSP-80 |**

*Screw-on seatpost clamp*

- » For aluminium seatposts
- » 6061 T6 aluminium

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	20
<b>Sizes</b>	28.6mm, 31.8mm, 34.9mm

**POSTFIX | BSP-97 |**

*Aluminium collar that clamps your seatpost*

- » Will be installed on top of the frame seat post clamp
- » Prevents the seat post from slipping
- » For carbon and aluminium seatposts

<b>Weight (g)</b>	5
<b>Sizes</b>	27.2mm, 31.6mm

### LIGHTLEVER | BSP-86 |

*Lightweight clamp with CNC machined quick release lever*

- » Equally divides the clamping forces
- » For carbon and aluminium seatposts

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	31
<b>Sizes</b>	28.6mm, 31.8mm, 34.9mm

### SMOOTHLEVER | BSP-87 |

*Quick release seatpost clamp*

- » Special smooth design to avoid any leg interaction
- » For aluminium seatposts

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	42
<b>Sizes</b>	28.6mm, 31.8mm, 34.9mm

### SHIFTFIX | BSP-90 |

*Aluminium front derailleur clamp*

- » For frame tube diameters: 31,8 and 34,9 mm

<b>Seatpost material</b>	6061 T6 Aluminium
<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	25
<b>Sizes</b>	34.9mm, 31.8mm

**FRAMEFIX | BSP-94 |**

*Aluminium race number clamp for mounting on the brake axle*

- » Perfect solution to eliminate cable ties on frame
- » Butterfly nut for fast and easy installation

<b>Clamp mechanism</b>	Single bolt
<b>Weight (g)</b>	11

**NUMBERFIX | BSP-95 |**

*Aluminium race number clamp for mounting on the seatpost*

- » Perfect solution to eliminate cable ties on frame
- » Self tapping bolts for fast and easy installation
- » Rubber O-rings securely fit around the seatpost
- » Rubber protection inside for extra grip and to prevent seatpost damage

<b>Weight (g)</b>	11
-------------------	----

**AEROFIX | BSP-96 |**

*Aluminium race number clamp for mounting on the seatpost*

- » Special design for aero shaped seatposts
- » Perfect solution to eliminate cable ties on frame
- » Self tapping bolts for fast and easy installation
- » Rubber O-rings securely fit around the seatpost
- » Rubber protection inside for extra grip and to prevent seatpost damage

<b>Weight (g)</b>	11

## FEATURES SEATPOSTS

## 6061 T6 ALUMINUM

6061 T6 aluminum is a commonly used material and very strong. Due to the special hardening process, the material is suitable for every type of bicycle.

## 2014 T6 ALUMINUM

2014 T6 aluminum is a lightweight and also very strong aluminum that is often used in the aviation industry.

## CARBON

**CARBON** Carbon is known as a lightweight and excellent material for absorbing vibrations from the road surface, which increases the level of comfort. In addition, carbon is produced in a mold so that there are no welding lines. This increases the strength of the material and provides a reliable and lightweight seatpost.

## SUSPENSION

**SUSPENSION**  
Suspension seatposts are specially designed to provide maximum comfort during the ride. The suspension mechanism absorbs vibrations and shocks.

## OFFSET

**OFFSET**  
The seatpost setback or offset is the distance between the centerline of the seatpost and the centerline of the saddle rail clamp, where the saddle is clamped to the seatpost. A number of seatposts have a 'zero offset' in other words, the saddle rail clamp is exactly in line with the seatpost. In the case of a 15mm offset, the center of the saddle rail clamp is 15 mm behind the center of the seatpost.

## LENGTH

**LENGTH**  
The length of the seat post is measured from in between the saddle rails until the lower end of the seat post. The lengths vary between 340 - 400 mm to ensure a good riding position on the bike.

## DIAMETER

**DIAMETER**  
The diameter is the outer diameter of the seatpost.

**ENIGMA | BPD-38 |**

*Lightweight aluminum platform MTB pedal with sealed bearings*

- » Large concave platform 95\*100mm(L\*W)
- » Tapered pins for maximum grip
- » Only 399 grams/pair
- » Sealed cartridge + DU bearing
- » Durable anodized aluminium body

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing, DU bearing
<b>Weight (g)</b>	399
<b>Color name</b>	matt black, matt red, matt grey

**DECODER | BPD-37 |**

*Composite platform MTB pedal with sealed bearings*

- » Durable, lightweight and large platform pedal
- » Made with high quality recycled Nylon composite
- » Slightly concave profile for a natural and secure fit
- » 11 adjustable and replaceable M3 pins on each side
- » Servicable bearings. Bearing replacement kit is available.

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	PA+GF
<b>Bearing type</b>	Cartridge ball bearing, Bushing bearing
<b>Weight (g)</b>	397
<b>Color name</b>	black, matt grey, matt green

**COOLRIDE | BPD-36 |**

*Aluminum MTB platform pedal with sealed bearings*

- » One-piece aluminium body
- » CrMo Axle
- » Double sealed bearings
- » Big platform pedals provides firm grip and control

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing
<b>Mounting system</b>	Allen key 8mm
<b>Weight (g)</b>	441
<b>Color name</b>	black, red, neon yellow

**MOUNTAINHIGH | BPD-32 |***Heavy duty aluminum platform MTB pedal with DU bearings*

- » Heavy-duty construction withstands the rough demands of freeriding
- » Durable aluminium body with CrMo spindle
- » Replaceable / removable grip pins

<b>Pedal type</b>	Flat
<b>Shaft material</b>	Boron steel
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	DU bearing
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	592
<b>Color name</b>	matt black

**TRAILRIDE | BPD-35 |***Nylon platform pedal with DU bearings*

- » One piece composite body with anti-slip pin design
- » Maintenance free sealed DU bushed bearings and CNC machined CrMo axle
- » Dual built-in reflectors for extra visibility

<b>Pedal type</b>	Flat
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	335
<b>Color name</b>	black

**TRAILMOUNT | BPD-71 |***SPD compatible MTB pedal with aluminium cage*

- » The cage provides extra support and protection
- » Open design for easy mud release
- » Adjustable tension
- » Sealed cartridge needle bearing on crank side, cartridge ball bearing on the outside
- » SPD compatible BBB Click & Go cleats included

<b>Pedal type</b>	Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing, Cartridge needle bearing
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	Allen key 6mm
<b>Weight (g)</b>	360
<b>Color name</b>	matt black

**FORCEMOUNT | BPD-14 |***SPD compatible MTB pedal*

- » Adjustable tension
- » Open design for easy mud release
- » CNC machined CrMo axle
- » Sealed plain bearing on crank side, cartridge bearing on the outside
- » SPD compatible BBB Click & Go cleats included

<b>Pedal type</b>	Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing, Cartridge needle bearing
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	Allen key 6mm
<b>Weight (g)</b>	294
<b>Color name</b>	black

**TOUCHMOUNT | BPD-74 |***SPD compatible MTB pedal*

- » Adjustable tension
- » Strong aluminium body
- » Durable ball bearings
- » Cleats included

<b>Pedal type</b>	Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Loose ball
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	15mm wrench, Allen key 8mm
<b>Weight (g)</b>	407
<b>Color name</b>	black

**DUALCHOICE TRAIL | BPD-62 |***Pedal with two functions. One side is SPD compatible and one side is platform for flat soled shoes*

- » Platform side with pins for extra grip
- » Durable matt black aluminium body with CrMo spindle
- » Maintenance-free sealed bearings
- » Adjustable tension
- » SPD compatible BBB Click & Go cleats included

<b>Pedal type</b>	One Side Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing, Cartridge needle bearing
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	Allen key 6mm
<b>Weight (g)</b>	412
<b>Color name</b>	matt black

**DUALCHOICE | BPD-61 |**

*Pedal with two functions. One side SPD compatible click mechanism, other side equipped with anti-slip aluminium cage for street shoes.*

- » Durable aluminium body with CrMo spindle
- » Maintenance-free sealed bearings
- » Adjustable tension
- » Inc. SPD compatible BBB Click&Go cleats

<b>Pedal type</b>	One Side Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing, Cartridge needle bearing
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	15mm wrench, Allen key 6mm
<b>Weight (g)</b>	435
<b>Color name</b>	black

**DUALCHOICE CLASSIC 2.0 | BPD-23B |**

*Pedal with two functions: one side is SPD compatible and the other side is for normal shoes*

- » Fast clip-in / clip-out mechanism with adjustable tension
- » Maintenance-free sealed industrial bearings
- » High-strength CrMo spindle
- » SPD cleats included for under your shoes
- » Dual reflectors provide extra visibility

<b>Pedal type</b>	One Side Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing
<b>Clipless system</b>	SPD
<b>Including cleats</b>	Yes
<b>Mounting system</b>	15mm wrench, Allen key 6mm
<b>Weight (g)</b>	379
<b>Color name</b>	black

**CLICK & GO | BPD-01 |**

*Replacement SPD cleats*

- » Compatible with all SPD shoes and pedals
- » Tough and light CrMo for long-lasting durability
- » Hardened steel bolts included
- » Float: 4°

<b>Clipless system</b>	SPD
<b>Float (degrees)</b>	4°
<b>Weight (g)</b>	53
<b>Color name</b>	silver

**REBEL | BPD-51 |***Composite road pedal with Look Keo system*

- » Fiber reinforced body
- » Stainless steel wide contact area
- » Double sealed bearings
- » Cartridge bearing and DU bearing
- » 7° floating cleats (BPD-04A) included

<b>Pedal type</b>	Clipless
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	PA+GF
<b>Bearing type</b>	Cartridge ball bearing
<b>Clipless system</b>	Look Keo
<b>Including cleats</b>	Yes
<b>Weight (g)</b>	255
<b>Color name</b>	matt black

**ROADCLIP | BPD-02A |***Replacement cleats for Look Delta systems*

- » Compatible with Look DELTA-pedals and BBB BPD-05 RoadDynamic
- » Float: 9°

<b>Clipless system</b>	Look Delta
<b>Float (degrees)</b>	9°
<b>Weight (g)</b>	92
<b>Color name</b>	red

**ROADCLIP | BPD-02F |***Replacement cleats for Look Delta systems*

- » Compatible with Look DELTA-pedals and BBB BPD-05 RoadDynamic
- » Fixed cleats, 0° float

<b>Clipless system</b>	Look Delta
<b>Float (degrees)</b>	0°
<b>Weight (g)</b>	92
<b>Color name</b>	black

**MULTICLIP | BPD-04A |***Replacement cleats for Look Keo systems*

- » Compatible with Look KEO pedal systems
- » Float: 7°
- » Rubber anti-slip surface

<b>Clipless system</b>	Look Keo
<b>Float (degrees)</b>	7°
<b>Weight (g)</b>	49
<b>Color name</b>	red

**MULTICLIP | BPD-04F |***Replacement cleats for Look Keo systems*

- » Compatible with Look KEO pedal systems (BPD-51)
- » Fixed cleats, 0° float
- » Rubber anti-slip surface

<b>Clipless system</b>	Look Keo
<b>Float (degrees)</b>	0°
<b>Weight (g)</b>	49
<b>Color name</b>	black

**POWERCLIP | BPD-06A |***SPD SL Compatible cleats*

- » 6 degrees float
- » With rubber anti-slip surface

<b>Clipless system</b>	SPD-SL
<b>Float (degrees)</b>	6°
<b>Weight (g)</b>	62
<b>Color name</b>	red

**POWERCLIP | BPD-06F |***SPD SL compatible cleats*

- » 0 degree float
- » With rubber anti-slip surface

<b>Clipless system</b>	SPD-SL
<b>Float (degrees)</b>	0°
<b>Weight (g)</b>	62
<b>Color name</b>	black

**ERGOBASE | BPD-47 |***Ergonomic pedal with Nylon body for E-bikes and Cargo bikes*

- » The large platform provides optimal comfort
- » Superior grip in any weather with molded pins and anti-slip surface
- » Enhance visibility with dual reflectors for added safety.
- » This pedal is EN15194 and Zeddler Advanced XXL certified

<b>Pedal type</b>	Flat
<b>Material pedal body</b>	PA
<b>Bearing type</b>	DU bearing
<b>Color name</b>	black

**ERGORIDE | BPD-46 |***Sporty pedal for great grip*

- » Durable and lightweight one-piece body
- » Rubber anti-slip surface
- » Dual reflectors provide extra visibility
- » Suited for used on E-bikes (EN15194)
- » Boron Axle

<b>Pedal type</b>	Flat
<b>Shaft material</b>	Boron steel
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	DU bearing
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	484
<b>Color name</b>	black

### ERGOBASE HP | BPD-49 |

*Ergonomic pedal with aluminium body for E-bikes and Cargo bikes*

- » The large platform provides optimal comfort
- » Superior grip in any weather with molded pins and anti-slip surface
- » Enhance visibility with dual reflectors for added safety.
- » This pedal is EN15194 and Zeddler Advanced XXL certified

<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing
<b>Color name</b>	black

### EASYBASE 2.0 | BPD-48 |

*The most versatile pedal*

- » Durable and lightweight one-piece body
- » Large anti-slip surface with special sand paper-like surface
- » Comfortable with sandals and heels.
- » Dual built-in reflectors for extra visibility.
- » Maintenance free DU bearings.

<b>Pedal type</b>	Flat
<b>Shaft material</b>	Boron steel
<b>Material pedal body</b>	PA
<b>Bearing type</b>	DU bearing
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	315
<b>Color name</b>	black

### COMFORTLIGHT | BPD-43 |

*Comfortable pedal with a lot of grip*

- » Aluminium body with a durable and lightweight cage
- » Rubber anti-slip surface
- » CrMo Axle
- » Cartridge bearing and DU bearing
- » Dual reflectors provide extra visibility

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	260
<b>Color name</b>	black

**STEADYREST 2.0 | BPD-45B |***SteadyRest 2.0 is back in town*

- » Alloy body with plastic cage
- » With Kraton anti slip surface
- » CrMo axle with Ball bearings
- » With reflectors
- » Made with recycled materials

<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Loose ball
<b>Mounting system</b>	15mm wrench
<b>Color name</b>	black

**STEADYRIDER | BPD-44 |***Ride your bike steady and secure*

- » Durable and lightweight one-piece body
- » Rubber anti-slip surface
- » Boron Axle
- » Dual reflectors provide extra visibility

<b>Pedal type</b>	Flat
<b>Shaft material</b>	Boron steel
<b>Material pedal body</b>	PA
<b>Bearing type</b>	Loose ball
<b>Mounting system</b>	15mm wrench
<b>Weight (g)</b>	328
<b>Color name</b>	black

**CLASSICRIDE 2.0 | BPD-17B |***Maintenance-free sealed industrial bearings*

- » High-strength CrMo spindle
- » Serrated top pattern and bottom to anchor shoes in all weather conditions
- » Dual reflectors provide extra visibility
- » Compatible with NoseTight and Bike & Tight

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Cartridge ball bearing
<b>Mounting system</b>	15mm wrench, Allen key 6mm
<b>Weight (g)</b>	287
<b>Color name</b>	black

**MOUNT & GO 2.0 | BPD-15B |***Lightweight pedal with plastic body and metal cage*

- » High-strength CrMo spindle
- » Serrated top and bottom pattern to anchor shoes in all weather conditions
- » Dual reflectors provide extra visibility
- » Compatible with NoseTight and Bike & Tight

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	PA
<b>Bearing type</b>	DU bearing
<b>Mounting system</b>	15mm wrench, Allen key 6mm
<b>Weight (g)</b>	235
<b>Color name</b>	black

**BIGFEET 2.0 | BPD-16B |***High-strength cold-forged aluminium body with metal cage for optimal power distribution and stiffness*

- » Extra strong with minimum weight
- » Serrated top pattern and bottom to anchor shoes in all weather conditions
- » Dual reflectors provide extra visibility
- » High-strength CrMo spindle with smooth running loose ball bearings
- » Compatible with NoseTight and Bike & Tight

<b>Pedal type</b>	Flat
<b>Shaft material</b>	CrMo
<b>Material pedal body</b>	Aluminium
<b>Bearing type</b>	Loose ball
<b>Mounting system</b>	15mm wrench, Allen key 6mm
<b>Weight (g)</b>	250
<b>Color name</b>	black

**FEETREST | BPD-90 |***Adapter that fits on one side of a SPD-compatible pedal that allows you to use ordinary street shoes*

- » Dual reflectors provide extra visibility
- » Easy installation and removal

<b>Weight (g)</b>	68
<b>Color name</b>	black

BIKE & TIGHT | BPD-30 |

- » Extra durable industrial-strength nylon straps
- » Made to withstand frequent use
- » Retains strength even when exposed to the elements
- » Heavy-duty high grade buckles

Weight (g)	47
Color name	black

NOSETIGHT | BPD-95 |

- » Strapless toe clips
- » Compatible with the BPD-15 Mount & Go, BPD-16 BigFeet and BPD-17 ClassicRide

Weight (g)	113
Color name	black

**ACTIONSTEM | BHS-52 |**

*Shock-absorbing and vibration-reducing stem for 31.8mm handlebars.*

31.8 mm

- » With 0° (60mm) to +3.5° (100mm) angle, depending on length, for an active, sporty or competitive sitting position.
- » For direct mount on the steerer tube, 28.6 mm (1 1/8")
- » Comes with extra elastomers to optimize the desired shock absorption (up to 20 mm)
- » Ideal for gravel, road and commuting
- » Compatible with BHS-91 Stemfix and BHS-92 GoFix bracket

<b>Bar center diameter (mm)</b>	31.8
<b>Di2 Compatible</b>	No
<b>Steerer tube diameter (mm)</b>	28.6mm (1 1/8")
<b>Material</b>	6061 T6 Aluminium
<b>Stem type</b>	Adjustable
<b>Certified for</b>	E-Bike (EN 15194), Road (EN 14781 / ISO 4210)
<b>Compatible with</b>	BHS-92 Gofix, BHS-91 Stemfix
<b>Weight (g)</b>	309, 317, 347, 365, 386
<b>Sizes</b>	60mm, 70mm, 80mm, 90mm, 100mm

**RIDER | BHS-09 |**

*Lightweight 3D forged one-piece construction stem for 31.8mm handlebars.*

31.8 mm

- » With +/- 7° angle for an active, sportive or competitive cycling position.
- » For direct mount on the steerer tube, 28.6 mm (1 1/8")
- » Polished artwork with hand soft sandblasted finish and galvanized black bolts
- » Certified to use on all types of bikes including MTB and E-bikes
- » BHS-92 GoFix bracket included and compatible with BHS-91 Stemfix and BLS-99 GoMount

<b>Bar center diameter (mm)</b>	31.8
<b>Di2 Compatible</b>	No
<b>Steerer tube diameter (mm)</b>	28.6mm (1 1/8")

AEROPRO JB | BHB-70JB |

Level up your aero game with our adjustable aerobar with J-bend bars

- » Modular platform to perfectly get you in your desired aero position
- » Multi Adjustable in length, height and width
- » Comfortable Armpads greates large surface area and replaceable foam pads
- » Bridge for extra stability and mounting options
- » Optional Riser set(BHB-70RS) and Extender set(BHB-70ES) available

Material	Aluminium
Bar center diameter (mm)	31.8
Aerobar bend type	J-bend
Aerobar length (mm)	358
Armpad material	PU
Replaceable armpad	Yes

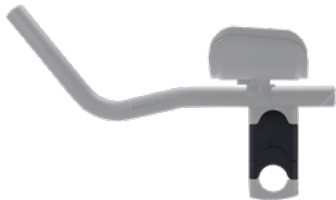

AEROPRO EB | BHB-70EB |

Level up your aero game with our adjustable aerobar with ergo bend bars

- » Modular platform to perfectly get you in your desired aero position
- » Multi Adjustable in length, height and width
- » Comfortable Armpads greates large surface area and replaceable foam pads
- » Bridge for extra stability and mounting options
- » Optional Riser set(BHB-70RS) and Extender set(BHB-70ES) available

Material	Aluminium
Bar center diameter (mm)	31.8
Aerobar bend type	Ergo-bend
Aerobar length (mm)	365
Armpad material	PU
Replaceable armpad	Yes

AEROPRO RISER SET | BHB-70RS |

Riser set for AeroPro Aerobars

- » Set with 2x 20mm and 2x40mm risers
- » Rise your AeroPro aerobar with 20, 40 or even 60mm!
- » Compatible with BHB-70JB and BHB-70EB
- » Bolts included

Material	Aluminium
----------	-----------

**AEROPRO EXTENDER SET | BHB-70ES |**

NEW

*Extender set for AeroPro Aerobars*

- » Extend your aerobar bracket to create an extra wide armrest position
- » This extender set allows to move the armrest outwards with max. 36mm
- » Set included two armrests (Left/Right) and included bolts.
- » Compatible with BHB-70EB and BHB-70JB AeroPro Aerobars

<b>Material</b>	Aluminium
-----------------	-----------

**AEROMAX | BHB-60 |***J-bend aerobar for optimized aerodynamics with multi-adjustable and replaceable PU arm pads*

- » Separate armrest clamps for maximum adjustability
- » Extra long J-bend bars
- » Multi adjustable arm pads and replaceable foam pads
- » Convenient clamping mechanism compatible with 31,8/25.4mm handlebars

<b>Material</b>	6061 T6 Aluminium
<b>Bar center diameter (mm)</b>	25.4, 31.8
<b>Aerobar bend type</b>	J-bend
<b>Aerobar length (mm)</b>	350
<b>Armpad material</b>	PU

## HORIZON | BHB-09DI2 |

*Flat MTB handlebar for agile riding style*

- » Made out of lightweight and super strong aluminium
- » Di2 compatible
- » Extra wide, 760 mm, for optimal control
- » Can be shortened to your own preference

Material	6061 T6 Aluminium
Bar center diameter (mm)	31.8
Rise (mm)	0
Backsweep (degrees)	9
Upsweep (degrees)	0
Di2 Compatible	Yes
Width (mm)	780
Weight (g)	335
Color name	black

## ASCENSION | BHB-11 |

*MTB handlebar with 15mm rise*

- » Made out of lightweight and super strong aluminium
- » Extra wide, 760 mm, for optimal control
- » Can be shortened to your own preference

Material	6061 T6 Aluminium
Bar center diameter (mm)	31.8
Rise (mm)	15
Backsweep (degrees)	9
Upsweep (degrees)	5
Di2 Compatible	No
Width (mm)	760
Weight (g)	335
Color name	black

## ASCENSION | BHB-11DI2 |

*MTB handlebar with 15mm rise*

- » Made out of lightweight and super strong aluminium
- » Di2 compatible
- » Extra wide, 760 mm, for optimal control
- » Can be shortened to your own preference

Material	6061 T6 Aluminium
Bar center diameter (mm)	31.8
Rise (mm)	15
Backsweep (degrees)	9
Upsweep (degrees)	5
Di2 Compatible	Yes
Width (mm)	780
Weight (g)	337
Color name	black

### SKYBAR | BHB-07 |

*Riser bar with 35mm rise*

- » Made out of lightweight and super strong aluminium
- » Extra wide, 760 mm, for optimal control
- » Can be shortened to your own preference

Material	6061 T6 Aluminium
Bar center diameter (mm)	31.8
Rise (mm)	35
Backsweep (degrees)	9
Upsweep (degrees)	5
Di2 Compatible	No
Width (mm)	760
Weight (g)	377
Color name	black

### SKYBAR 35MM | BHB-12 |

*Handlebar for 35mm stems*

- » 30mm rise for a more upright riding position
- » 800mm wide handlebar
- » Possible to shorten the width with max. 100mm
- » Di2 compatible

Material	6061 T6 Aluminium
Bar center diameter (mm)	35
Rise (mm)	30
Backsweep (degrees)	8
Upsweep (degrees)	6
Di2 Compatible	Yes
Width (mm)	800
Weight (g)	370
Color name	black

### RACER | BHB-35 |

*Zero flare drop bar designed for road bikes*

- » Oversized for strength, stiffness and lightweight
- » Compact drop and ergonomic shaped bar
- » Made out of lightweight and super strong aluminium
- » Partly flattened at the top

Material	6061 T6 Aluminium
Bar center diameter (mm)	31.8
Reach (mm)	70
Drop (mm)	125
Flare angle (degrees)	0
Di2 Compatible	Yes
Width (mm)	380, 400, 420, 440
Weight (g)	337
Color name	black

**GRAVELLER | BHB-36 |**

*Flared drop bar for more control on gravel roads*

- » Also suited for beachracers
- » Compact drop and ergonomic shaped bar
- » Di2 compatible
- » More space for bikepacking handlebar bags

<b>Material</b>	6061 T6 Aluminium
<b>Bar center diameter (mm)</b>	31.8
<b>Reach (mm)</b>	70.2
<b>Drop (mm)</b>	130
<b>Flare angle (degrees)</b>	16
<b>Di2 Compatible</b>	Yes
<b>Width (mm)</b>	420, 440
<b>Weight (g)</b>	310, 320
<b>Color name</b>	black

**MULTIBAR | BHB-30 |**

*Multi-position handlebar designed for maximum comfort*

- » The ergonomic design of these handlebars allows multiple hand positions.
- » Combine with the MultiFoam (BHG-27) or Exclusive (BHG-29) grips for maximum comfort.

<b>Material</b>	6061 T6 Aluminium
<b>Bar center diameter (mm)</b>	25.4
<b>Di2 Compatible</b>	No
<b>Width (mm)</b>	570
<b>Weight (g)</b>	570
<b>Color name</b>	black

**MULTIBAR OS | BHB-30OS |**

*Multi-position handlebar designed for maximum comfort*

- » The ergonomic design of these handlebars allows multiple hand positions.
- » Combine with the MultiFoam (BHG-27) or Exclusive (BHG-29) grips for maximum comfort.

<b>Material</b>	6061 T6 Aluminium
<b>Bar center diameter (mm)</b>	31.8
<b>Width (mm)</b>	570
<b>Weight (g)</b>	570
<b>Color name</b>	black

**BARMOUNT | BHB-91 |**

*Alloy bracket with 70mm width to provide extra accessory mounting capabilities*

- » A solution to mount more accessories on the cockpit
- » For mounting on 31.8mm handlebars
- » Can be mounted left as well as right from the bracket
- » Can be mounted left as well as right from the bracket

<b>Material</b>	6061 T6 Aluminium
<b>Bar center diameter (mm)</b>	31.8
<b>Color name</b>	black

**31.8** mm**UNIFIX | BHB-90 |**

*Universal handlebar clamp*

- » Can be used to fix a bottle cage, bag etc.

<b>Material</b>	Aluminium
<b>Weight (g)</b>	47,54
<b>Color name</b>	black

**NEW!**

## **NANORIBBON GEL | BHT-19**

The BHT-19 NanoRibbon Gel handlebar tape combines premium materials with advanced Nanotech for unmatched grip and style. Its 2.5mm thickness includes grooves that aid in moisture drainage while adding a sleek look. The nano texture, with countless microscopic holes, ensures excellent grip, enhanced by a gel backing for extra damping and secure handlebar adhesion. Designed with the right flexibility for a perfect wrap, it is available in a vibrant fade blue/purple for the funky rider or a classic premium black, catering to diverse style preferences.

### NANORIBBON GEL | BHT-19 |

*Premium handlebar tape with Nanotech for excellent grip*

- » 2.5mm thickness
- » Grooves for grip, moisture drainage and style
- » Nano Texture countless microscopic small holes create unmatched grip
- » Gel backing for a good grip on the handlebar and extra damping
- » The right amount of flexibility for a perfect wrap around your bars

<b>Tape thickness (mm)</b>	2.5
<b>Material</b>	Microfiber PU
<b>Grip</b>	Best
<b>Damping</b>	Much

## FEATURES HANDLEBAR TAPES

**COMFORT**

A handlebar tape absorbs the uncomfortable vibrations. A handlebar tape that offers little damping gives a lot of feedback about the driving surface and you mainly use it on smooth asphalt roads. If you are going for longer bike rides or riding on rough terrain, more damping is pleasant and offers more advantages compared to the feedback that you receive via the handlebars about the driving surface. All our bar tapes have a comfort level between 1 and 9 to give an indication of the amount of comfort.

**GRIP**

Grip is the most important specification of a handlebar tape. A little less comfort is annoying, but losing grip on the handlebars could be fatal. All our bar tapes have a grip level between 1 and 9 to give an indication of the amount of grip. This does not mean that the handlebar tapes with the best grip also suit you best. Some cyclists would like to have freedom of movement and being able to easily move their hands on the handlebars.

**MATERIAL**

The materials used for handlebar tapes are fundamental to the level of comfort. BBB handlebar tapes are made of PU, EVA and Microfiber. Each material has its own advantages. PU or polyurethane is mainly used in handlebar tapes with a lot of flexibility. PU can be wrapped tightly around the handlebars very easily without creating wrinkles. In addition, PU is easy to clean and repels water and mud. EVA or Ethylene vinyl acetate is a proven good material and offers very high comfort and damping capacity. In addition, it provides a firm grip and a comfortable contact surface for the hands. Microfiber is known as a strong and abrasion-resistant material. A microfiber handlebar tape lasts a long time, is very easy to clean and maintains a good appearance.

**THICKNESS**

The thickness of the handlebar tape has a significant impact on comfort, with personal preference playing a major role. In fact, the thickness of the handlebar tape determines the thickness of your handlebar. A thicker handlebar tape means a larger contact surface, distributing your weight and improving blood circulation, thus reducing hand fatigue. However, a handlebar tape that makes your handlebar too thick can also be uncomfortable. Individuals with smaller hands may find it difficult to wrap their hands comfortably around the handlebar. In such cases, opting for a thinner handlebar tape is advisable. The thickest handlebar tapes are 3.5mm and are specifically designed to provide extra comfort and absorb vibrations. The remaining handlebar tapes are 2.5mm thick and can be considered a balanced and comfortable thickness.

**BACKING LAYER**

As a backing layer there is a choice between gel and glue. A gel backing layer provides extra damping and also ensures that the handlebar tape is easy to apply. If you are not satisfied with the result, you can easily reapply the handlebar tape. An adhesive backing layer does not provide extra cushioning, but simply ensures that the handlebar tape is properly fixed.

MODEL	CODE	COMFORT	GRIP	MATERIAL	THICKNESS (MM)	BACKING

**NEW!**

### **STEADYACTIVE** | BHG-115

Designed for the active rider, the BHG-115 SteadyActive handlebar grips offer superb durability and grip with their VEXT rubber construction. The open core design provides enhanced comfort by incorporating thicker rubber in the touch area, making them ideal for both sportive and urban use. A secure locking ensures the grips stay firmly in place, while the removable end cap allows compatibility with mirrors and integrated tools, providing versatility on any ride.

### **STEADYCOMFORT** | BHG-110

The BHG-110 Steady Comfort handlebar grips are designed to provide ergonomic support and comfort for both sportive and urban rides. Made with a durable VEXT rubber compound, these grips offer excellent grip and longevity. The open core design features thicker rubber in the touch area for enhanced comfort. A secure fit is ensured with a lockring, keeping the grips firmly in place. Additionally, the removable end cap is compatible with accessories like mirrors and integrated tools, making these grips a versatile choice for any cyclist.

### STEADYCOMFORT | BHG-110 |

*Ergonomic handlebar grip for some extra support and comfort*

NEW

- » Suited for Sportive and Urban use
- » Durable Compound made with VEXT rubber for good grip and durability
- » Open Core = More Comfort. The hard plastic core is open on the touch area. Resulting in a effective thicker rubber
- » Secure fit with lockring to make sure these grips will stay in place.
- » Removable end cap compatible with mirrors, integrated tools, etc.

<b>Weight (g)</b>	318
<b>Color name</b>	black

**UNIKICK CLAMPMOUNT | BKS-08 |**

*Kickstand with universal clamp mount and adjustable length*

- » Adjustable in length without the use of any tools.
- » Quick Fold Mechanism (QFM), easy to fold away and deploy
- » Extra stable due to the big composite footrest.

<b>Mounting system</b>	Chain stay (non drive side)
<b>Materials</b>	Steel
<b>Amount of bolts</b>	Three bolts
<b>Adjustable</b>	Length
<b>Wheel size (inch)</b>	20, 22, 24, 26, 27.5, 28, 29
<b>Weight (g)</b>	385, 375
<b>Color name</b>	matt black, black

**SIDEKICK | BKS-01 |**

*Universal and adjustable kickstand, can be installed on almost all sport bikes*

- » Kickstand adjustable in length and angle
- » Quick Fold Mechanism (QFM), easy to fold away and deploy
- » Extremely stable design

<b>Mounting system</b>	Chain stay (non drive side)
<b>Materials</b>	Steel
<b>Amount of bolts</b>	Three bolts
<b>Adjustable</b>	Angle, Length
<b>Wheel size (inch)</b>	26, 27.5, 28, 29
<b>Weight (g)</b>	265
<b>Color name</b>	black

**MULTIKICK | BKS-04 |**

*Universal and adjustable kickstand, can be installed on almost all sport bikes*

- » Multi-adjustable length and angle
- » Quick Fold Mechanism (QFM), easy to fold away and deploy

<b>Mounting system</b>	Chain stay (non drive side)
<b>Materials</b>	Steel
<b>Amount of bolts</b>	Three bolts
<b>Adjustable</b>	Angle, Length
<b>Wheel size (inch)</b>	26, 27.5, 28, 29
<b>Weight (g)</b>	278
<b>Color name</b>	black

**QUICKKICK KIDS | BKS-02K |**

*Kids version kickstand for installation on the wheel quick release*

- » Also compatible with disc brake bikes
- » Quick Fold Mechanism (QFM), easy to fold away and deploy

<b>Mounting system</b>	Quick releases
<b>Materials</b>	Steel
<b>Amount of bolts</b>	Single bolt
<b>Adjustable</b>	Length
<b>Wheel size (inch)</b>	16, 18, 20, 22
<b>Weight (g)</b>	165
<b>Color name</b>	black

### LIGHTBLOCK | BQR-11 |

*Secure attachment and a lightweight design*

- » Lightweight fully CNC machined levers
- » Durable titanium axle
- » Corrosion-resistant springs

<b>Length Quick Release (mm)</b>	100 mm, 130 mm
<b>Weight (g)</b>	52
<b>Color name</b>	black

### WHEELBLOCK | BQR-01 |

*Make sure your wheels are free to spin and secured attached to your bike*

- » Durable and lightweight aluminium
- » Jam-free mechanism
- » Corrosion-resistant springs

<b>Length Quick Release (mm)</b>	100 mm, 135 mm
<b>Weight (g)</b>	87
<b>Color name</b>	black

### WHEELFIXED | BQR-03 |

*Stylish look and a safe attachment*

- » Fixation with a hex key, that prevents a fast theft of your wheels
- » Longer nut makes it possible to use these quick releases safely on most mountain bikes and road bikes
- » Durable and lightweight aluminium
- » Corrosion-resistant springs

<b>Length Quick Release (mm)</b>	100 mm, 135 mm
<b>Weight (g)</b>	78
<b>Color name</b>	black

STRIKEDUO 1400i COMBO | BLS-275I |

StrikeDuo 1400i headlight with Signal rear light and wireless remote control

NEW

- » Headlight with 1400 Lumen output in an oval beam, ideal for offroad riding
- » 45 COBs rear light for maximum visibility

Weight (g)	218
------------	-----

**NANOSTRIKE 700i COMBO | BLS-266i |**

NEW

*Round beamed NanoStrike 700 headlight with updated Signal rear light*

- » Headlight with maximum output of 700 Lumen
- » 45 COBs rear light for maximum visibility

Weight (g)	136
------------	-----

**NANOSTRIKE 500 COMBO | BLS-265 |**

NEW

*Round beamed NanoStrike 500 headlight with Slide rear light*

- » Headlight with maximum output of 500 Lumen
- » Compact USB rechargeable rearlight for visibility with multiple mounting options

Weight (g)	123
------------	-----

**STUD50 COMBO | BLS-231 |**

*Set of the Stud 50 (BLS-230) headlight and Slide (BLS-236) rear light*

- » USB-cables included

Light source	LED
USB type	Micro USB
Waterproof level	IPX4
Color name	black

### STUD 33 COMBO | BLS-144 |

*Set of the Stud 33 (BLS-143) headlight and Salute (BLS-145) rear light*

- » Micro USB-cables included
- » Runtime Safety mode: extends runtime with at least three hours of flash
- » Stud strap can be easily mounted to your handlebar with the strap
- » With the memory mode the light goes on in the last used mode

<b>Light source</b>	LED
<b>USB type</b>	Micro USB
<b>Waterproof level</b>	IPX4, IPX5
<b>Weight (g)</b>	97
<b>Color name</b>	black

### SIGNAL RADAR | BLS-251 |

*A radar light for ultimate protection, our most advanced light to date.*

- » Object detection up to a stunning 190 meters and with an angle of 35 degrees
- » Connect your bicycle computer or smartphone easily with the ANT+ and/or Bluetooth connection
- » Built-in speaker for standalone operation, when in use without a computer or phone
- » Maximum of 80 Lumen daylight flash and car warning light
- » 6 modes at your fingertips and up to 14 hours of runtime

<b>Modes</b>	High, Peloton, Flash, Dayflash, Steady Flash, Radar only
<b>Light source</b>	LED
<b>Max. burn time (hours)</b>	14
<b>Max. lumen in steady mode (lm)</b>	80
<b>USB type</b>	USB-C
<b>Waterproof level</b>	IPX6
<b>Weight (g)</b>	90

NEW

### SIGNAL PRO | BLS-168 |

*The bigger, brighter and better brother of our iconic Signal rear light*

- » Provides you optimal day time visibility due to its 250 Lumen Day Flash mode
- » The 8 LEDs on both sides will show you the real time battery status
- » Experience 270-degree visibility and dynamic flash patterns with the efficiency of Two COB areas
- » Easy operation, even with winter gloves
- » Strapmount fits on Ø 5 - 45 mm and has self locking USB port for optimal waterproofness

<b>Modes</b>	Dayflash, Flash, High, Low, Steady Flash
<b>Light source</b>	COB
<b>Max. burn time (hours)</b>	21
<b>Max. lumen in steady mode (lm)</b>	80
<b>Charge time (hours)</b>	2:10
<b>USB type</b>	USB-C
<b>Waterproof level</b>	IPX7
<b>Weight (g)</b>	58
<b>Color name</b>	black

**SIGNALBRAKE | BLS-256 |***Updated high-power rear light with brake function*

- » Brake indicator shows other road users when you are hitting your brakes
- » 45 COBs cover the whole area of the light surface for maximum visibility
- » Battery indicator with 5 LEDs for real time battery status by a short press on the power button
- » Longer strap mount fits on round, d-shape and aero seatposts
- » Rechargeable and self locking USB-C port for optimal waterproofness

<b>Modes</b>	Steady, Flash, Dayflash, Steady Flash
<b>Light source</b>	COB
<b>Max. burn time (hours)</b>	41
<b>Charge time (hours)</b>	1:45
<b>USB type</b>	USB-C
<b>Waterproof level</b>	IPX7
<b>Weight (g)</b>	29

**SIGNAL | BLS-255 |***Updated icon in our rear light portfolio*

- » 45 COBs cover the whole area of the light surface for maximum visibility
- » Battery indicator with 5 LEDs for real time battery status by a short press on the power button
- » Longer strap mount fits on round, d-shape and aero seatposts
- » Rechargeable and self locking USB-C port for optimal waterproofness

<b>Modes</b>	Steady, Flash, Dayflash, Steady Flash
<b>Light source</b>	COB
<b>Max. burn time (hours)</b>	41
<b>Charge time (hours)</b>	1:45
<b>USB type</b>	USB-C
<b>Waterproof level</b>	IPX7
<b>Weight (g)</b>	29

**SLICE 300 | BLS-281 |***Computer mounted headlight, saves space on your handlebar*

- » Inconspicuous mounted headlight, mounted on the bike computer mount
- » Compatible with Garmin and Wahoo bike computers quarter lock mounts
- » The Slice shows its battery status in 5 LEDs on the side by a short press on the power button
- » Memory function remember the last used mode of the light
- » With a maximum of up to 300 Lumen in Dayflash mode

<b>Modes</b>	Low, Standard, High, Flash, Dayflash, Steady Flash
<b>Light source</b>	COB
<b>Max. burn time (hours)</b>	25
<b>Max. lumen in steady mode (lm)</b>	100
<b>USB type</b>	USB-C
<b>Waterproof level</b>	IPX6
<b>Weight (g)</b>	50

**SLICE 300 COMBO | BLS-282 |**

*Slice computer mounted headlight with Signal rear light*

- » Inconspicuous mounted headlight, mounted on the bike computer mount
- » 45 COBs rear light for maximum visibility

**Weight (g)** 79

**SPIRIT | BLS-226 |**

*Powerful and multifunctional rear light*

- » Innovative 8 LED battery indicator will show you the battery status every time you use the light
- » Self locking USB port for optimal waterproofness and protection
- » Comes with a strapmount that fits on bars of almost any diameter and a saddles rails bracket.
- » With the memory mode the light goes on in the last used mode
- » Runtime Safety mode that extends runtime with at two extra hours of flash to bring you home safely

<b>Modes</b>	Dayflash, Flash, High, Low, Steady Flash, Sweep, Round Pulse, Dynamic circle, Pulse
<b>Light source</b>	LED
<b>Max. burn time (hours)</b>	40
<b>Max. lumen in steady mode (lm)</b>	12

<b>USB type</b>	Micro USB
<b>Waterproof level</b>	IPX4
<b>Color name</b>	black

**SALUTE | BLS-145 |***Fits perfectly on seatposts due to the sloped backside*

- » Runtime Safety mode that extends runtime with three extra hours of flash mode to bring you home safely
- » Strapmount fits on Ø5-42mm bars
- » Self-locking USB port for optimal waterproofness and protection
- » With the memory mode the light goes on in the last used mode
- » Contains day flash mode for daytime visibility

<b>Modes</b>	Dayflash, Flash, High, Low
<b>Light source</b>	LED
<b>Max. burn time (hours)</b>	28
<b>Max. lumen in steady mode (lm)</b>	8
<b>USB type</b>	Micro USB
<b>Waterproof level</b>	IPX5
<b>Weight (g)</b>	26
<b>Color name</b>	black

**STRIKEDUO | REMOTE WIRELESS | BLS-1781 |***Wireless Remote Control for StrikeDuo and NanoStrike*

- » Operate your headlight with this wireless remote control
- » Easy to mount with the flexible strap
- » Longlasting and easy to replace battery
- » Compatible with all headlights with an "i" behind the lumen

<b>Waterproof level</b>	IPX5
<b>Weight (g)</b>	17
<b>Color name</b>	black

**STRIKEDUO REMOTE | BLS-179 |**

*Remote Control for StrikeDuo, E-Strike and NanoStrike series*

- » Operate your headlight from your handlebar
- » 30 cm long cable to attach it anywhere
- » USB-C connection
- » Compatible with StrikeDuo and E-Strike headlights

<b>USB type</b>	USB-C
<b>Weight (g)</b>	95
<b>Color name</b>	black

**CENTERMOUNT 2.0 | BLS-195 |**

*Bracket for centered mounting of bike computer or headlight*

- » Fits on Ø31.8 and Ø35.0mm handlebars
- » Can be used in left and right sided orientation
- » Also suitable for GoPro mounting
- » Compatible with all headlights with TightFix system

<b>Weight (g)</b>	40
<b>Color name</b>	black

**HELMETMOUNT 2.0 | BLS-196 |**

*Special mount to install lights on your helmet*

- » Compatible for all headlights with Tightfix system
- » The angle of the light can be adjusted for optimal usage
- » Also suitable for GoPro mounting

<b>Weight (g)</b>	40
<b>Color name</b>	black

**STRAPFIX | BLS-194 |**

*Strap bracket suited for heavier headlights*

- » Compatible with all headlights with TightFix system
- » Aerobar compatible
- » Fits on Ø 22 - 45 mm bars

<b>Weight (g)</b>	32
<b>Color name</b>	black

**GOMOUNT | BLS-99 |**

*Light bracket for installation on camera mounts*

- » Compatible with all headlights with TightFix system
- » Extender to provide maximum adjustability included
- » Compatible with BBB Stems (BHS-09, BHS-37 and BHS-38Di2)
- » Bracket to install lights on a camera mount
- » Compatible with all headlights with TightFix system

<b>Weight (g)</b>	14
<b>Color name</b>	black

**CROWNFIX | BLS-193 |**

*Strong and durable alloy bracket*

- » Adjustable light angle
- » Compatible with all headlights with TightFix system
- » GoPro compatible

<b>Weight (g)</b>	29
<b>Color name</b>	black

Max. lumen in steady mode (lm)	10
Charge time (hours)	1:45
USB type	Micro USB
Waterproof level	IPX7
Weight (g)	23
Color name	black

FEATURES LIGHTS

BBB lights with Lithium batteries have integrated smart technology. An electronic system continuously monitors the strength of the battery and modifies the power output to maintain a stable light output. This prevents a sudden total loss of light without warning and above all lengthens the duration that you have a safe and usable beam of light.

**1500  
LUMEN**

Max lumen.

Quick and easy rechargeable by usb design.

High power head lights also produce a lot of heat. Therefore BBB head lights are equipped with ACS (Airflow Cooling System). Due to the design of the aluminum casing, the passing airflow cools down the light significantly. Enough to prevent overheating of the LED. For the worst case scenarios the light is protected against overheating and will shut down before the heat can do any damage to the light

LIGHT CONCEPTS

If you want to choose the most suitable light set for your bicycle, it's important to have correct and comparable product data. Because there is no international standard for lights, BBB mentions various values. With these values you can always compare our products. To fully understand the values mentioned in the chart, we have added the explanation of these values

Lumen is the best known unit to compare lights. The number shows the total amount of light (in all directions) emitted by the light. Candela is the unit of luminous intensity. Candela indicates the amount of light emitted by a light-source in a certain direction. The in the chart noted Candela values are measured at the center of the beam.

Lux is the amount of light (lumens) projected on a certain area. For example, if you have a light source of 1000 lumens, spread over 1 m², this square meter is illuminated with 1000 lux. When the same 1000 lumens are spread over 10 m², the same source illuminates a square meter with only 100 lux.

However, when comparing Lux values for different light sets, it's important to know the distance from the light source. The larger the distance from the source, the lower the Lux value will be. BBB measures the Lux value at 1 and 10 meters. The Lux value at 1 meter is equal to the value for Luminous intensity (Candela).

The beam distance shows how far the light bundle will be visible on the road. The beam distance is tested according the FL1 standard. You can find BBB values mentioned above in the chart on the next page.

**NEW!****DISCGUARD PLUS | BFD-66S**

Our DiscGuard Plus fenders are a game-changer in fenders for disc brake bikes. It's quick release design offers easy on and off the bike options, and both front and rear fender are adjustable in angle and height, to ensure a perfect fit for your bike. You mount the fender without damage to the frame because of the large rubber mounting surface. DiscGuard plus comes with optional extenders for added versatility of the fenders, all crafted from 75% durable and strong GRS-certified recycled PP material.

**DISCGUARD PLUS | BFD-66S |**

NEW

*Quick-release full-coverage fender set for disc brake bikes, now compatible for a wider range of tire sizes from 40mm up to 60mm.*

- » Fully adjustable: angle, height and length via an extension part
- » Quick-release seat stay mounting system for easy installation and removal
- » Large rubber mounting surface does not slip down or damage frame
- » Made with 75% durable and strong GRS certified recycled PP material
- » Covers a range of tire sizes from 40 to 60 MM

<b>Material</b>	Recycled PP
<b>Mounting location</b>	Fork, Rear fork
<b>Mounting system</b>	Quick releases
<b>Max. tire width (inch)</b>	2.35
<b>Wheel size (inch)</b>	28, 29
<b>Max. tire width (mm)</b>	60
<b>Quick release type</b>	Mini Ringfix
<b>Color name</b>	black

MTB front fender with XL sized TPR mud flaps

- » Two-tone composite material
- » Special design to provide full coverage against dirt and debris
- » Turnfix release system for easy and fast attachment
- » Suitable for bikes with suspension forks

Material	PP, TPR
Mounting location	Front fork
Mounting system	Quick releases
Wheel size (inch)	28, 29
Max. tire width (mm)	65
Quick release type	Turnfix
Weight (g)	217
Color name	black

**MTBPROTECTOR | BFD-13R |***MTB rear fender with TPR mud flaps*

- » Two-tone composite material
- » Special design to provide full coverage against dirt and debris
- » Ringfix Aero quick release system with pre applied seatpost protection sticker

<b>Material</b>	PP, TPR
<b>Mounting location</b>	Seatpost
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	26
<b>Max. tire width (mm)</b>	65
<b>Quick release type</b>	Ringfix
<b>Weight (g)</b>	228
<b>Color name</b>	black

**MTBPROTECTOR | BFD-13F |***MTB front fender with TPR mud flaps*

- » Two-tone composite material
- » Special design to provide full coverage against dirt and debris
- » Turnfix release system for easy and fast attachment
- » Suitable for bikes with suspension forks

<b>Material</b>	PP, TPR
<b>Mounting location</b>	Front fork
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	26
<b>Max. tire width (mm)</b>	65
<b>Quick release type</b>	Turnfix
<b>Weight (g)</b>	188
<b>Color name</b>	black

**HIGHPROTECTOR | BFD-15R |***MTB rear fender*

- » Two-tone composite material
- » Special design to provide full coverage against dirt and debris

<b>Material</b>	PP
<b>Mounting location</b>	Seatpost
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	24, 26
<b>Max. tire width (mm)</b>	65
<b>Weight (g)</b>	171, 250
<b>Color name</b>	black

**HIGHPROTECTOR | BFD-15F |***MTB front fender with mud flaps*

- » Two-tone composite material
- » Special design to provide full coverage against dirt and debris
- » Suitable for bikes with suspension forks

<b>Material</b>	PP
<b>Mounting location</b>	Front fork
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	24, 26
<b>Max. tire width (mm)</b>	65
<b>Weight (g)</b>	258
<b>Color name</b>	black

**GRAVELCATCHER | BFD-51 |***Rear fender that protects you against dirt on all your gravel adventures*

- » Protects against water spray and grime
- » Adjustable by hand and tool, to be perfectly placed above your tire
- » Ringfix Aero quick release system with pre-applied seatpost protection sticker
- » Fits on regular and aero seatposts

<b>Material</b>	PP
<b>Mounting location</b>	Seatpost
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	27.5, 28
<b>Max. tire width (mm)</b>	55
<b>Quick release type</b>	Ringfix Aero
<b>Weight (g)</b>	176
<b>Color name</b>	black

**ROADCATCHER | BFD-04 |***High-tech rear fender for road bikes*

- » Protects against water spray and road grime
- » Adjustable, by hand and tool, to be perfectly aligned with your tire
- » Ringfix Aero quick release system with pre-applied seatpost protection sticker
- » Fits on regular and aero seatposts

<b>Material</b>	PP
<b>Mounting location</b>	Seatpost
<b>Wheel size (inch)</b>	28
<b>Max. tire width (mm)</b>	28
<b>Quick release type</b>	Ringfix Aero
<b>Weight (g)</b>	176
<b>Color name</b>	black

**ROADPROTECTOR | BFD-21R |***Elegant rear fender for road bikes*

- » Protects against water spray and road grime
- » Easy and secure quick release system

<b>Material</b>	PP
<b>Mounting location</b>	Rear brake bolt
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	28
<b>Max. tire width (mm)</b>	28
<b>Quick release type</b>	Easy Quick-release
<b>Weight (g)</b>	100
<b>Color name</b>	black

**ROADPROTECTOR | BFD-21F |***Elegant front fender for road bikes*

- » Protects against water spray and road grime
- » Easy and secure quick release system

<b>Material</b>	PP
<b>Mounting location</b>	Front brake bolt
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	28
<b>Max. tire width (mm)</b>	28
<b>Quick release type</b>	Easy Quick-release
<b>Weight (g)</b>	91
<b>Color name</b>	black

**FATFENDER | BFD-35R |***Lightweight durable polypropylene rear fender special designed for fatbikes*

- » Ringfix quick release system One-joint adjustability

<b>Material</b>	PP
<b>Mounting location</b>	Seatpost
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	26, 27.5, 28, 29
<b>Max. tire width (mm)</b>	127
<b>Quick release type</b>	Ringfix
<b>Weight (g)</b>	186
<b>Color name</b>	black

**FATFENDER | BFD-35F |**

*Lightweight durable polypropylene fender special designed for fatbikes*

- » Downtube mounted fender
- » Dual elastomer strap attachment

<b>Material</b>	PP
<b>Mounting location</b>	Downtube
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	26, 27.5, 28, 29
<b>Max. tire width (mm)</b>	127
<b>Quick release type</b>	Rubber Strap
<b>Weight (g)</b>	106
<b>Color name</b>	black

**FLEXFENDER | BFD-31 |**

*Lightweight durable polypropylene fender*

- » Can be mounted both as front fender or rear fender
- » Extra coverage for front fork stanchions
- » 4 mounting tie wraps included

<b>Material</b>	PP
<b>Mounting location</b>	Front fork, Rear fork
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
<b>Weight (g)</b>	38
<b>Color name</b>	black

**MUDCATCHER XL | BFD-18 |**

*Downtube mounted fender*

- » Tapered design for better protection where needed
- » Can be mounted in multiple ways

<b>Material</b>	NBR, PP, TPR
<b>Mounting location</b>	Downtube
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	26, 27.5, 28, 29
<b>Quick release type</b>	Rubber Strap
<b>Weight (g)</b>	130
<b>Color name</b>	black

### MUDCATCHER II | BFD-03 |

*Easy to install downtube mounted fender due to two elastomer straps*

- » Made with composite material with softer TPR flap
- » Suited for extreme mountain biking

<b>Material</b>	NBR, PP, TPR
<b>Mounting location</b>	Downtube
<b>Mounting system</b>	Quick releases
<b>Wheel size (inch)</b>	22, 24, 26, 27.5, 28
<b>Quick release type</b>	Rubber Strap
<b>Weight (g)</b>	75
<b>Color name</b>	black

### CITYGUARD | BFD-40 |

*Set of front and rear fenders to provide full protection against water and debris*

- » Suitable for kids-, urban- and trekking bikes
- » Mounts to braze-on eyelets and brake bolt
- » Solid construction with stainless steel stays

<b>Material</b>	PA, PP, STS
<b>Mounting location</b>	Fork, Rear fork
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	22, 24, 26, 28
<b>Max. tire width (mm)</b>	48
<b>Weight (g)</b>	375, 446
<b>Color name</b>	black

### RAINPROTECTORS | BFD-25 |

*A set with front and rear fender*

- » Two-tone composite material
- » Special geometry provides a wide area of protection against dirt and water in combination with a perfect fit on almost every bike, even with wider tires

<b>Material</b>	PP
<b>Mounting location</b>	Front brake bolt, Rear brake bolt
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	26, 27.5, 28
<b>Max. tire width (mm)</b>	48
<b>Weight (g)</b>	336
<b>Color name</b>	black

**RAINWARRIORS | BFD-01 |**

*A set of front and rear fender*

- » The specially engineered geometry provides a wide area of protection against dirt and water
- » Composite material

<b>Material</b>	PP
<b>Mounting location</b>	Front brake bolt, Rear brake bolt
<b>Mounting system</b>	Fixed
<b>Wheel size (inch)</b>	24, 26, 27.5, 28
<b>Weight (g)</b>	340, 300
<b>Color name</b>	black

**RINGFIX AERO | BFD-91A |**

*RingFix quick release system for fast and easy installation on the seatpost*

- » Aero version fits seatpost diameters 25,0 - 57,3 mm
- » Includes an extra-long 185 mm strap to fit securely around aero seatposts

<b>Quick release type</b>	Ringfix Aero
<b>Weight (g)</b>	69
<b>Color name</b>	black

**MINIFIX AERO | BFD-92 |**

*MiniFix Aero quick release system*

- » Fits (aero) diameters of 10,0 - 35,0 mm
- » TPR inlay designed to fit around a wide variety of both aerodynamic and round seat-posts of different diameters.
- » Can accommodate a M5 nut for universal mounting purposes

<b>Material</b>	TPR
<b>Mounting system</b>	Quick releases
<b>Quick release type</b>	Ringfix Aero
<b>Weight (g)</b>	11
<b>Color name</b>	black

ROADPROTECTOR BRACKET | BFD-21FB |

Extra long bracket for RoadProtector BFD-21F front fender

- » Protection cover and bolts included
- » Standard size bracket also separately available

Material	Aluminium
Mounting location	Front fork
Mounting system	Fixed bracket
Weight (g)	6
Color name	black

LIGHTBRIDGE | BFD-50B |

Rear fender bridge with light mount

- » Fender bridge with foldable and angle adjustable light bracket
- » Compatible with BFD-04/13R/16R/16XLR/51 rear fenders
- » The light mount works with strap mounted lights

Material	PA
Color name	black

**NEW!****HIGHROAD | BMP-121**

The Highroad Minipump is designed for cyclists seeking great design, and efficient tire inflation, that's up to 46cc per stroke. The in-line design makes the pump sleek and minimalistic, but also allows easy handling while the flexible hose ensures a secure, damage-free inflation process. The fliphead is compatible with all valve types, and tubeless friendly. The bracket provides convenient storage on your bike frame.

Fliphead that's compatible with all valves and perfect for tubeless usage

Integrated hose allows compact design, and easy usability

## HIGHROAD | BMP-121 |

NEW

- » 192mm compact size can be easily stored using the bracket
- » 46cc per stroke for quick inflation
- » Fliphead that's compatible with all valves and perfect for tubeless usage
- » Integrated hose allows compact design, and easy usability
- » Aluminum body and shaft ensure durability and lightweight

<b>Compatible valves</b>	Dunlop, Presta/French, Schrader/Automotive
<b>Valve connection</b>	With hose
<b>Material</b>	Aluminium
<b>Pressure type</b>	High pressure
<b>Type pumphead</b>	Fliphead
<b>Type gauge</b>	None
<b>Color name</b>	black

## DOUBLESHOT | BMP-102 |

*World's smartest minipump!*

reddot winner 2023

DESIGN  
AWARD  
2023

- » 120mm short pump can be easily stored in any saddlebag or in your back pocket
- » Four chamber technology for an impressive pump volume of 35 cc per stroke
- » Easy to use due to the special tubeless friendly push-on pump head
- » Two handles and long hose for easy and comfortable operating despite its small size
- » The aluminum body and shaft provide optimal durability while maintaining a low weight for easy carrying

<b>Max. air pressure (Bar)</b>	8
<b>Max. air pressure (PSI)</b>	116
<b>Compatible valves</b>	Presta/French
<b>Valve connection</b>	Direct
<b>Material</b>	Aluminium
<b>Pressure type</b>	High pressure
<b>Type pumphead</b>	Push-On
<b>Weight (g)</b>	83
<b>Color name</b>	black

## SINGLESHOT | BMP-101 |

*Lightweight and extremely small minipump for high pressure*

- » 160mm long, extremely small minipump for easy carrying in your back pocket
- » With dual chamber technology for an impressive pump volume of 30 cc per stroke
- » Easy to use due to the special tubeless friendly push-on pump head
- » The aluminum body and shaft provide optimal durability while maintaining a low weight for easy carrying

<b>Max. air pressure (Bar)</b>	8
<b>Max. air pressure (PSI)</b>	116
<b>Compatible valves</b>	Presta/French
<b>Valve connection</b>	Direct
<b>Material</b>	Aluminium
<b>Pressure type</b>	High pressure
<b>Type pumphead</b>	Push-On
<b>Weight (g)</b>	51
<b>Color name</b>	black

SINGLESHOT MTB | BMP-103 |

Lightweight minipump for high volume tires

- » 172mm long high-volume mini pump for easy carrying in your back pocket
- » Dual chamber technology gives 60CC pump volume per stroke, ideal for large volume tires
- » Easy to use due to the special tubeless friendly push-on pump head
- » Durable aluminium body and shaft give a low weight for easy carrying

Max. air pressure (Bar)	4
Max. air pressure (PSI)	60
Compatible valves	Presta/French
Valve connection	Direct
Material	Aluminium
Pressure type	High volume
Type pumphead	Push-On
Color name	black

<b>Type gauge</b>	Analog
<b>Weight (g)</b>	206
<b>Color name</b>	black

## AIRSHOCK | BMP-29 |

*Air suspension pump*

- » Specifically designed for suspensions, fits most shocks and forks
- » Fine-tuning pressure bleeder valve for precise air regulation
- » Precision 1.5-inch analog gauge protected by a rubber housing

<b>Max. air pressure (Bar)</b>	28
<b>Max. air pressure (PSI)</b>	405
<b>Compatible valves</b>	Schrader/Automotive
<b>Valve connection</b>	With hose
<b>Material</b>	Aluminium
<b>Pressure type</b>	High pressure
<b>Type pumphead</b>	Twisthead
<b>Type gauge</b>	Analog
<b>Weight (g)</b>	150
<b>Color name</b>	black/silver

### PRESSUREGAUGE | BMP-90 |

*Keep your head cool when the pressure is high*

- » Digital tire pressure meter
- » Turns off automatically to save power

Max. air pressure (Bar)	11
Max. air pressure (PSI)	160
Compatible valves	Presta/French, Schrader/Automotive
Valve connection	Direct
Type gauge	Digital
Weight (g)	30
Color name	black

### GADGETGAUGE | BMP-92 |

*Digital tire pressure meter*

- » Fine-tuning pressure bleeder valve for precise air delivery
- » Rotatable head for easy pressure reading
- » Turnable head for easy readability of the screen

Max. air pressure (Bar)	11
Max. air pressure (PSI)	160
Compatible valves	Presta/French, Schrader/Automotive
Valve connection	Direct
Type gauge	Digital
Color name	black

### AIRPUSH | BMP-111 |

*Push on CO2 pump*

- » Contains easy to operate push system to release the air from the cartridge
- » Pumphead made of special anti-freeze material
- » Threadless valvehead and tubeless friendly
- » 16 gram cartridge and protective cover included

CO2 volume (gr)	16
Compatible valves	Presta/French, Schrader/Automotive
Valve connection	Direct
Pressure type	High pressure
Type pumphead	Push-On
Weight (g)	23
Color name	black

AIRPUSH | BMP-111D |

Display box with AirPush Minipumps

» Contains 20 pieces in a display box

Color name black

AIRSPEED | BMP-32 |

Inflate your tire in seconds with this CO2 pump

- » CO2 cartridge inflator
- » Simple and safe operation
- » 16 gram cartridge and protective cover included

CO2 volume (gr)	16
Compatible valves	Presta/French, Schrader/Automotive
Valve connection	Direct
Material	Aluminium
Pressure type	High pressure
Type pumphead	Twisthead
Weight (g)	74
Color name	black

EASYAIR | BMP-34 |

Inflate your tire in seconds with this CO2 pump

- » CO2 cartridge inflator
- » Full aluminium pumphead
- » The pumphead can be mounted without opening the cartridge to regulate the air pressure in your tire easy

CO2 volume (gr)	16
Compatible valves	Presta/French, Schrader/Automotive
Valve connection	Direct
Material	Aluminium
Pressure type	High pressure
Type pumphead	Twisthead
Weight (g)	84
Color name	black

**CO2 BLASTER | BMP-33S |**

*Inflate your tire in seconds with this CO2 pump*

- » CO2 cartridge inflator and slim, elegant and lightweight aluminium mini pump combined
- » Simple and safe operation
- » 16 gram cartridge and protective cover included

<b>Max. air pressure (Bar)</b>	8
<b>Max. air pressure (PSI)</b>	116
<b>CO2 volume (gr)</b>	16
<b>Compatible valves</b>	Presta/French, Schrader/Automotive

<b>Type pumphead</b>	Twisthead
<b>Weight (g)</b>	125
<b>Color name</b>	black

**AIRTANK | BMP-35 |**

*Fast, easy and practical*

- » Replacement cartridges (threaded) for AirSpeed (BMP-32), EasyAir (BMP-34) and CO2Blaster (BMP-33S)
- » Volume of 16 gram
- » Available in packs of 2 or 10 cartridges
- » Perfect for inflating a road tire

<b>CO2 volume (gr)</b>	16
<b>Weight (g)</b>	116, 580
<b>Color name</b>	silver

**AIRTANK DISPLAY BOX | BMP-36D |**

*Co2 cartridges, sold per piece, in a displaybox*

- » Volume of 16 grams
- » Perfect to pump up a road bicycle tire.
- » 30 AirTanks per box
- » Also available: BMP-360OEM AirTank, 200 pieces
- » Also available: BMP-360OEM AirTank, 200 pieces

<b>Weight (g)</b>	58
<b>Color name</b>	silver

**AIRTANK XL | BMP-38 |**

*Fast, easy and practical*

- » Replacement cartridges (threaded) for AirSpeed (BMP-32), EasyAir (BMP-34) and CO2Blaster (BMP-33S)
- » Volume of 25 gram
- » Perfect for inflating a MTB tire
- » A single cartridge inflates one 29" x 245 MTB tire up to 2.2bar / 30psi

<b>CO2 volume (gr)</b>	25
<b>Weight (g)</b>	99
<b>Color name</b>	silver/blue

**AIRTANK XL DISPLAY BOX | BMP-38D |**

*Fast, easy and practical*

- » Replacement cartridges (threaded) for AirSpeed (BMP-32), EasyAir (BMP-34) and CO2Blaster (BMP-33S)
- » Volume of 25 gram
- » Perfect for inflating a MTB tire
- » A single cartridge inflates one 29" x 245 MTB tire up to 2.2bar / 30psi
- » 30 cartridges per box

<b>Weight (g)</b>	99
<b>Color name</b>	silver/blue

**AIRWAVE | BFP-20 |**

*Lightweight floor pump with 70 cm high pressure rubber hose*

- » Compact floor pump
- » Accurate 2.5 Inch dual-tone pressure gauge with indicator displays both bar and psi
- » Ergonomic "boomerang" type handle, natural pumping position for increased pumping power

<b>Material</b>	Composite
<b>Type pumphead</b>	Thumbblock
<b>Weight (g)</b>	28
<b>Color name</b>	black

### VALVEKIT | BFP-90 |

*Valve kit for our DualHead, ThreadHead and AutoHead floor pumps*

- » Valve kit for DualHead, ThreadHead and AutoHead floor pumps
- » Valve adapters for: sports balls, inflatable boats, inflatable swimming pools, etc.
- » Dunlop valve adapter included
- » Kit mounts conveniently on the hose of all BBB floor pumps

<b>Compatible valves</b>	Dunlop, Presta/French, Schrader/Automotive
<b>Weight (g)</b>	9
<b>Color name</b>	black

**AIRPIPE | BFP-94 |**

*Pumphead specifically designed for difficult-to-reach places*

- » 90° pumphead adapter for all floorpumps
- » Easy and quick in use
- » Specifically designed for difficult-to-reach places (for example road cycling disc wheels)

<b>Compatible valves</b>	Presta/French
<b>Material</b>	Aluminium
<b>Weight (g)</b>	12
<b>Color name</b>	black

**DUNLOPCLIP | BFP-95 |**

*Adapter for the Dunlop valve*

- » Specifically designed to create a perfect and quick fit between pumphead and Dunlop valve
- » Easy and quick in use

<b>Compatible valves</b>	Dunlop
<b>Material</b>	Composite
<b>Weight (g)</b>	16
<b>Color name</b>	black

**FLIPHEAD PRO | BFP-99 |**

*High-end aluminum FlipHead for bicycle pumps*

- » 120 cm high pressure hose
- » Easy to use thumbblock lever

<b>Compatible valves</b>	Dunlop, Presta/French, Schrader/Automotive
<b>Material</b>	Aluminium, Composite
<b>Type pumphead</b>	Fliphead Pro
<b>Weight (g)</b>	250
<b>Color name</b>	black

**COMPTANK | BWB-01 |***Always stay hydrated*

Odour and taste free	Yes
Thermal	Yes
Dishwasher safe	Yes
Weight (g)	82
Color name	silver

**NEW!****HALOCAGE CARBON | BBC-45**

The Halo Cage's carbon-infused construction offers an ultra-lightweight solution at just 19 grams, securely holding your bottle while maintaining easy access. Its sleek design effortlessly complements any bike, combining strength and flexibility to keep your bottle in place with a firm yet gentle grip. Ideal for cyclists seeking high performance and style.

**HALOCAGE CARBON | BBC-45 |**

*HaloCage carbon infused bottle cage*

- » Ultra-Lightweight, weighing only 19 grams
- » Carbon-Infused strength and reliability, ensuring a secure hold
- » Streamlined design, minimalist, functional, enhancing the aesthetic of any bike
- » Effortless access, easy bottle retrieval
- » Ideal for performance-oriented cyclists seeking high-quality, lightweight equipment

<b>Bottle cage type</b>	Top load
<b>Material</b>	PA+CF
<b>Sizes</b>	Universal
<b>Color name</b>	raw black, glossy black, glossy nardo grey

**DUALCAGE 2.0 COMPOSITE | BBC-42 |**

*DualCage 2.0 bottle cage*

- » Lightweight composite bottle cage
- » Easy side access or storage, as well as from the top
- » Sturdy grip for safekeeping of your bottles

<b>Bottle cage type</b>	Side load, Top load
<b>Material</b>	PA+GF
<b>Sizes</b>	Universal
<b>Color name</b>	black, sand, pastel green, red

**STEELCAGE | BBC-51 |**

*Classic bottle cage with a modern touch, made to last*

- » Two slits provided for additional strap attachment options.
- » Durable and strong 4.5mm Stainless Steel tubing
- » Fully open design backplate allows for 30mm mounting range

<b>Bottle cage type</b>	Side load, Top load
<b>Material</b>	Stainless steel
<b>Bolt type</b>	Stainless Steel
<b>Weight (g)</b>	62, 59
<b>Color name</b>	black, silver

**FASTCAGE | BBC-41 |***Glassfiber reinforced composite bottle cage*

» Secure bottle retention system

<b>Bottle cage type</b>	Top load
<b>Material</b>	PA+GF
<b>Weight (g)</b>	42
<b>Sizes</b>	Universal
<b>Color name</b>	white, black

**FLEXCAGE | BBC-36 |***Lightweight composite bottle cage*

» Secure tight fit due to the auto-adjust flex system

<b>Bottle cage type</b>	Top load
<b>Material</b>	PA+GF
<b>Bolt type</b>	Stainless Steel
<b>Weight (g)</b>	42
<b>Sizes</b>	Universal
<b>Color name</b>	matt black/yellow, matt black/grey, matt black/blue, matt black/red, glossy black

FIBERCAGE | BBC-37 |

UD carbon fiber bottle cage

» Unique design holds water bottle securely while allowing fast and easy bottle retrieval  
» Extremely lightweight, only 24 grams

Bottle cage type	Top load
Material	Carbon
Weight (g)	24
Sizes	Universal
Color name	matt black/black, matt black/red, matt black/white

**SIDECARBON LEFT | BBC-38L |***UD carbon fiber bottle cage*

- » Especially suited for smaller-sized and full-suspension frames
- » Left side opening

<b>Bottle cage type</b>	Side load
<b>Material</b>	Carbon
<b>Weight (g)</b>	29
<b>Sizes</b>	Universal
<b>Color name</b>	matt black

**SIDECARBON RIGHT | BBC-38R |***UD carbon fiber bottle cage*

- » Especially suited for smaller-sized and full-suspension frames
- » Right side opening

<b>Bottle cage type</b>	Side load
<b>Material</b>	Carbon
<b>Weight (g)</b>	29
<b>Sizes</b>	Universal
<b>Color name</b>	matt black

**ADAPTRAIL | BBC-120 |***Fitting and measuring*

- » Relocate bottle cages for easier accessibility and use your frame space efficiently
- » Mount AdaptRail accessories like StrapPlate or DualMount
- » Size S gives you the option to position your bottle cage up or down
- » Size M and L allow to mount a bottle cage combined with a StrapPlate
- » Size L allows mounting two bottle cages below each other

<b>Material</b>	Aluminium
<b>Bolt type</b>	Stainless Steel
<b>Weight (g)</b>	53, 72, 97
<b>Sizes</b>	S, M, L
<b>Color name</b>	matt black

**STRAPPLATE | BBC-112 |***Versatile mounting strap*

- » Versatile strap down accessory solution for quick access
- » Wide velcro strap with friction material on inside to hold items in place
- » Allows to bring extra items like spare inner tube on a ride

<b>Material</b>	Aluminium
<b>Bolt type</b>	Stainless Steel
<b>Weight (g)</b>	57
<b>Sizes</b>	Universal
<b>Color name</b>	matt black

**DUALMOUNT | BBC-113 |***Easily carry more water*

- » Fits directly on AdaptRail system or on fork mounts with the included MiniRail
- » Mounts two bottle cages side by side or a bottle cage and StackRack
- » Bikepacking specific solution to bring extra bottles or other accessories

<b>Material</b>	Aluminium
<b>Bolt type</b>	Stainless Steel
<b>Weight (g)</b>	58
<b>Sizes</b>	Universal
<b>Color name</b>	matt black

**STACKRACK | BBC-81 |***Lightweight cargo carrying rack*

- » Multiple mounting options possible
- » Smart shaped rack holds a wide variety of cargo shapes
- » Including two cargo straps

<b>Material</b>	Aluminium
<b>Weight (g)</b>	169
<b>Sizes</b>	Universal
<b>Color name</b>	matt black

**HAULERMOUNT | BBC-111 |**

*Add an extra bottle cage to your bike*

- » Fits on AdaptRail system or mounts directly on bottle cage mounting points
- » Versatile strap down accessory solution for quick access
- » Wide velcro strap with friction material on inside to hold items in place
- » Allows to bring extra items like spare inner tube on a ride

<b>Weight (g)</b>	54
<b>Sizes</b>	Universal
<b>Color name</b>	grey

## GUARD SERIES

Secure your everyday urban rides with a versatile cable lock series, available in multiple lengths and thicknesses to suit your needs. Choose between key or 4-digit code versions for convenient, dependable protection. Designed with a clean, functional look and an innovative mounting system that attaches easily with zip-ties or bolts onto bottle cage mounts – perfect for city cyclists seeking flexible, no-fuss security on the go.

Flexible bracket system  
– mount with zip-ties  
anywhere on your frame  
or use standard bottle  
cage mounts

Available in 12 and 15mm  
thickness, 120 and 180cm length  
and as Code or Key lock

### SECUREFOLD | BBL-73 |

*Our most safe folding lock with 8 mm thick hardened steel bars*

- » ART-2 and Sold Secure Gold certified
- » With 8 mm x 25 mm hardened steel bars to make it extremely strong
- » Bracket system allows you to mount the lock almost anywhere on your bicycle frame
- » Soft coating protects your bicycle's paint from chips and scratches

<b>Mounting location</b>	Spoke
<b>Weight (g)</b>	3
<b>Color name</b>	silver

Bluetooth Smart technology connects to your smartphone and other Bluetooth Smart ready enabled devices, giving you low-power consumption data transmission.

ANT+ compatibility gives you an interference and cross-talk free communication between your computer and transmitting accessories like heart rate belts and cadence meters.

A reliable and stable connection, without the worry of flat batteries. No-nonsense is what you get with our wired computers.

Away with tangled cables and rubbing marks on your frame, wireless cycling computers keep your bike neat, have the same features as wired computers, but without the hassle.

CITYVIEW | BBM-05 |

*Adjustable bicycle mirror for impressive sight from all angles*

- » Clear and distinct visibility due to the lightly convex and anti-glare blue glass
- » Reflector at the rear for good visibility for oncoming traffic
- » Simple clamping system on the outside of your handlebar (Ø 19-26 mm)
- » Optimal mirror size of 110 x 52 mm for clear visibility
- » Available in a left and right model

Outer handlebar diameter (mm)	19 - 26
Anti glare	Yes
Weight (g)	140
Sizes	Left, Right
Color name	black

CITYVIEW | BBM-05OEM |

- » Available in Left and Right version
- » This box is made of 100% recycled material and uses no plastics

DROPVIEW | BBM-03 |

*Compact and adjustable super convex mirror with anti-glare blue glass*

- » Wide view super convex and anti glare blue glass
- » Optimal mirror size of 56 x 46 mm for clear visibility
- » Universal design for both left- and right side of the handlebar
- » Easy inner handlebar-end mounting system (Ø 16-23mm)
- » Ideal for drop bars and flat handlebars

Inner handlebar diameter (mm)	16 - 23
Anti glare	Yes
Weight (g)	65
Color name	black

**MULTIVIEW | BBM-04 |**

*Compact and in all angles adjustable convex mirror with anti-glare blue glass*

- » Wide view convex and anti glare blue glass
- » Optimal mirror size of 73 x 67 mm for clear visibility
- » Universal design for both left- and right side of the handlebar
- » Easy inner handlebar-end mounting system (Ø 16-23mm)
- » Ideal for flat- and urban handlebars

**Inner handlebar diameter (mm)** 16 - 23

**Anti glare** Yes

**Weight (g)** 94

**Color name** black

**E-VIEW | BBM-01 |**

*Multi adjustable bicycle mirror with anti-glare coating and inner handlebar-end mounting system*

- » Certified for E-bike and Speed pedelec
- » Mirror size of 115mm x 80mm
- » Inner handlebar-end mounting system
- » Available in a left and right model

**Inner handlebar diameter (mm)** 14,9, 19

**Anti glare** Yes

**Speed Pedelec certified** Yes

**E-bike certified** Yes

**Weight (g)** 147

**Sizes** Left, Right

**Color name** black

**E-VIEW CLAMP MOUNT | BBM-02 |**

*Multi adjustable bicycle mirror with anti-glare coating and mounting clamp*

- » Certified for the use on E-bikes
- » Mirror size of 115mm x 80mm
- » Mounting system for on the handlebar
- » Available in a left and right model

**Anti glare** Yes

**E-bike certified** Yes

**Weight (g)** 192

**Sizes** Left, Right

**Color name** black

**MULTIVIS | BBP-71 |***Reflective stickers suited for use on your frame and rims*

- » Can be applied on other products like helmets, shoes and other bike components
- » 23 stickers in 7 different shapes

<b>Usage type</b>	Reflection stickers
<b>Weight (g)</b>	346
<b>Color name</b>	black

**ROLLVIS | BBP-72 |***Black reflective sticker rol*

- » Stickers suited for use on your frame and rims
- » Can be applied on other products like helmets, shoes and other bike components
- » 40 mm wide and 1 m long reflection rol

<b>Usage type</b>	Reflection stickers
<b>Weight (g)</b>	346
<b>Color name</b>	black

**STAYGUARD | BBP-12M |***Neoprene cover protects your chainstay from chain-slap scratches*

- » Extra tough yet flexible material with anti-slip on the inside
- » Large velcro strap keeps StayGuard securely attached to your bike's chainstay
- » Size: 250x110/90mm

<b>Usage type</b>	Chain stay protection
<b>Height (mm)</b>	110 x 90 x 250
<b>Weight (g)</b>	15
<b>Color name</b>	black

**STAYGUARD | BBP-12L |***Neoprene cover protects your chainstay from chain-slap scratches*

- » Extra tough yet flexible material with anti-slip on the inside
- » Large velcro strap keeps StayGuard securely attached to your bike's chainstay
- » Size: 250x130mm

<b>Usage type</b>	Chain stay protection
<b>Height (mm)</b>	130 x 130 x 250
<b>Weight (g)</b>	20
<b>Color name</b>	black

**STAYSKIN | BBP-21 |**

*To protect your frame against damage*

- » Prevent damages caused by repeated contact to your bike frame or parts
- » Water and heat resistant protective sticker, suitable for all weather conditions
- » Easy installation due to flexible material

<b>Usage type</b>	Chain stay protection
<b>Weight (g)</b>	17
<b>Color name</b>	black

- » Strong tools combined with a lightweight aluminium side plates
- » 9 functions

<b>Hex size (mm)</b>	2, 2.5, 3, 4, 5, 6, 8
<b>Screwdriver type</b>	Flat (SL-6), Philips (PH-3)
<b>Weight (g)</b>	111
<b>Color name</b>	black/silver

### TORXFOLD | BTL-143 |

*High-end folding tool with durable aluminium side plates*

- » Includes 8 different sizes of torx keys

<b>Torx size</b>	T9, T10, T15, T20, T25, T27, T30, T40
<b>Weight (g)</b>	125
<b>Color name</b>	black/silver

**NEW!**

## **LEVERALIGN** | BTL-197

The LevverAlign tool, works exclusively with our BTL-196 PadAlign, is designed for precise adjustments and will ensure perfect alignment every time. Its robust construction guarantees durability, while its user-friendly design simplifies the alignment process, making it an indispensable tool for achieving seamless lever performance and enhancing overall cycling experience.

### CASSETTEREMOVER SET | BTL-194 |

*Including BTL-12S Lockout, BTL-122 T-Rex and BTL-211 GuidePin*

- » Shimano/SRAM compatible
- » Thru axle, 12mm, compatible
- » 10,11,12 Speed compatible

<b>Speed compatibility</b>	10, 11, 12
<b>Weight (g)</b>	1500
<b>Color name</b>	silver

### T-REXGRIP | BTL-122 |

*Get a perfect grip on your cassette with these easy to use cassette pliers*

- » Suitable for sprockets from 11-26 teeth
- » Fits with a spring to lock the sprocket fast and firm without slipping away
- » With kraton handle for a firm and comfortable grip

<b>Material</b>	Kraton, Steel
<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	326
<b>Color name</b>	black/blue

### TURNTABLE | BTL-11 |

*Effectively holds the sprockets when removing the cassette lock-ring*

- » Also removes freewheel sprockets
- » 7, 8, 9 and 10-speed compatible

<b>Speed compatibility</b>	7, 8, 9, 10
<b>Weight (g)</b>	194
<b>Color name</b>	black/blue

### TURNTABLE 11 | BTL-11S |

*Effectively holds the sprockets when removing the cassette lock-ring*

- » Also removes freewheel sprockets
- » 7, 8, 9, 10 and 11 speed compatible

<b>Speed compatibility</b>	7, 8, 9, 10, 11
<b>Weight (g)</b>	295
<b>Color name</b>	black/blue

**LOCKOUT CAMPAGNOLO | BTL-12C |**

*Removes cassette lock-rings of Campagnolo compatible cassettes*

» With kraton handle for a firm and comfortable grip

<b>Speed compatibility</b>	7, 8, 9, 10, 11
<b>Weight (g)</b>	295
<b>Color name</b>	black/silver

**LOCKOUT SHIMANO | BTL-12S |**

*Removes cassette lock-rings of Shimano compatible cassettes and center lock disc brake hub systems*

» With kraton handle for a firm and comfortable grip

<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	301
<b>Color name</b>	black/blue

**GUIDEPIN | BTL-211 |**

*12mm adapter for cassette lockring tools*

» The aluminium adapter stays in place due to a magnet  
 » Shimano/SRAM/Campagnolo compatible  
 » Compatible with: BTL-12S/12C/107S/108C

<b>Axle size (mm)</b>	12
<b>Weight (g)</b>	12
<b>Color name</b>	black

**NAUTILUS II | BTL-05 |**

*Easy-to-use high-end chain tool*

» Can be adjusted to any chainsize  
 » With kraton handle for a firm and comfortable grip  
 » Integrated chain hook holds links during assembly

<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	97
<b>Color name</b>	black

### PROFICONNECT | BTL-55 |

*Professional chain rivet tool*

- » Compatible with any chain, including 12 speed
- » Fully adjustable to the size of the chain
- » Integrated chain hook holds links during assembly
- » With kraton handle for a firm and comfortable grip
- » With adapter for Campagnolo chains

<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	330
<b>Color name</b>	black

### RE-LINK | BTL-213 |

*Ergonomic dual-function chain link tool compatible with all chains (1-12s)*

- » Dual-function tool: open and close chain links with the same movement
- » Ergonomic design with a 90-degree bend for comfortable handling
- » Durable construction from extra hardened steel
- » Eco-friendly grips made from GRS certified recycled plastic

<b>Material</b>	Steel
<b>Speed compatibility</b>	1, 7, 8, 9, 10, 11, 12
<b>Color name</b>	black

### LINKFIX | BTL-77 |

*Chain link tool with dual function*

- » With kraton handle for a firm and comfortable grip

<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	147
<b>Color name</b>	black/blue

### CHAINCHECKER | BTL-125 |

*Easy to use chain wear checking tool*

- » Integrated chain hooks hold links during assembly
- » Added valve tool and 5/6/8 mm allen keys makes this a unique multi-tool

<b>Speed compatibility</b>	7, 8, 9, 10, 11, 12
<b>Weight (g)</b>	30
<b>Color name</b>	silver

**HANDYHOOK | BTL-121 |***Stainless steel Chain hook*

» Great tool to keep the chain in place while replacing or checking the length of the chain

<b>Weight (g)</b>	11
<b>Color name</b>	black/silver

**BRACKETGRIP | BTL-120 |***Bottom bracket tool compatible with 16-notch 48,5 mm outer diameter cups*

» Extra long: 33 cm  
 » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	310
<b>Color name</b>	black/blue

**BRACKETGRIP | BTL-116 |***Bottom bracket tool compatible with 16-notch 39/41 mm outer diameter cups*

» With kraton handle for a firm and comfortable grip  
 » Extra long 33 cm handle  
 » Compatible with Shimano Dura Ace BB-9000, XTR 980 BB93, Ultegra 6800 and 105 5800 BBR60

<b>Weight (g)</b>	395
<b>Color name</b>	black/blue

**BRACKETGRIP | BTL-27L |***Bottom bracket tool compatible with 16-notch 44 mm outer diameter cups like the Shimano and Campagnolo*

» With kraton handle for a firm and comfortable grip  
 » Extra long 33 cm handle

<b>Weight (g)</b>	312
<b>Color name</b>	black/blue

### BRACKETGRIP DUB | BTL-193 |

*Bottom bracket tool compatible with 12-notch 46mm outer diameter cups: SRAM DUB*

- » With kraton handle for a firm and comfortable grip
- » Extra long: 33cm

**Color name**

### CRANKGRIP | BTL-102 |

*Designed specifically for the removal of the dust cover from a HollowTech II crankset*

- » Can be used without any extra tools

**Weight (g)**   
**Color name**

### ULTRAGRIP | BTL-38 |

*Bottom bracket tool set for Campagnolo Ultra-Torque*

- » Compatible with 16-notch 44 mm outer diameter cups
- » Bottom bracket tool to assemble the cups and extra long allen key to mount the fixing bolt
- » With kraton handle for a firm and comfortable grip

**Weight (g)**   
**Color name**

### PULLSTAR | BTL-20L |

*Bottom bracket tool for Shimano cartridge type bottom brackets*

- » Compatible with traditional, Octalink and ISIS models
- » Screw-on blocking mechanism
- » Extra long 33 cm handle allows you to apply more torque
- » With kraton handle for a firm and comfortable grip

**Bottom bracket standard**   
**Weight (g)**   
**Color name**

**MULTIHOOK | BTL-24 |***For easy assembly of bottom bracket lock rings*

- » Fits most lock-ring sizes
- » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	201
<b>Color name</b>	black/blue

**POWERPULL | BTL-14 |***Separates the crank from the bike's bottom bracket*

- » Due to the removable cap the puller can be used on ISIS, Octalink en Square tapered spindles
- » Without the cap the tool can be used on Squared tapered spindles
- » With the cap the tool can be used on ISIS and Octalink spindles

<b>Bottom bracket standard</b>	ISIS, Octa, Square Tapered
<b>Weight (g)</b>	92
<b>Color name</b>	black

**BOLTGRIP | BTL-32L |***Chainring nut wrench*

- » For easy mounting of the chainring nuts
- » Compatible with Shimano and Campagnolo chainring nuts

<b>Weight (g)</b>	33
<b>Color name</b>	black

**DUALFORCE | BTL-101 |***Ergonomic double-sided allen wrench*

- » 6 mm and 8 mm allen keys
- » Remove and replace your pedals quickly and easily
- » With kraton handle for a firm and comfortable grip

<b>Hex size (mm)</b>	6, 8
<b>Weight (g)</b>	196
<b>Sizes</b>	6mm
<b>Color name</b>	black/blue

**HI TORQUE L | BTL-10D |***Ergonomic double-sided pedal wrench*

- » Extra wide and strong hooks
- » Extra long: 33 cm

<b>Weight (g)</b>	320
<b>Sizes</b>	15mm
<b>Color name</b>	black/blue

**NEELEDRIVER HYDRAULIC | BTL-160 |***Professional hydraulic needle driver*

- » Can be used for both needle and banjo hose barbs
- » Compatible with most brake systems

<b>Weight (g)</b>	134
<b>Color name</b>	black

**HOSECUTTER HYDRAULIC | BTL-161 |***Cuts a smooth and clean cross section in hydraulic brake hose*

- » Specific tool for synthetic hydraulic brake hoses
- » Long grips for easy leverage
- » Blade is safely hidden when in locked mode

<b>Weight (g)</b>	63
<b>Color name</b>	blue

**PISTONFIX | BTL-115 |***Handy tool to pre-set the hydraulic piston when replacing worn out pads*

- » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	206
<b>Color name</b>	black/blue

**DISCSTRAIGHT | BTL-74 |***Disc brake rotor straightening tool*

- » Ideal solution when replacement disc is not available
- » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	247
<b>Color name</b>	black/blue

**DISCDOCTOR | BTL-212 |***Compact disc brake multitool with 6 functions*

- » Removable shim for easy caliper aligning
- » Rotor truing fork and wear gauge function for all common rotors
- » Convenient piston spreader for brake maintenance
- » Stay on top of brake pad wear with the built-in gauge
- » With handy valve core tool

<b>Material</b>	Steel
<b>Color name</b>	black

**PROFICUT | BTL-54 |***Professional cable cutter*

- » Ultra-sharp hardened steel blades
- » Crimper for cable ends
- » With kraton handle for a firm and comfortable grip

<b>Material</b>	Kraton, Nylon, Steel
<b>Weight (g)</b>	292
<b>Color name</b>	black/blue

**FASTCUT | BTL-16 |***Ultra-sharp blades cut bike cables effortlessly*

- » Industrial grade hardened steel
- » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	171
<b>Color name</b>	black/silver

**CABLEPULLER | BTL-195 |***Inner cable puller compatible for all common cable diameters*

- » Made of high quality steel
- » Two stage operation
- » Can pull the cable up to 33mm

<b>Weight (g)</b>	229
<b>Color name</b>	silver

**CABLEGUIDESET | BTL-184 |***Complete internal cable routing tool*

- » A strong magnet, four individual adapters and two 2.5 m magnetic lead wires included
- » Suitable for shifting-/braking cables, outer cables, hydraulic hoses and Di2 wires
- » Compatible with carbon fiber, titanium and aluminum bicycle frames with a minimum 6 mm hole

<b>Weight (g)</b>	64
<b>Color name</b>	silver

**HIGHTORQUE | BTL-175 |***1/2" ratcheting torque wrench, adjustable with increments of 0.25 Nm*

- » Suitable for both left as well as right-hand threads
- » Click-indicator for when the torque setting is reached
- » Total length of 355mm for maximal leverage
- » Individually calibrated by a computer for the best and most precise quality
- » Protection case included

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	780
<b>Color name</b>	chrome

**PRECISIONTORQUE | BTL-174 |***High-precision 1/4" ratcheting torque wrench set with a 1-10Nm torque range*

- » Highly precise and adjustable with 0.1Nm increments for accurate tightening
- » Click-mechanism provides clear indication when torque setting is reached
- » Computer-calibrated and individually tested for reliable performance
- » Re-calibration option available for long-lasting accuracy
- » Storage case and 9 bits included

<b>Hex size (mm)</b>	2, 3, 4, 5, 6, 2.5
<b>Torx size</b>	T15, T20
<b>Material</b>	Aluminum
<b>Square bit driver (inch)</b>	1/4
<b>Weight (g)</b>	206
<b>Color name</b>	chrome

**TORQUESET DELUXE | BTL-173 |**

*Torque tool with 1/4" drive, adjustable with increments of 0.2Nm*

- » Click-mechanism to indicate when torque setting is reached
- » Each torque wrench is individually calibrated by computer and can be re-calibrated
- » Protection case included

<b>Hex size (mm)</b>	3, 4, 5, 6, 8
<b>Torx size</b>	T25, T30
<b>Square bit driver (inch)</b>	1/4
<b>Weight (g)</b>	503
<b>Color name</b>	chrome

**TORQUESET | BTL-73 |**

*Torque tool with 1/4" drive adjustable with increments of 0.5 Nm*

- » Click-mechanism to indicate when torque setting is reached
- » Individually calibrated by computer
- » Protection case included

<b>Hex size (mm)</b>	3, 4, 5, 6, 8
<b>Torx size</b>	T25, T30
<b>Square bit driver (inch)</b>	1/4
<b>Weight (g)</b>	483, 250
<b>Color name</b>	black

**TORQUETUNE | BTL-182 |**

*Adjustable torque wrench with bits included in the foldable handle*

- » Foldable design for use as a driver or T-wrench
- » Click-mechanism to indicate when torque setting is reached
- » Hex keys 2.5, 3, 4, 5, 6 and T25 torx included
- » Bit storage located in the handle

<b>Hex size (mm)</b>	2.5, 3, 4, 5, 6
<b>Hex bit driver (inch)</b>	1/4
<b>Torx size</b>	T25
<b>Material</b>	Nylon, Steel
<b>Weight (g)</b>	183
<b>Color name</b>	black

**TORQUEFIX | BTL-119 |**

*Do you know your own power? To make sure all your bolts are tightened at the right torque*

- » Click-mechanism to indicate when torque setting is reached
- » Hex keys 2, 3, 4, 5, 6 and T25 torx included
- » Available in 4, 5 and 6 Nm

<b>Hex size (mm)</b>	2, 3, 4, 5, 6
<b>Torx size</b>	T25
<b>Weight (g)</b>	146
<b>Color name</b>	black/blue

**HEX T | BTL-45 |***T-handle allen wrench*

- » With ball head for hard to reach bolt heads
- » Handle made of durable composite material

<b>Hex size (mm)</b>	2, 2.5, 3, 4, 5, 6, 8
<b>Material</b>	Steel
<b>Weight (g)</b>	20, 22, 28, 56, 70, 88, 178
<b>Sizes</b>	2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm
<b>Color name</b>	black/silver

**TORX T | BTL-46 |***T-handle torx wrench*

- » Compatible with torx bolts with and without pin
- » Handle made of durable composite material

<b>Torx size</b>	T25, T30, T40
<b>Material</b>	Steel
<b>Weight (g)</b>	66, 84, 146
<b>Sizes</b>	T25, T30, T40
<b>Color name</b>	black/silver

**HEX T SET | BTL-45S |***T-handle hex and torx wrench set including holder*

- » With ball head for hard to reach bolt heads
- » Handle made of durable composite material
- » Contents: 2, 2.5, 3, 4, 5, 6, 8 and 10mm hex and T25 torx.

<b>Hex size (mm)</b>	2, 2.5, 3, 4, 5, 6, 8, 10
<b>Torx size</b>	T25
<b>Material</b>	Steel
<b>Weight (g)</b>	1084
<b>Color name</b>	black/silver

**THREESTAR | BTL-28 |***Portable Hex key set*

- » Kraton grip in the middle for extra comfort

<b>Hex size (mm)</b>	2, 2.5, 3, 4, 5, 6
<b>Weight (g)</b>	63, 65
<b>Sizes</b>	2/2.5/3mm, 4/5/6mm
<b>Color name</b>	black

### TORXSTAR | BTL-28T |

*Portable torx key set*

» Kraton grip in the middle for extra comfort

<b>Torx size</b>	T25, T30, T40
<b>Weight (g)</b>	68
<b>Sizes</b>	T25/30/40
<b>Color name</b>	black

### COMBOSTAR | BTL-28C |

*Portable hex and torx key set combination*

» Kraton grip in the middle for extra comfort

<b>Hex size (mm)</b>	4, 5
<b>Torx size</b>	T25
<b>Weight (g)</b>	61
<b>Color name</b>	black

### HEXSET | BTL-118 |

*9-piece L-shaped allen wrenches set*

» Ball end for hard to reach bolt heads and a straight tip on the short arm for high torque applications  
 » Comes with a handy portable tool organizer, labeled for easy access and storage

<b>Hex size (mm)</b>	1.5, 2, 2.5, 3, 4, 5, 6, 8, 10
<b>Material</b>	Steel
<b>Weight (g)</b>	416
<b>Color name</b>	black

### HEXAGON | BTL-13 |

*Extra long and strong allen key*

» Available in 8 mm  
 » With hard rubber sleeve for better grip

<b>Hex size (mm)</b>	8
<b>Weight (g)</b>	110
<b>Sizes</b>	8mm
<b>Color name</b>	black/silver

**DRIVEFORCE | BTL-104 |**

*Ergonomic 1/2" driver wrench for all 1/2" sockets*

- » Extra long 33 cm
- » With kraton handle for a firm and comfortable grip

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	321
<b>Color name</b>	black/blue

**BRACKETPLUG DUB | BTL-105D |**

*Designed for the installation and removal of 12 Notch 46 mm bottom bracket cups*

- » Compatible with the SRAM DUB standard
- » Compatible with the BTL-104 DriveForce and a 24mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	138
<b>Color name</b>	grey

**BRACKETPLUG | BTL-105 |**

*Designed for the installation and removal of 16-notch 44mm outer diameter cups*

- » Compatible with the BTL-104 DriveForce and a 24mm wrench
- » Compatible with Shimano Hollowtech II

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	220
<b>Color name</b>	silver

**LOCKPLUG | BTL-106S |**

*Designed for the installation and removal of Shimano HG cassette lockrings and center lock disc brake hub systems*

- » Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	57
<b>Color name</b>	silver

**LOCKPLUG | BTL-107S |**

*Designed for the installation and removal of Shimano HG cassette lockrings and center lock disc brake hub systems*

- » With guide pin
- » Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	83
<b>Color name</b>	silver

**LOCKPLUG | BTL-108C |**

*Designed for the installation and removal of cassette lockrings of Campagnolo compatible cassettes*

- » With guide pin
- » Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	103
<b>Color name</b>	silver

**BRACKETPLUG | BTL-109 |**

*Designed for the installation and removal of Shimano cartridge type bottom brackets*

- » Compatible with traditional, Octalink and ISIS models
- » Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	124
<b>Color name</b>	silver

**HEXPLUG | BTL-110 |**

*8 mm allen key socket*

- » Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	75
<b>Color name</b>	silver

**HEXPLUG | BTL-111 |***10 mm allen key socket*

» Compatible with the BTL-104 DriveForce and a 24 mm wrench

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	78
<b>Color name</b>	silver

**DIRECTPLUG SHIMANO XTR | BTL-199 |***Directmount Chainring tool for Shimano XTR with 41mm / 16 notch lockring*

» Operate with 44mm BB tool (BTL-27L) or 36mm spanner (BTL-56)  
 » Compatible with: XTR: FC-M9100/M9120/M9130, XT: FC-M8100/M8120/M8130, SLX: FC-M7100/M7120/M7130, Deore 12s: FC-M6100/M6120

<b>Material</b>	Steel
<b>Weight (g)</b>	117
<b>Color name</b>	black

**DIRECTPLUG BOSCH GEN.3/4 | BTL-200 |***Bosch Lockring tool for Bosch Gen. 3 & 4 chainrings with 43mm / 8 notch lockring*

» Operate with 1/2" driver (BTL-104/ BTL-175) or 24mm spanner

<b>Square bit driver (inch)</b>	1/2
<b>Weight (g)</b>	201
<b>Color name</b>	black

**LOCKOUT | BTL-128E |***Removes cassette lock-rings of Bosch mid-motor sprockets*

» Extra-long, for increased leverage  
 » With kraton handle for a firm and comfortable grip

<b>Weight (g)</b>	305
<b>Color name</b>	black/blue

**CUPOUT | BTL-113 |***22 mm cup remover*

» To remove press fit bottom bracket systems using the 24 mm spindle

<b>Weight (g)</b>	221
<b>Sizes</b>	22mm
<b>Color name</b>	silver

**CUPOUT | BTL-114 |***25,4 mm cup remover*

» Designed to remove 1", 1-1/8" and 1-1/4" headsets and PressFit 30 (PF30) and BB30 bottom bracket bearings

<b>Weight (g)</b>	303
<b>Color name</b>	silver

**HEADFIX | BTL-56 |***High quality headset wrench*

» With kraton handle for a firm and comfortable grip

<b>Headfix size</b>	32/36, 36/40
<b>Weight (g)</b>	293, 297
<b>Sizes</b>	32/36mm, 36/40mm
<b>Color name</b>	silver

**CONESSET | BTL-25S |***5-piece set of versatile and durable cone wrenches*

» Carbon steel tools with ergonomic grip

<b>Cone size (mm)</b>	13, 14, 15, 16, 17
<b>Weight (g)</b>	690
<b>Color name</b>	black/blue

**CONEFIX | BTL-25 |***Versatile and durable cone wrench*

» Available in different sizes

<b>Cone size (mm)</b>	13, 14, 15, 16, 17
<b>Weight (g)</b>	133, 130, 132
<b>Sizes</b>	13mm, 14mm, 15mm, 16mm, 17mm
<b>Color name</b>	black/blue

**PROTUNE | BTL-183 |***Professional spoke wrench*

» Spoke nipple locking system for easy truing

<b>Spoke wrenches</b>	3.23 mm (0.127 inch), 3.30 mm (0.130 inch), 3.45 mm (0.136 inch)
<b>Weight (g)</b>	17
<b>Sizes</b>	3.2mm, 3.3mm, 3.5mm
<b>Color name</b>	black, green, red

**PROTUNE SET | BTL-183S |***Professional spoke wrench set*

» Spoke nipple locking system for easy truing

<b>Spoke wrenches</b>	3.23 mm (0.127 inch), 3.30 mm (0.130 inch), 3.45 mm (0.136 inch)
<b>Weight (g)</b>	51
<b>Color name</b>	black, green, red

**TURNER II | BTL-15 |***Compact CrMo spoke wrench*

» Spoke wrench tool with 4 sizes (3.2/ 3.3/ 3.5/ 4.0mm)

<b>Spoke wrenches</b>	3.23 mm (0.127 inch), 3.30 mm (0.130 inch), 3.45 mm (0.136 inch), 3.96 mm (0.156 inch)
<b>Weight (g)</b>	36, 250
<b>Color name</b>	silver

**SPOKEHOLDER | BTL-214 |**

*Universal spoke plier compatible with round and flat spokes*

- » Securely holds spokes in place when building or truing wheels
- » Prevents twisted spokes and damage to spoke nipple threads
- » Compatible with J-bend and straight pull spokes
- » Suitable for round and flat spokes up to 2.4mm (13G)
- » Features ergonomic handles for comfortable and efficient use

<b>Material</b>	Steel
<b>Weight (g)</b>	70
<b>Color name</b>	black

**TENSIONGAUGE | BTL-186 |**

*Spoke tension meter for checking, truing and building wheels*

- » Compatible with all spoke shapes and material

<b>Weight (g)</b>	150
<b>Color name</b>	black

**EASYLIFT | BTL-81 |**

*Easy to use tire levers*

- » Click-together system for portability
- » 3 pieces a set

<b>Material</b>	Nylon
<b>Weight (g)</b>	35, 250
<b>Color name</b>	black, neon yellow, red/white/ blue, red/white/green, black/red/ yellow

**EASYLIFT DISPLAY BOX | BTL-81D |**

*Display box with 48 sets of 3 pcs EasyLift tire levers.*

<b>Weight (g)</b>	1840
<b>Color name</b>	black/blue/red/green

**SMARTLIFT | BTL-82 |***Smart tire lever multitool to remove and install your tire*

- » Effortless tire removal with two included tire levers.
- » Convenient tire installation hook for quick and easy fitting of the tire on the rim
- » Integrated storage for presta valve core and tubeless tire plugs
- » Includes a built-in valve core tool for added versatility

<b>Material</b>	Nylon
<b>Color name</b>	black

**SMARTLIFT DISPLYBOX 24 | BTL-82D |***SmartLift Displaybox 24 pcs.*

- » Smart tire lever multitool to remove and install your tyre
- » Effortless tire removal with two included tire levers.
- » Convenient tire installation hook for quick and easy fitting of the tire on the rim
- » Integrated storage for presta valve core and tubeless tire plugs
- » Includes a built-in valve core tool for added versatility

<b>Color name</b>	black
-------------------	-------

**PROFILIFT | BTL-79 |***Professional tire lever*

- » Composite side for bike wheels, metal side for heavy duty purposes
- » Comfortable grip

<b>Weight (g)</b>	79
<b>Color name</b>	black

**PUNCTUREPLUGGER | BTL-185 |***Tubeless tire repair kit*

- » Separate reamer and insertion tool
- » Includes 6 tire plugs (3 x 1.5mm and 3 x 3.5mm)
- » CNC machined handle with storage container for the plugs
- » High-quality and durable tool made from aluminum and steel

<b>Weight (g)</b>	55
<b>Color name</b>	black

**CORECONTROL | BTL-207 |**

NEW

*Valve core removal tool*

- » Easily removes any valve core, Presta or Schrader
- » Additional function for securing valve extenders

<b>Material</b>	Aluminum
-----------------	----------

**PUNCTUREPLUGS | BTL-208 |**

NEW

*Set of 10 reserve tire plugs stored in a box.*

- » Compatible with the PuncturePlugger (BTL-185), MaxiFold Tubeless (BTL-141TL), and the BarPlugger (BTL-210)
- » Two plug size options (1.5 mm and 3.5 mm) for accurate tubeless puncture repair on any terrain

<b>Material</b>	Rubber
-----------------	--------

**EASYTIRE | BTL-78 |***The tool helps to put tires on the rim*

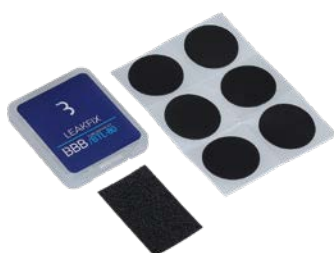

- » Perfect help for tight tires/wheel combination
- » Fully composite to prevent wheel or tire damage

<b>Weight (g)</b>	120
<b>Color name</b>	black

**LEAKFIX | BTL-80 |***Tube repair kit with adhesive patches*

- » Set with 6 self adhesive patches and a piece of sandpaper

<b>Weight (g)</b>	8
<b>Sizes</b>	Universal
<b>Color name</b>	black

**LEAKFIX DISPLAY BOX | BTL-80D |**

*Display box with 50 pcs of BTL-80 LeakFix.*

<b>Weight (g)</b>	489
<b>Color name</b>	black

**THRUGRIP | BTL-123 |**

*This transport kit consists of 2 pistonpads and a chainguide*

- » The pistonpads can be used for keeping the brakepads spread while the wheels are out
- » With use of the O-ring the pistonpads can be held in place in almost all brake systems
- » The chainguide can keep the chain clear and guided on axles up to 12 mm

<b>Weight (g)</b>	50
<b>Color name</b>	black/silver

**CHAINGRIP | BTL-50 |**

*Quick-release axle system keeps the chain under tension when the wheel is removed*

- » Easy for transportation and cleaning of the bike

<b>Weight (g)</b>	115, 122
<b>Sizes</b>	130mm, 135mm
<b>Color name</b>	black/silver

**FORKGRIP | BTL-49 |**

*Quick release axle system protects the front fork when the wheel is removed*

- » With disc brake pad adapter which retains the brake pads when the disc is removed

<b>Weight (g)</b>	84
<b>Color name</b>	black/silver

**FRAMESET | BTL-190 |**

*Durable and washable brushes and mitt to wash your whole bike*

- » Big soft brush for heavy frame cleaning
- » Agile detail brush for drivetrain cleaning on narrow spots
- » The trusty toothbrush for deep cleaning of your chain and cassette
- » Cuffed microfiber glove for cleaning the details of your frame and fork
- » Handy sack to keep it all together

<b>Weight (g)</b>	150
<b>Color name</b>	black

**BIOREADYWASH TRIGGER | BTL-253 |**

*Bio-based ready to use bike wash*

- » Ready to use bike wash mixture
- » Easy to use spray nozzle
- » Effective against dust and dirt
- » 100% biodegradable within 28 days
- » Made with 100% plant-based material

<b>Weight (g)</b>	573
<b>Color name</b>	blue

**BIOSUPERWASH 1L | BTL-251 |**

*Bio Superwash effortlessly cleans grease and dirt from your bike without the use of any chemicals.*

- » Contains natural wax to protect the paint
- » Highly concentrated for smaller packaging
- » PH-neutral
- » 100% biodegradable within 28 days
- » 100% free from microplastics

<b>Volume (L)</b>	1
<b>Weight (g)</b>	1066
<b>Color name</b>	blue

**BIOSUPERWASH 5L | BTL-251W |**

*Sustainable wash for bicycle cleaning*

- » Contains natural wax to protect the paint
- » Highly concentrated for smaller packaging solutions
- » PH-neutral
- » 100% biodegradable within 28 days
- » 100% free from microplastics

<b>Volume (L)</b>	5
<b>Weight (g)</b>	5500
<b>Color name</b>	blue

### TOOTHBRUSH | BTL-17 |

*Extra thick brushes suited for a variety of cassette cleaning jobs*

- » Durable nylon brushes stay stiff
- » Washable

<b>Material</b>	Nylon
<b>Weight (g)</b>	35
<b>Color name</b>	black

### BRIGHT & FRESH | BTL-21 |

*Tool for cleaning your chain*

- » Smooth internal chain guide mechanism
- » No chain disassembly required
- » Rinse the cleaner well with water after use. Because fumes from the degreaser can damage the plastic.

<b>Weight (g)</b>	290
<b>Color name</b>	clear

### BIODRIVETRAIN CLEANER 500ML | BTL-250S |

*Bio Drivetrain Cleaner is a plant-based degreaser.*

- » Can be used undiluted without any problems
- » 100% plant-based
- » 100% recycled PET packaging
- » 100% free from microplastics

<b>Weight (g)</b>	573
<b>Color name</b>	red

### BIODRIVETRAIN CLEANER 1L | BTL-250 |

*Bio Drivetrain Cleaner is a plant-based degreaser.*

- » Can be used undiluted without any problems
- » 100% plant-based
- » 100% recycled PET packaging
- » 100% free from microplastics

<b>Volume (L)</b>	1
<b>Weight (g)</b>	912
<b>Color name</b>	red

### BIODRIVETRAIN CLEANER 5L | BTL-250W |

*Sustainable plant-based degreaser*

- » Can be used undiluted without any problems
- » Made with 100% plant-based ingredients
- » Packaging made from 100% recycled PET material
- » 100% free from microplastics

<b>Volume (L)</b>	5
<b>Weight (g)</b>	4750
<b>Color name</b>	red

### DEADBLOW | BTL-187 |

*Anti-rebound hammer provides sustained impact and force without vibrations*

- » Soft rubber head for surface protection
- » 40mm diameter surface

<b>Weight (g)</b>	513
<b>Color name</b>	black

### STEERERTUBE | BTL-188 |

*Sawguide ensures a straight cut for steertubes, seatposts or handlebars*

- » Can be mounted on a vise
- » Suited for Ø 20 - 33 mm bars

<b>Weight (g)</b>	427
<b>Color name</b>	silver

### MULTITUBE | BTL-189 |

*Sawguide ensures a straight cut, for round or aero shaped steertubes, seatposts or handlebars*

- » Can be mounted on a vise
- » Suited for Ø 21.5 - 45 mm bars and aerobar tube length: 30 - 80 mm

<b>Weight (g)</b>	445
<b>Color name</b>	silver

**PADALIGN | BTL-196 |***Deraillleur pad alignment tool*

- » Long and stiff profile with accurate gauge for high precision
- » Rubber ends on the gauge to prevent damage to the rim
- » Made of high quality steel and lasts a lifetime

<b>Weight (g)</b>	295
<b>Color name</b>	black

**LEVERALIGN | BTL-197 |***Lever alignment add-on to the BTL-196 PadAlign*

NEW

- » Add-on tool: Designed to work with our BTL-196 PadAlign for precise lever adjustments
- » Simplifies the alignment process, making it easy to achieve perfect lever positioning

<b>Material</b>	Steel
-----------------	-------

**ALLROUNDKIT | BTL-91 |***Extra strong toolbox with the 14 most common tools for your bike maintenance*

- » Protective foam inserts keeps the tools in place
- » Extra space to add additional tools to meet your specific needs
- » 14 tools included: BLT-15/ BTL-28T/ BTL-125/ BTL-77/ BTL-104/ BTL-54/ BTL-55/ BTL-110/ BTL-17/ BTL-118/ BTL-32L/ BTL-11/ BTL-79/ BTL-107S

<b>Weight (g)</b>	4270
<b>Color name</b>	black

**CHAIN&CASSETTE SET | BTL-225 |***All tools you need to perform maintainance on the chain, cassette and more*

- » Comes in a luxury toolbox for storage and transport
- » With protective foam inserts to protects your tools and keep them all in place

<b>Weight (g)</b>	2100
<b>Color name</b>	black

### BEARINGPRESS SET | BTL-231 |

*Bearing press set compatible for all 22/24/29/30mm spindle standards*

- » Two sided aluminium CNC machined cups for a perfect fit on both bottom bracket cups and bearings
- » Supports all (serviceable) BBB cycling bottom brackets
- » Luxury and comfortable handles with an offset for easy usage
- » 240mm long thread fits any bottom bracket width
- » Comes in a luxury toolbox for storage and transport

<b>Weight (g)</b>	1270
<b>Color name</b>	black

### BEARING REMOVER GXP/BB90 | BTL-232 |

*Extracts bearings with minimal stress for your frame and Bottom bracket Cups*

- » Bearing extractor with special extractor plates for 22 and 24mm bearings
- » Extractor Cup (diameter 37mm) with O-ring to protect your bottom bracket cup and frame
- » Easy to use with a 5mm allen key and holding the cup by hand or 17mm spanner
- » Made out of aluminium by CNC for the highest precision and quality
- » Compatible with BBB Cycling BottomFit X9 24/GXP brackets and possible other brackets where the bearing can be replaced. Inquire for possible compatibility

<b>Weight (g)</b>	57
<b>Color name</b>	blue

### BEARING REMOVER DUB/BB30 | BTL-233 |

*Extracts bearings with minimal stress for your frame and BB Cups*

- » Bearing extractor with special extractor plates for 29 and 30mm bearings
- » Extractor Cup (diameter 42 mm) with O-ring to protect your bottom bracket cup and frame
- » Easy to use with a 5mm allen key and holding the cup by hand or 17mm spanner
- » Made out of aluminium by CNC for the highest precision and quality
- » Compatible with BBB Cycling BottomFit X9 DUB/30mm brackets and possible other brackets where the bearing can be replaced. Inquire for possible compatibility.

<b>Weight (g)</b>	65
<b>Color name</b>	blue

### BRACKETKIT | BTL-95 |

*Extra strong toolbox with all the necessary tools to remove and install your press-fit bottom bracket*

- » Suitable for: BB30, PF30, PF86-92, BB90-95 and GXP
- » Protective foam inserts keeps the tools in place
- » Set contains: 2 bearing press cups, 1 bearing removal tool and 1 cup press rod.

<b>Weight (g)</b>	1540, 250
<b>Color name</b>	black

**TOOLS & TUBES | BTL-18 |**

*Storage can, to fit in your bottle cage*

- » Durable composite material
- » Internal storage tray for small parts
- » Perfect to organise your inner tube, tools, Co2 inflator etc.

<b>Weight (g)</b>	67, 73
<b>Sizes</b>	S, L
<b>Color name</b>	black

**SOFTCASE | BTL-181 |**

*Storage can, to fit in your bottle cage*

- » Waterproof fabrics and zippers
- » Perfect to organize your inner tube, tools, Co2 inflator etc.
- » Internal (zippered) compartments
- » Made of PU-coated EVA-foam

<b>Weight (g)</b>	35
<b>Sizes</b>	L
<b>Color name</b>	black

**WALLMOUNT DELUXE | BTL-150 |**

*Stylish horizontal bike storage to hang on beams and walls*

- » Protective foam pads to protect the bike from scratches
- » Folds out of the way when not in use, a space saving option for storing your bike
- » Angle adjustable hook

<b>Max. load (kg)</b>	20
<b>Max. steer width (cm)</b>	70
<b>Weight (g)</b>	1163
<b>Color name</b>	black

**WALLMOUNT | BTL-93 |**

*Horizontal bike storage to hang on beams and walls*

- » Protective plastic cover to protect the bike from damage
- » Folds out of the way when not in use, a space saving option for storing your bike
- » Angle adjustable hook
- » For bikes with a maximum weight of 15 kg

<b>Max. load (kg)</b>	15
<b>Max. steer width (cm)</b>	70
<b>Weight (g)</b>	874, 250
<b>Color name</b>	black

### PEDALPARKER | BTL-153 |

*Minimalistic pedal wall mount*

- » Foldable hook for easy adaptation to different bikes and compact storage
- » Rubberized hook to protect pedal and crank finish from scratches
- » Includes two support profiles for stable wheel placement
- » Compatible with all pedal types: Flat, SPD, Clipless
- » Plugs and screws included for hassle-free installation

<b>Material</b>	Rubber, Steel
<b>Max. load (kg)</b>	20
<b>Weight (g)</b>	1500
<b>Color name</b>	black

### PARKINGLOT SWIVEL | BTL-127 |

*Vertical bike storage with swivel function for optimal efficiency*

- » Robust and stylish solution to store your bike of up to 20 Kg
- » Including rear wheel backplate to keep the bike stable and to protect the wall
- » Fits tires up to 3" inch
- » Made of steel to last a life time

<b>Material</b>	Steel
<b>Max. load (kg)</b>	20
<b>Weight (g)</b>	2070
<b>Color name</b>	black

### PARKINGLOT | BTL-126 |

*Stylish vertical bike storage to hang on beams and walls*

- » A space saving option for storing bikes of up to 20 Kg
- » Fits Road and MTB tires up to 3"
- » Protects your wheel and wall with a wide contact point

<b>Material</b>	Steel
<b>Max. load (kg)</b>	20
<b>Weight (g)</b>	672
<b>Color name</b>	black

### PARKINGHOOK | BTL-26 |

*Heavy-duty wall or ceiling mount for storage of bicycles*

- » Variable angle bracket fits nearly all tire sizes

<b>Max. load (kg)</b>	15
<b>Weight (g)</b>	310, 250
<b>Color name</b>	black

### SPINDLESTAND | BTL-155 |

*Portable workstand for bikes with hollow crankset*

- » Including 13/17/20mm spacers for compatibility with different cranksets
- » One wheel off the ground and free pedal movement
- » Rubber feet for anti-slip and protection for the floor
- » Durable powder coated finish
- » Foldable for easy storage and transport

<b>Weight (g)</b>	1575
<b>Color name</b>	black

### PROFIMOUNT | BTL-36 |

*High-end bike repair stand with excellent stability*

- » Completely adjustable and foldable
- » Convenient frame and seatpost clamping mechanism
- » Carrying bag included
- » For bikes with a maximum weight of 23 kg
- » Maximum extension height: 150cm.

<b>Max. load (kg)</b>	23
<b>Weight (g)</b>	5500
<b>Color name</b>	black/silver

### STEADYUP | BTL-156 |

*Bike stand for showing or storing any bicycle*

- » Enhanced stability, engineered for a solid hold and preventing tipping
- » Universal compatibility, adapts to various bike types and a wide range of styles and sizes
- » Aesthetic design, sleek and optimized it doubles the style and function
- » Durable construction, built to ensure longevity, protecting your investment and your bike for years to come
- » Easy assembly, intuitive setup means you're ready to display your bike

<b>Color name</b>	black
-------------------	-------

### BIOHANDWASH 500ML | BTL-259 |

*Natural hand cleaning soap*

- » Powerful salt scrub for effortless hand cleaning
- » Effectively removes dirt and oils from your hands
- » Refreshing lemon scent for a pleasant experience
- » Clean and bright white color
- » Volume: 500 ml

<b>Weight (g)</b>	912
<b>Color name</b>	white

**BIOBEARINGGREASE 50ML | BTL-261 |**

*Bio-based bearing grease for a smooth and protected bike*

- » Low friction grease keeps high loaded bearings and axles run smooth
- » Resin free mix that easily attaches
- » Effective against water and dirt, providing high corrosion protection
- » All-weather performance from -20°C to 70°C for reliable use
- » Made with 100% plant-based ingredients

<b>Weight (g)</b>	62
<b>Color name</b>	blue

**BIOBEARINGGREASE 500ML | BTL-261W |**

*Bio-based bearing grease for a smooth and protected bike. Including workshop brush.*

- » Low friction grease keeps high loaded bearings and axles run smooth
- » Resin free mix that easily attaches
- » Effective against water and dirt, providing high corrosion protection
- » All-weather performance from -20°C to 70°C for reliable use
- » Made with 100% plant-based ingredients

<b>Weight (g)</b>	563
<b>Color name</b>	blue

**BIOPASTE 50ML | BTL-262 |**

*Universal assembly paste to mount and protect bike parts*

- » Prevents squeaking and protects screw connections for smooth rides
- » Protects against corrosion and moisture for long-lasting performance
- » Prevents bike parts from different metals to cold weld together
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Weight (g)</b>	92
<b>Color name</b>	white

**BIOPASTE 500ML | BTL-262W |**

*Universal assembly paste to mount and protect bike parts. Including a workshop brush.*

- » Prevents squeaking and protects screw connections for smooth rides
- » Protects against corrosion and moisture for long-lasting performance
- » Prevents bike parts from different metals to cold weld together
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Weight (g)</b>	591
<b>Color name</b>	white

### BIOCARBONPASTE 50ML | BTL-263 |

*Specific assembly paste for mounting carbon bike parts*

- » Fine structure paste for necessary grip on your components
- » Prevents damages and squeaking noises for smooth rides
- » Ideal for mounting carbon seatposts, stems and handlebars
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Weight (g)</b>	92
<b>Color name</b>	gold

### BIOCARBONPASTE 500ML | BTL-263W |

*Specific assembly paste for mounting carbon bike parts. Including a brush.*

- » Fine structure paste for necessary grip on your components
- » Prevents damages and squeaking noises for smooth rides
- » Ideal for mounting carbon seatposts, stems and handlebars
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Weight (g)</b>	614
<b>Color name</b>	gold

### BIOGLOSS 100ML | BTL-265 |

*Bio-based frame wax for frame gloss and protection*

- » Ready to use frame protection
- » Easy to use spray nozzle
- » Effective against dust and dirt
- » Made with 100% plant-based material
- » Do not use on matt frames

<b>Weight (g)</b>	123
<b>Color name</b>	white

**DISCSTOP HP SHIMANO | BBS-50 |***High end brakepads with an organic compound*

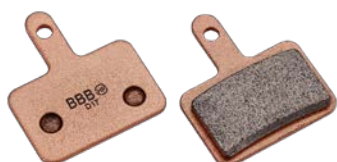

- » Made of our high performance Organic compound
- » Gives the best result in all-round competitive cross country conditions.
- » Easy installation due to the sloping bottom.
- » Direct ready to use
- » Compatible with SHIMANO: XT M755, SRAM: Mech 9.0 and more.

<b>Wear-out indicator</b>	Yes
<b>Weight (g)</b>	105, 150, 190, 200, 246
<b>Length (mm)</b>	140, 160, 180, 203, 0

**CENTERSTOP | BBS-121 |***Industrial-grade stainless steel disc*

- » Designed for great power-modulation, long durability and high performance
- » Rounded edges for improved safety and easy installation
- » Wear-out indicators to show when to replace disc
- » Compatible with Centerlock-hub

<b>Amount (pieces)</b>	1
<b>Compatibility</b>	Center-lock
<b>Wear-out indicator</b>	Yes
<b>Weight (g)</b>	138, 158, 176, 211, 322
<b>Length (mm)</b>	140, 160, 180, 203, 220

### CENTERBLOCK | BBS-131 |

*Rotor lockring for Centerlock hubs*

- » Compatible with quick-release axles and 12mm Tru-axles
- » Tool fit size: Shimano Cassette lockring - BTL-106S/107S

<b>Compatibility</b>	Center-lock
<b>Weight (g)</b>	22

### CENTERBLOCK | BBS-132 |

*Rotor lockring for Centerlock hubs*

- » Compatible with 15 and 20mm Tru-axles
- » Tool fit size: 16 notch 44mm - BTL-27L/38/105

<b>Compatibility</b>	Center-lock
<b>Weight (g)</b>	24

### 6-BOLT SHIMSET | BBS-130 |

*Spacer for centering your rotor between the pads*

- » Set with 4 stainless steel shims of each 0.3mm thickness

<b>Amount (pieces)</b>	4
<b>Compatibility</b>	6-bolt
<b>Weight (g)</b>	2
<b>Length (mm)</b>	46

### CENTERFIT | BBS-90 |

*Convert your 6-bolt disc brake to a centerlock*

- » Hub rotor adapter
- » Extra slim lockring design, road bike compatible
- » Converts 6-bolt rotors to centerlock
- » Compatible with all 1.8mm BBB Powerstop discs
- » Tool fit size: 16 notch 44mm - BTL-27L/38/105

<b>Weight (g)</b>	38
-------------------	----

**POWERMOUNT | BBS-91 |***Strong and durable disc brake adapter*

- » Adapter for 180 mm discs
- » Converts Postmount (PM) 160 mm to Postmount (PM) 180 mm
- » 2 bolts included

<b>Amount (pieces)</b>	1
<b>Adapter size</b>	160 - 180 mm
<b>Adapter system</b>	Postmount (PM) -> Postmount (PM)
<b>Mount location</b>	Front fork, Rear fork
<b>Weight (g)</b>	39

**POWERMOUNT | BBS-92 |***Strong and durable disc brake adapter*

- » Adapter for 203 mm discs
- » Converts Postmount (PM) 160 mm to Postmount (PM) 203 mm
- » 2 bolts included

<b>Adapter size</b>	160 - 203 mm
<b>Adapter system</b>	Postmount (PM) -> Postmount (PM)
<b>Mount location</b>	Front fork, Rear fork
<b>Weight (g)</b>	37, 49

**POWERMOUNT | BBS-93F |***Strong and durable disc brake adapter*

- » Adapter for 160 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 160 mm
- » IS front fork mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 160 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	29

**POWERMOUNT | BBS-93R |***Strong and durable disc brake adapter*

- » Adapter for 160 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 160 mm
- » IS rear frame mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 160 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	31

## POWERMOUNT | BBS-94F |

*Strong and durable disc brake adapter*

- » Adapter for 180 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 180 mm
- » IS front fork mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 180 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	32

## POWERMOUNT | BBS-94R |

*Strong and durable disc brake adapter*

- » Adapter for 180 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 180 mm
- » IS rear frame mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 180 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	38

## POWERMOUNT | BBS-95F |

*Strong and durable disc brake adapter*

- » Adapter for 203 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 203 mm
- » IS front fork mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 203 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	38

## POWERMOUNT | BBS-95R |

*Strong and durable disc brake adapter*

- » Adapter for 203 mm discs
- » Converts International Standard (IS) 160 mm to Postmount (PM) 203 mm
- » IS rear frame mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	160 - 203 mm
<b>Adapter system</b>	International Standard (IS) -> Postmount (PM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	47

**POWERMOUNT | BBS-96F |***Strong and durable disc brake adapter*

- » Adapter for 140 mm discs
- » Converts Flatmount (FM) 140 mm to Postmount (PM) 140 mm
- » FM front fork mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	140 - 140 mm
<b>Adapter system</b>	Flatmount (FM) -> Postmount (PM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	47

**POWERMOUNT | BBS-96R |***Strong and durable disc brake adapter*

- » Adapter for 140 mm discs
- » Converts Flatmount (FM) 140 mm to Postmount (PM) 140 mm
- » FM rear frame mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	140 - 140 mm
<b>Adapter system</b>	Flatmount (FM) -> Postmount (PM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	42

**POWERMOUNT | BBS-97F |***Strong and durable disc brake adapter*

- » Adapter for 160 mm discs
- » Converts Flatmount (FM) 140 mm to Postmount (PM) 160 mm
- » FM front fork mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	140 - 160 mm
<b>Adapter system</b>	Flatmount (FM) -> Postmount (PM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	68

**POWERMOUNT | BBS-97R |***Strong and durable disc brake adapter*

- » Adapter for 160 mm discs
- » Converts Flatmount (FM) 140 mm to Postmount (PM) 160 mm
- » FM rear frame mount to PM caliper
- » 2 bolts included

<b>Adapter size</b>	140 - 160 mm
<b>Adapter system</b>	Flatmount (FM) -> Postmount (PM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	38

### POWERMOUNT | BBS-98F |

*Strong and durable disc brake adapter*

- » Adapter for both 140 as well as 160mm discs
- » Converts Flatmount (FM) to Flatmount (FM) 140 or 160mm
- » Including all necessary bolts

<b>Adapter size</b>	140 - 140 mm, 140 - 160 mm
<b>Adapter system</b>	Flatmount (FM) -> Flatmount (FM)
<b>Mount location</b>	Front fork
<b>Weight (g)</b>	17

### POWERMOUNT | BBS-98R |

*Strong and durable disc brake adapter*

- » Adapter for 160 mm discs
- » Converts Flatmount (FM) 140 mm to Flatmount (FM) 160 mm
- » Bolts included
- » 2 bolts included

<b>Adapter size</b>	140 - 160 mm
<b>Adapter system</b>	Flatmount (FM) -> Flatmount (FM)
<b>Mount location</b>	Rear fork
<b>Weight (g)</b>	17

### POWERMOUNT | BBS-99 |

*Strong and durable disc brake adapter*

- » Adapter for 203/220 mm discs
- » Converts Postmount (PM) 180 mm to Postmount (PM) 203 mm or 220 mm
- » 2 bolts included

<b>Adapter size</b>	180 - 203 mm, 180 - 220 mm, 203 - 220 mm
<b>Adapter system</b>	Postmount (PM) -> Postmount (PM)
<b>Mount location</b>	Front fork, Rear fork
<b>Weight (g)</b>	32, 34, 97

# HAVE A BRAKE

Hitting the brakes is an essential part of enjoying your ride. Whatever system you're using, we have a range of multiple award winning disc brake pads available. All due to their unique compounds, each specially developed for their own purpose. All our disc brake pads come in a complete set to replace one caliper.

## DISCSTOP

Brakepads with an organic compound. Suited for normal use on a mountainbike or trekking bike. Durable, economical and free of noise.

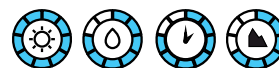

## DISCSTOP E-BIKE

Brakepads which are developed to complement the commuting e-bike lifestyle. Made of an organic compound specially developed for the use on a e-bike or speed pedelec. The compound focuses on durability and stopping heavier bikes.

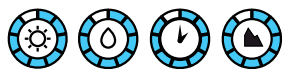

## DISCSTOP HP

High end brakepads with an organic compound. These brakepads perform best in dry conditions and give the best stopping power, which makes them ideally suited for competitive XC-use. Easy installation due to the sloping bottom.

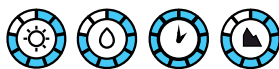

## DISCSTOP SINTERED

Our copper-backed brakepads feature a sintered compound braking surface. Which is able to handle longer periods of braking in both dry and wet conditions and are therefore more suitable for highspeed and downhill applications.

## DISCSTOP COOLFIN

Heatsinks combined with organic compound gives these pads excellent heat dissipation increasing reliability and life-span while retaining braking power. Spare-pads are available making them the sustainable choice for enthusiast cyclists.

## COLOR-CODES

Color-codes will point you straight to the packaging of the pads that are compatible with your brakes.

SHIMANO	FORMULA	MAGURA	TEKTRO
AVID / SRAM	HAYES	HOPE	CAMPAGNOLO

## ICONS EXPLAINED

These icons will tell you how suitable the pads are in different conditions.

Brake performance in dry conditions

Brake performance in wet conditions

Durability of the brakepad

Suitable for mountain use

Level

Discstop E-Bike

Discstop HP

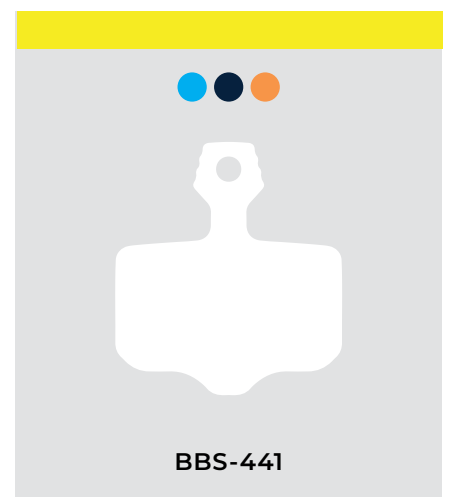

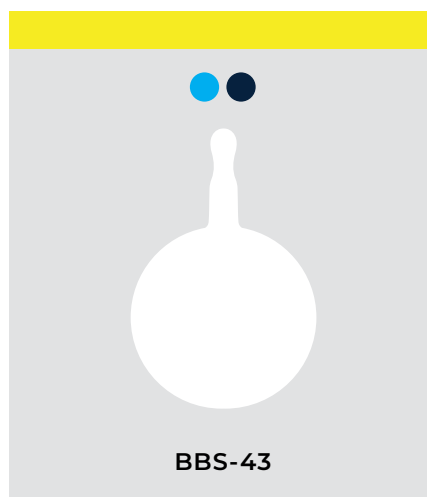

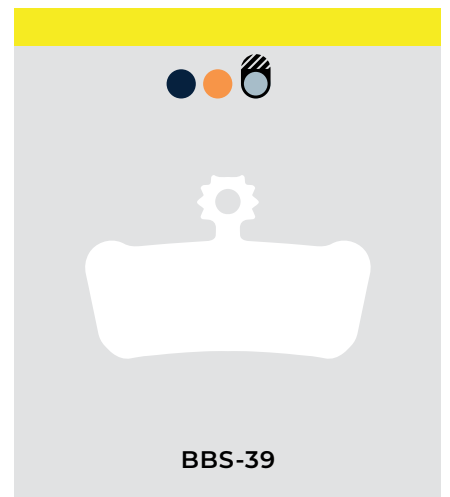

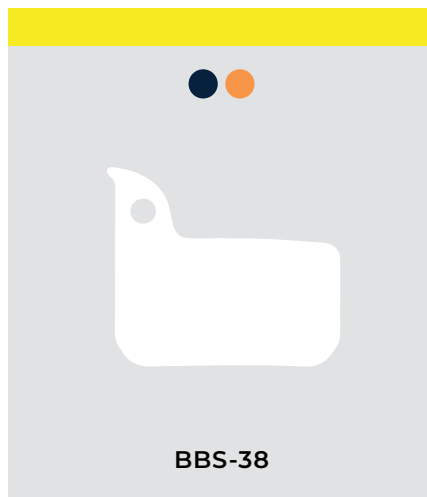

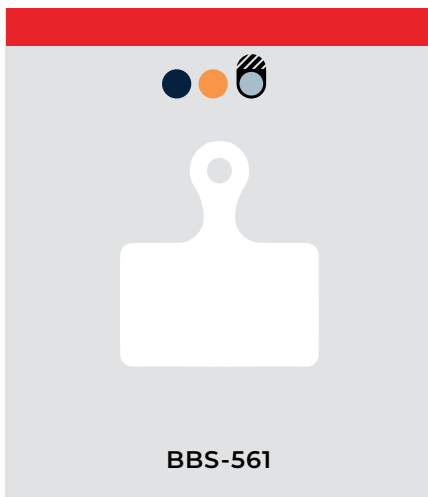

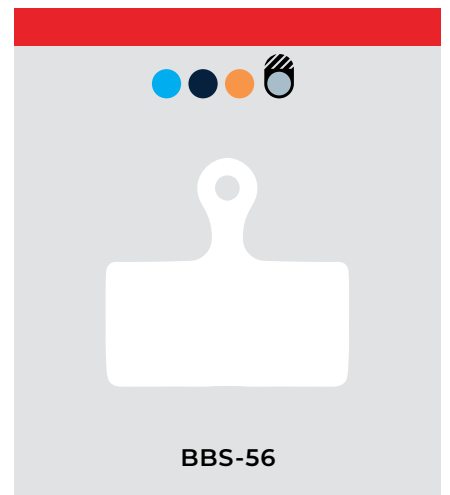

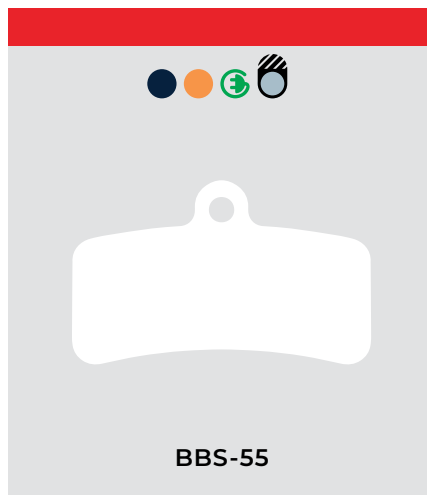

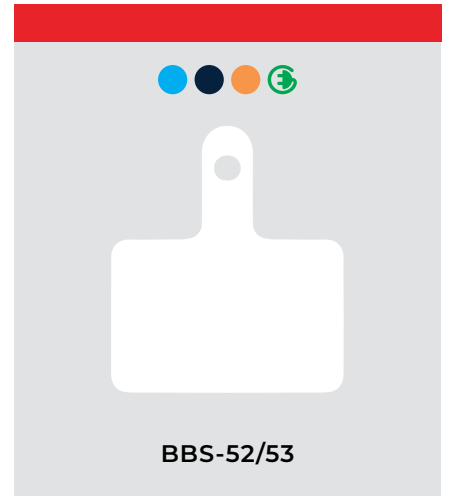

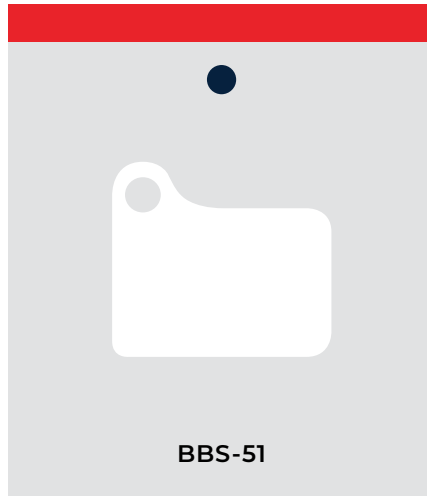

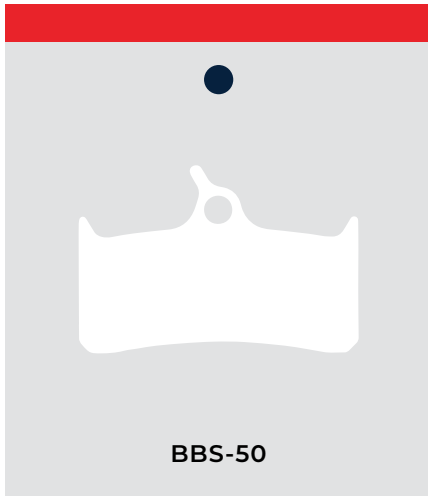

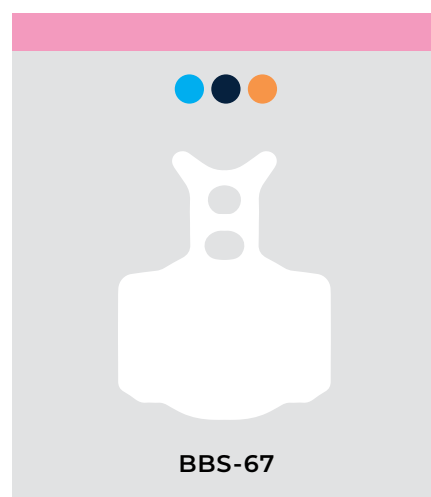

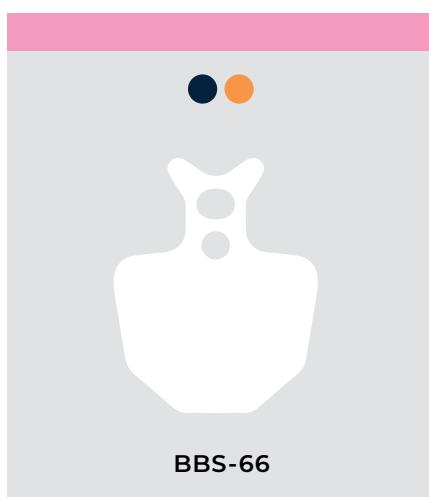

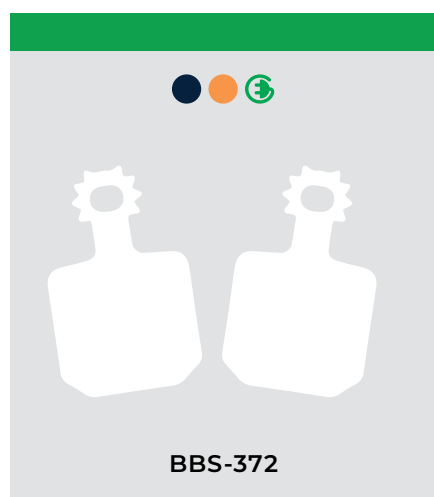

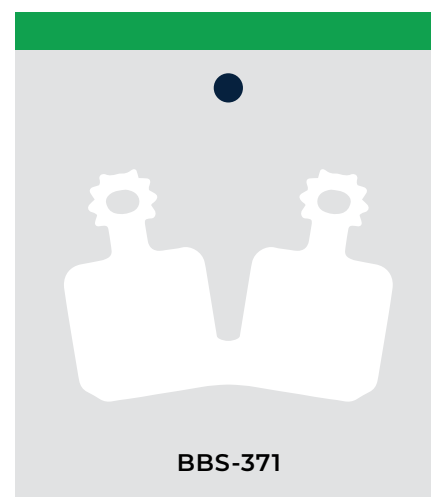

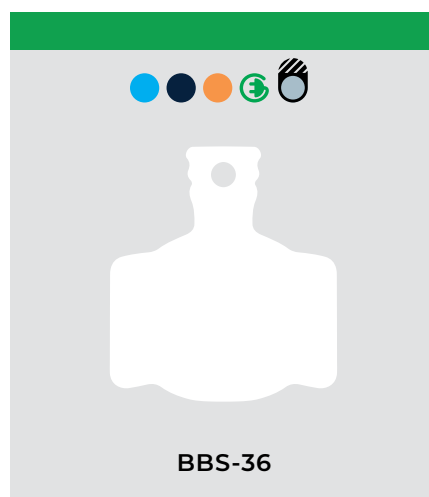

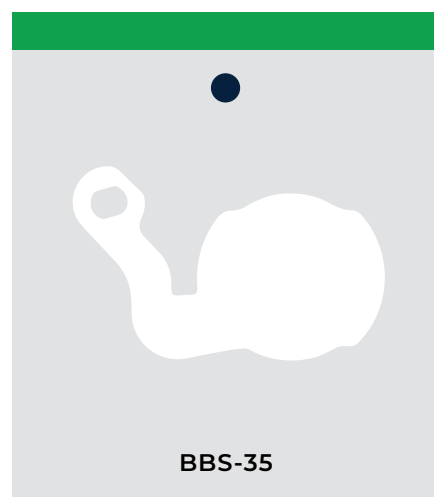

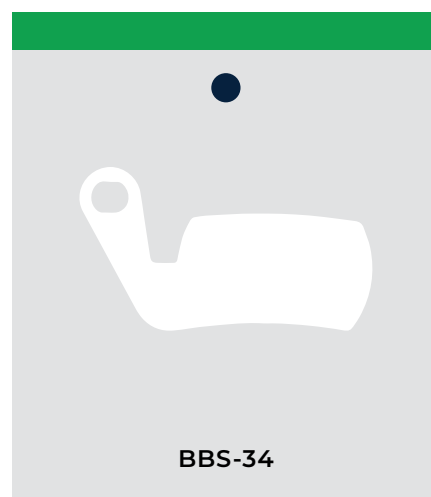

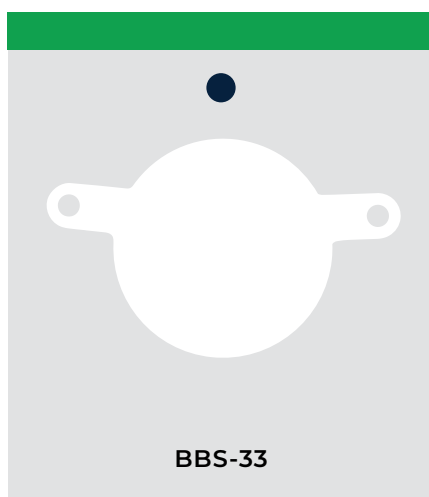

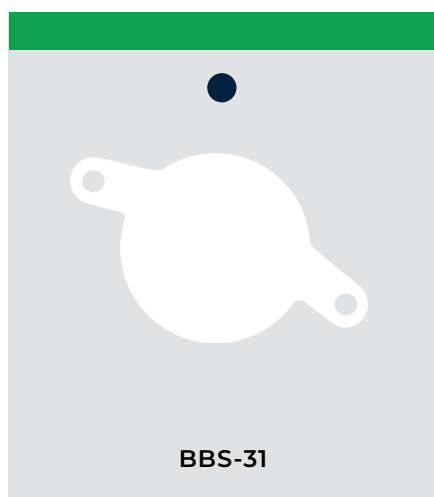

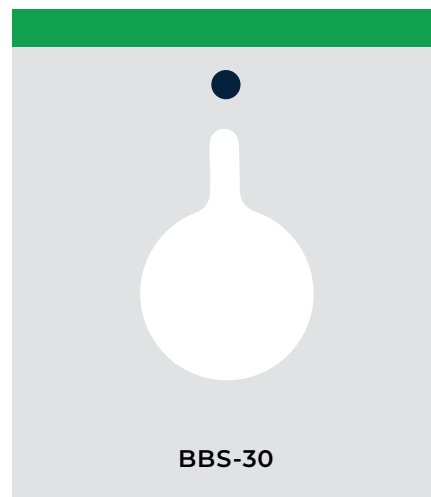

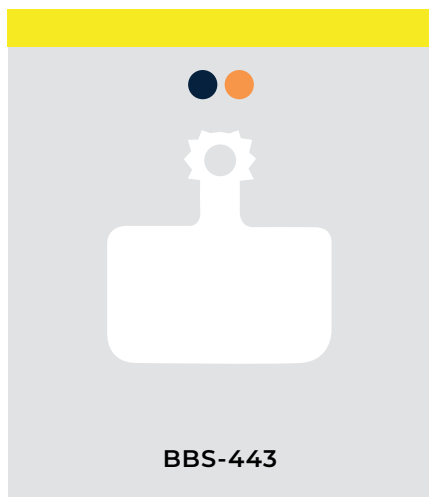

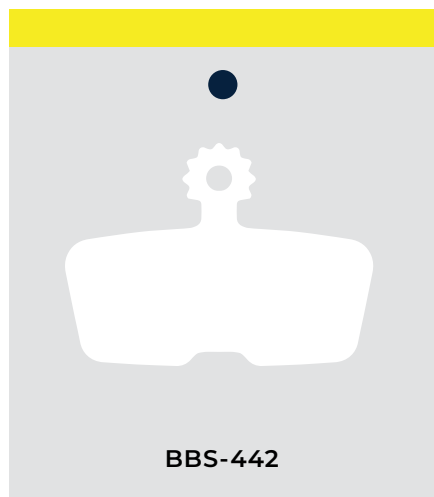

Discstop Sintered

Discstop Coolfin\*

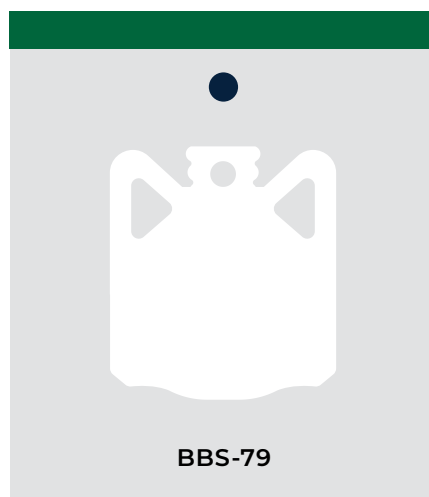

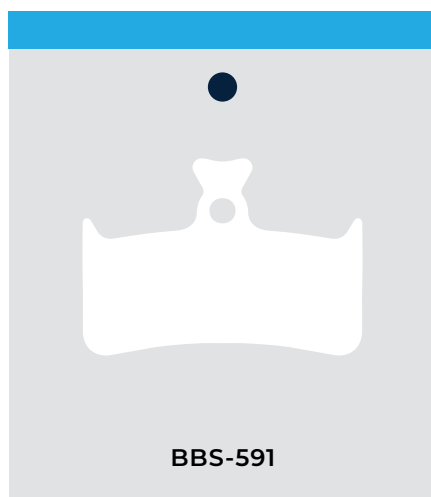

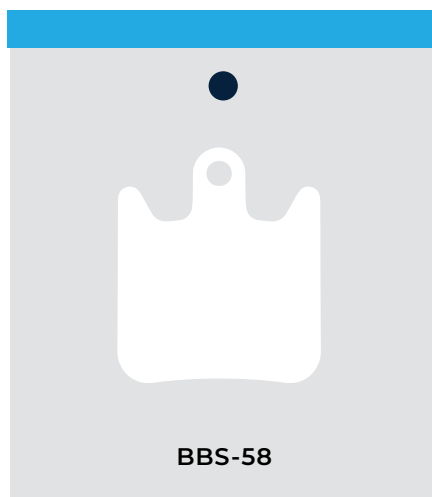

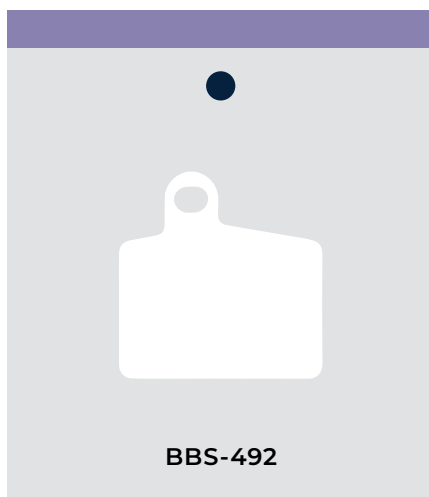

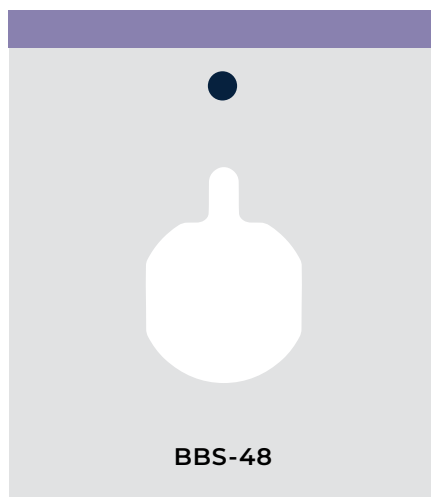

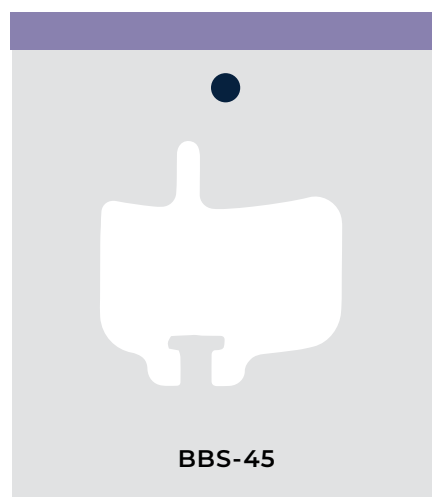

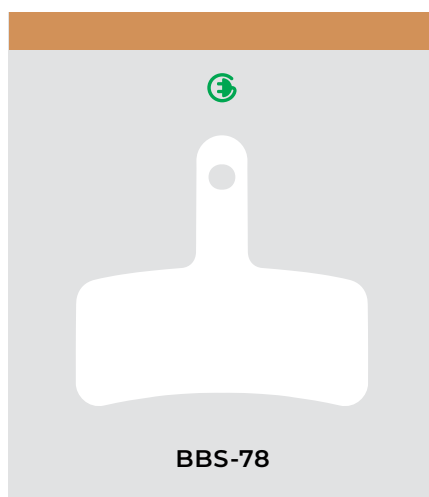

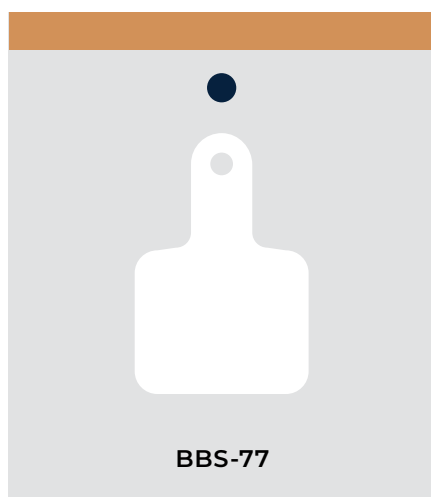

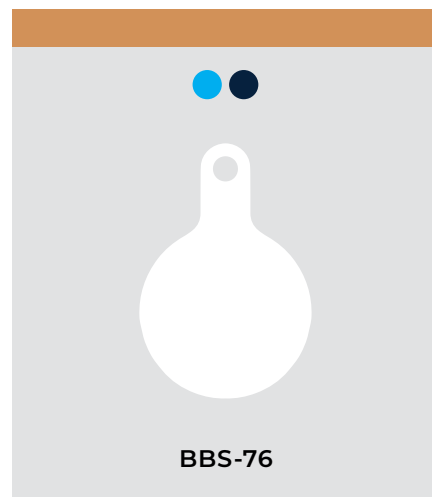

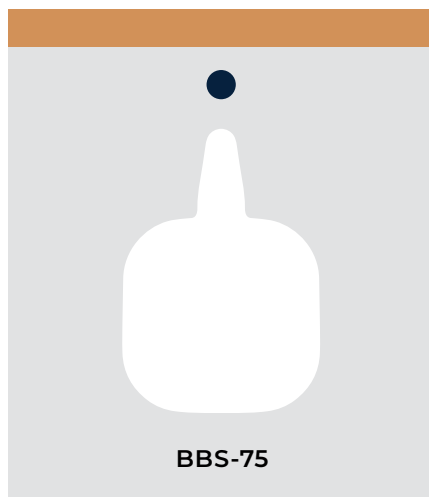

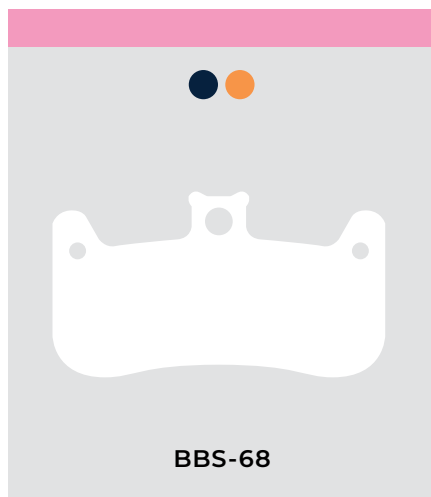

\* Please note not all brakes are compatible with coolfins, check our site for the latest known compatibility

ALL BBB DISCSTOP BRAKE PADS ARE E-BIKE READY AND CAN CONFIDENTLY BE USED ON E-BIKES.

ALL BBB DISCSTOP BRAKE PADS ARE E-BIKE READY AND CAN CONFIDENTLY BE USED ON E-BIKES.

**CANTISTOP | BBS-08 |***High quality brake pads*

- » Special compound for optimum gripping power and minimal wear
- » Special contour facilitates easy water and grit removal
- » Size: 65 mm

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Cantilever
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	133
<b>Color name</b>	black

Also available: OEM CantiStop, 25 sets in a box.

**CANTISTOP | BBS-07 |***High quality brake pads*

- » Special compound for optimum gripping power and minimal wear
- » Special contour facilitates easy water and grit removal
- » Size: 72 mm

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Cantilever
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	83
<b>Color name</b>	black

Also available: OEM CantiStop, 25 sets in a box.

**CANTISTOP DELUXE | BBS-18T |***High quality brake pads*

- » Cantilever type brake shoe set
- » Available: 2 pairs (4 pcs).

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Cantilever
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	90
<b>Color name</b>	grey

**VEESTOP | BBS-04 |**

- » Special compound for optimum gripping power and minimal wear
- » Compatible with V-brake systems

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	V-Brake
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	128
<b>Color name</b>	black

Also available: OEM VeeStop, 25 sets in a box.

### VEESTOP | BBS-05 |

- » Cartridge-type
- » Special compound for optimum gripping power and minimal wear
- » Compatible with V-brake systems

Amount (pieces)	4
Rim brake type	V-Brake
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	112, 56
Color name	black

### VEESTOP | BBS-06 |

- » Replacement pads for BBB VeeStop (BBS-05)
- » Special compound for optimum gripping power and minimal wear

Amount (pieces)	4
Rim brake type	V-Brake
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	24
Color name	black

Also available: OEM VeeStop, 25 sets in a box.

### TRISTOP | BBS-14T |

*High quality brake pads*

- » Cartridge type brake shoe set
- » Compatible with V-brake systems
- » Available: 2 pairs (4 pcs).

Amount (pieces)	4
Rim brake type	V-Brake
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	126
Color name	grey

Also available: OEM TriStop, 25 sets in a box.

### TRISTOP | BBS-15T |

*High quality brake pads*

- » Replacement pads for BBB TriStop (BBS-14HP/14T)
- » Available: 2 pairs (4 pcs).

Amount (pieces)	4
Rim brake type	V-Brake
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	40
Color name	grey

Also available: OEM TriStop, 25 sets in a box.

**TRISTOP | BBS-16 |***High quality brake pads*

- » Available: 2 pairs (4 pcs).
- » Compatible with V-brake systems

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	V-Brake
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	135

<b>Rim brake type</b>	V-Brake
<b>Rim brake pad type</b>	Standard
<b>Weight (g)</b>	135
<b>Color name</b>	grey

**Also available: OEM TriStop, 25 sets in a box.****ESTOP | BBS-04E |**

- » Special compound for E-bike use, provides better modulation and durability
- » Compatible with V-brake systems
- » E-bike specific: This product complies to the NEN-EN 15194:2017 regulations for e-bikes
- » Reinforced internal structure for more brake power

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	V-Brake
<b>Rim brake pad type</b>	E-bike
<b>Weight (g)</b>	157
<b>Color name</b>	green

**Also available: OEM EStop, 25 sets in a box.****HYDROSTOP | BBS-09E |**

- » Compatible with Magura hydraulic brakes
- » Special compound for E-bike use, provides better modulation and durability
- » E-bike specific: This product complies to the NEN-EN 15194:2017 regulations for e-bikes

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Hydraulic
<b>Rim brake pad type</b>	E-bike
<b>Weight (g)</b>	37, 40
<b>Color name</b>	green

**Also available: OEM HydroStop, 25 sets in a box.**

### HYDROSTOP | BBS-09 |

- » Compatible with Magura hydraulic brakes
- » Special compound for optimum gripping power and minimal wear

Amount (pieces)	4
Rim brake type	Hydraulic
Rim brake pad type	Standard
Weight (g)	41
Color name	black

Also available: OEM HydroStop, 25 sets in a box.

### ROADSTOP DELUXE | BBS-01D |

- » Dual-function brake pads provide superior performance in all weather conditions
- » Optimum water removal due to special aqua-guide system Anti-squeal design
- » Special compound for optimum gripping power and minimal wear

Amount (pieces)	4
Rim brake type	Caliper
Rim brake pad type	Standard
Weight (g)	92
Color name	black

Also available: OEM RoadStop DeLuxe, 25 sets in a box.

### ROADSTOP | BBS-02 |

- » Compatible with Shimano and SRAM brake systems
- » Cartridge-type
- » Special compound for optimum gripping power and minimal wear

Amount (pieces)	4
Rim brake type	Caliper
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	70
Color name	black

### ROADSTOP | BBS-03A |

#### *Replacement pads for cartridge*

- » Compatible with BBB Roadstop (BBS-02), Shimano 105, Ultegra and Dura-ace and SRAM
- » Compatible with BBB Roadstop (BBS-02), Shimano 105, Ultegra and Dura-ace and SRAM

Amount (pieces)	4
Rim brake type	Caliper
Rim brake pad type	Standard
Cartridge type	Yes
Weight (g)	25
Color name	black

Also available: OEM RoadStop, 25 sets in a box.

**TECHSTOP | BBS-27 |**

*High tech braking technology for your bike*

- » Compatible with BBB TechStop, Shimano, Shimano direct mount, SRAM and Campagnolo cartridges
- » 4-in-1 back design

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Caliper
<b>Cartridge type</b>	Yes
<b>Weight (g)</b>	38
<b>Color name</b>	black

**Also available: OEM TechStop, 25 sets in a box.**

**TECHSTOP | BBS-27T |**

*High tech braking technology for your bike*

- » Compatible with BBB TechStop, Shimano, Shimano direct mount, SRAM and Campagnolo cartridges
- » 4-in-1 back design

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Caliper
<b>Rim brake pad type</b>	Standard
<b>Cartridge type</b>	Yes
<b>Weight (g)</b>	38
<b>Color name</b>	grey

**Also available: OEM TechStop, 25 sets in a box.**

**ULTRASTOP | BBS-28HP |**

- » Compatible with BBB TechStop, Shimano, Shimano direct mount, SRAM and Campagnolo cartridges
- » 4-in-1 back design
- » The triple fase profile design provides up to 20% more brake power in wet conditions
- » Resistant to high temperatures

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Caliper
<b>Rim brake pad type</b>	High Performance
<b>Cartridge type</b>	Yes
<b>Weight (g)</b>	29
<b>Color name</b>	blue

**Also available: OEM UltraStop, 25 sets in a box.**

**CARBSTOP | BBS-29 |**

*The best control of your carbon wheels, even in the rain*

- » Specifically designed for carbon rims
- » Compatible with BBB TechStop, Shimano, Shimano direct mount, SRAM and Campagnolo cartridges
- » 4-in-1 back design
- » Special compound for increased brake performance and durability
- » The triple fase profile design provides up to 20% more brake power in wet conditions

<b>Amount (pieces)</b>	4
<b>Rim brake type</b>	Caliper
<b>Rim brake pad type</b>	Carbon
<b>Cartridge type</b>	Yes
<b>Weight (g)</b>	28
<b>Color name</b>	grey

**Also available: OEM CarbStop, 25 sets in a box.**

### SPEEDWIRE POLISHED | BCB-13 |

- » Super strong and durable shifting cable with a polished surface
- » Polished treatment minimizes friction, almost as low as PTFE-coated cables.
- » Higher durability because there is no coating that can wear out.
- » Golden color for easy identification.
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	16
<b>Color name</b>	gold

### SPEEDWIRE POLISHED C | BCB-13C |

- » Super strong and durable shifting cable with a polished surface
- » Polished treatment minimizes friction, almost as low as PTFE-coated cables.
- » Higher durability because there is no coating that can wear out.
- » Golden color for easy identification.
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	17
<b>Color name</b>	gold

### SPEEDWIRE TEFLON | BCB-10 |

- » Super strong and durable shifting PTFE coated cable
- » Innovative construction for precision shifting
- » PTFE-coated
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	16
<b>Color name</b>	black

### SPEEDWIRE TEFLON C | BCB-10C |

- » Super strong and durable shifting PTFE coated cable
- » Innovative construction for precision shifting
- » PTFE-coated
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	16
<b>Color name</b>	black

### SPEEDWIRE | BCB-11 |

- » Super strong and durable shifting cable
- » Provides precision shifting
- » Slick-Stainless (STS)
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	18
<b>Color name</b>	silver

### SPEEDWIRE C | BCB-12C |

- » Super strong and durable shifting cable
- » Provides precision shifting
- » Slick-Stainless (STS)
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	17
<b>Color name</b>	silver

### SHIFTLINE LC | BCB-15 |

- » High end outer shifting cable
- » Ø 4 mm, 2500 mm long shift cable housing
- » Special polymer compound liner for reduced friction
- » Pre-lubricated core liner gives you the perfect greased cable right out of the box

<b>Amount (pieces)</b>	1
<b>Lubricated core</b>	Yes
<b>Size SAP</b>	4x2500mm
<b>Weight (g)</b>	91
<b>Color name</b>	black

### BRAKEWIRE POLISHED ROAD | BCB-23R |

- » Super strong and polished braking cable
- » Polished treatment minimizes friction, almost as low as PTFE-coated cables.
- » Higher durability because there is no coating that can wear out.
- » Golden color for easy identification.
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	32
<b>Color name</b>	gold

### BRAKEWIRE POLISHED ROAD C | BCB-23C |

- » Super strong and polished braking cable
- » Polished treatment minimizes friction, almost as low as PTFE-coated cables
- » Higher durability because there is no coating that can wear out
- » Golden color for easy identification
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	32
<b>Color name</b>	gold

### BRAKEWIRE TEFLON MTB | BCB-20M |

- » Super strong braking PTFE coated cable
- » Innovative construction for precise braking
- » PTFE-coated
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	31
<b>Color name</b>	black

### BRAKEWIRE TEFLON ROAD | BCB-20R |

- » Super strong braking PTFE coated cable
- » Innovative construction for precise braking
- » PTFE-coated
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	31
<b>Color name</b>	black

### BRAKEWIRE TEFLON ROAD C | BCB-20C |

- » Super strong braking PTFE coated cable
- » Innovative construction for precise braking
- » PTFE-coated
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	31
<b>Color name</b>	black

### BRAKEWIRE MTB | BCB-21M |

- » Super strong braking cable
- » Designed for responsive braking
- » Slick-Stainless (STS)
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	32
<b>Color name</b>	silver

### BRAKEWIRE ROAD | BCB-21R |

- » Super strong braking cable
- » Designed for responsive braking
- » Slick-Stainless (STS)
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	27
<b>Color name</b>	silver

### BRAKEWIRE ROAD C | BCB-22C |

- » Super strong braking cable
- » Designed for responsive braking
- » Slick-Stainless (STS)
- » Pre-stretched to minimize stretching while mounted on the bike

<b>Amount (pieces)</b>	1
<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	27
<b>Color name</b>	silver

**STOPLINE LC | BCB-25 |**

- » High end outer brake cable
- » 5 mm brake cable housing
- » Special polymer compound liner for reduced friction
- » Pre lubricated core liner gives you the perfect greased cable right out of the box

<b>Amount (pieces)</b>	1
<b>Lubricated core</b>	Yes
<b>Size SAP</b>	5x2500mm
<b>Weight (g)</b>	161
<b>Color name</b>	black

**CABLEWRAP | BCB-90B |**

- » Rubber cable covers to protect the frame paint
- » For 5 mm brake cables
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Size SAP</b>	5mm
<b>Weight (g)</b>	1,250
<b>Color name</b>	black

**CABLEWRAP | BCB-90D |**

- » Rubber cable covers to protect the frame paint
- » For 4 mm derailleur cables
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Size SAP</b>	4mm
<b>Weight (g)</b>	1
<b>Color name</b>	black

**VEEPIPE | BCB-91 |**

- » Aluminium V-brake pipes
- » Rubber covers included
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Material</b>	Aluminium
<b>Weight (g)</b>	13
<b>Color name</b>	silver

**ADJUSTER | BCB-93 |**

- » Fine tune adjuster for derailleur cables
- » Fit in the frame
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Weight (g)</b>	4
<b>Color name</b>	black

**HYDROGUIDE | BCB-94 |**

- » Guide stickers for (hydraulic) cables
- » 3M adhesive
- » 3 pieces per set

<b>Amount (pieces)</b>	3
<b>Weight (g)</b>	3
<b>Color name</b>	black

**LINEADJUSTER | BCB-95 |**

- » In-line cable adjuster
- » Allows fine tuning of derailleur or brake settings
- » Improved design needs no ferrule
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Size SAP</b>	4mm, 5mm
<b>Weight (g)</b>	6, 5
<b>Color name</b>	black

**CABLESTOP | BCB-97 |**

- » Aluminium inner cable ends
- » Fit both brake and derailleur cables
- » 40 pcs per set

<b>Amount (pieces)</b>	40
<b>Material</b>	Aluminium
<b>Weight (g)</b>	6
<b>Color name</b>	black, silver

**ADJUSTER | BCB-96 |**

- » Fine tune adjuster for derailleur cables
- » For non-threaded cable stops
- » 2 pieces per set

<b>Amount (pieces)</b>	2
<b>Weight (g)</b>	6
<b>Color name</b>	black

**CABLECONNECT | BCB-98 |**

- » Prevents cable slapping
- » Fits 4 and 5 mm cables
- » Rotates 360 degrees
- » 4 pieces per set

<b>Amount (pieces)</b>	4
<b>Weight (g)</b>	1
<b>Color name</b>	black

### CABLECAP KIT | BCB-99 |

- » Kit includes all ferrules for a single bike
- » 6 x sealed 5mm endcaps
- » 10 x sealed 4mm endcaps
- » 2 x 1.6mm cable tips
- » 2 x 1.2mm cable tips

<b>Weight (g)</b>	12
<b>Color name</b>	black

### WORKSHOP SPEEDWIRE | BCB-31 |

- » Compatible with: Shimano/SRAM.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1x2000mm
<b>Weight (g)</b>	14
<b>Color name</b>	silver

### WORKSHOP SPEEDWIRE | BCB-31L |

- » Compatible with: Shimano/SRAM.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1x2350mm
<b>Weight (g)</b>	16
<b>Color name</b>	silver

### WORKSHOP SPEEDWIRE C | BCB-32C |

- » Compatible with: Campagnolo.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.1x2350mm
<b>Weight (g)</b>	14
<b>Color name</b>	silver

### WORKSHOP SPEEDWIRE TEFLON | BCB-35 |

- » Compatible with: Shimano/SRAM.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1x2350mm
<b>Weight (g)</b>	16
<b>Color name</b>	black

### WORKSHOP SPEEDWIRE POLISHED | BCB-36 |

- » 50 pack
- » Compatible with: Shimano/SRAM.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Shimano MTB, Shimano Road, SRAM
<b>Size SAP</b>	1.1 x 2350mm
<b>Weight (g)</b>	17
<b>Color name</b>	gold

### WORKSHOP BRAKEWIRE MTB | BCB-41F |

- » Compatible with: Universal/MTB.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5x1100mm
<b>Weight (g)</b>	16
<b>Color name</b>	silver

### WORKSHOP BRAKEWIRE MTB | BCB-41R |

- » Compatible with: Universal/MTB.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5x1700mm
<b>Weight (g)</b>	24
<b>Color name</b>	silver

### WORKSHOP BRAKEWIRE MTB | BCB-41L |

- » Compatible with: Universal/MTB.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5x2350mm
<b>Weight (g)</b>	27
<b>Color name</b>	silver

### WORKSHOP BRAKEWIRE ROAD | BCB-43SF |

- » 100 pack
- » Compatible with: Shimano Road/SRAM Road.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5x900mm
<b>Weight (g)</b>	24
<b>Color name</b>	silver

### WORKSHOP BRAKEWIRE ROAD | BCB-43SR |

» Compatible with: Shimano/SRAM.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5x1700mm
<b>Weight (g)</b>	23
<b>Color name</b>	silver

### WORKSHOP BRAKEWIRE POLISHED ROAD | BCB-47R |

» 100 pack  
» Compatible with: Shimano Road/SRAM Road.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Polished
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5 x 2350mm
<b>Weight (g)</b>	32
<b>Color name</b>	gold

### WORKSHOP BRAKEWIRE ROAD C | BCB-42CR |

» Compatible with: Campagnolo.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Slick
<b>Cable head type</b>	Campagnolo
<b>Size SAP</b>	1.5x1700mm
<b>Weight (g)</b>	23
<b>Color name</b>	silver

### WORKSHOP STOPLINE LC | BCB-50LC |

» Brake outer cable with lubricated core liner.

<b>Lubricated core</b>	Yes
<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	61
<b>Color name</b>	black

### WORKSHOP BRAKEWIRE TEFLON MTB | BCB-45M |

» Compatible with: Universal/MTB.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Universal
<b>Size SAP</b>	1.5x2350mm
<b>Weight (g)</b>	31
<b>Color name</b>	black

### WORKSHOP STOPLINE LC | BCB-50WLC |

» Brake outer cable with lubricated core liner.

<b>Lubricated core</b>	Yes
<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	58
<b>Color name</b>	white

### WORKSHOP BRAKEWIRE TEFLON ROAD | BCB-46R |

» Compatible with: Shimano Road/SRAM Road.

<b>Material</b>	Stainless steel
<b>Cable quality</b>	Teflon coated
<b>Cable head type</b>	Shimano Road, SRAM
<b>Size SAP</b>	1.5x2350mm
<b>Weight (g)</b>	31
<b>Color name</b>	black

### WORKSHOP STOPLINE | BCB-51 |

» Coiled brake cable.

<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	56
<b>Color name</b>	black, pearl silver

### WORKSHOP STOPLINE | BCB-51G |

» Coiled brake cable.

<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	56
<b>Color name</b>	grey

### WORKSHOP STOPLINE | BCB-51W |

» Coiled brake cable.

<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	56
<b>Color name</b>	white

**WORKSHOP SHIFTLINE | BCB-52 |**

» Linear shift outer cable.

<b>Size SAP</b>	4mmx50mtr
<b>Weight (g)</b>	34
<b>Color name</b>	black, pearl silver

**WORKSHOP SHIFTLINE | BCB-52G |**

» Linear shift outer cable.

<b>Size SAP</b>	4mmx50mtr
<b>Weight (g)</b>	34
<b>Color name</b>	grey

**WORKSHOP SHIFTLINE | BCB-52W |**

» Linear shift outer cable.

<b>Size SAP</b>	4mmx50mtr
<b>Weight (g)</b>	33
<b>Color name</b>	white

**WORKSHOP SHIFTLINE LC | BCB-53LC |**

» Shift outer cable with lubricated core liner.

<b>Lubricated core</b>	Yes
<b>Size SAP</b>	4mmx50mtr
<b>Weight (g)</b>	34
<b>Color name</b>	black

**WORKSHOP SHIFTLINE | BCB-54 |**

» Oversized linear outer shift cable.

<b>Size SAP</b>	5mmx50mtr
<b>Weight (g)</b>	40
<b>Color name</b>	black, pearl silver

**CABLEEND WORKSHOP | BCB-150 |**

- » Cable ferrules
- » Nylon
- » Fits 4 mm housing
- » 150 pack

<b>Amount (pieces)</b>	150
<b>Weight (g)</b>	29
<b>Color name</b>	black

**CABLEEND AL WORKSHOP | BCB-151 |**

- » Cable ferrules
- » Aluminum
- » Fits 4 mm housing
- » 100 pack

<b>Amount (pieces)</b>	100
<b>Weight (g)</b>	49
<b>Color name</b>	black

**CABLEEND S-AL WORKSHOP | BCB-152 |**

- » Sealed cable ferrules
- » Protection against contamination
- » Aluminum
- » Fits 4 mm housing
- » 100 pack

<b>Amount (pieces)</b>	100
<b>Weight (g)</b>	75
<b>Color name</b>	black

**CABLEEND N-AL WORKSHOP | BCB-153 |**

- » Nosed cable ferrules
- » Protection for Teflon cables
- » Aluminum
- » Fits 4 mm housing
- » 50 pack

<b>Amount (pieces)</b>	50
<b>Weight (g)</b>	32
<b>Color name</b>	black

**CABLESTOP WORKSHOP | BCB-154 |**

- » Cable crimp
- » Aluminum
- » Fits up to 1.2 mm cables
- » 500 pack
- » 50 pack

<b>Amount (pieces)</b>	500
<b>Weight (g)</b>	43
<b>Color name</b>	black, silver

**CABLEEND WORKSHOP | BCB-160 |**

- » Cable ferrules
- » Copper
- » Fits 5 mm housing
- » 150 pack

<b>Amount (pieces)</b>	150
<b>Weight (g)</b>	54
<b>Color name</b>	silver

**CABLEEND AL WORKSHOP | BCB-161 |**

- » Cable ferrules
- » Aluminum
- » Fits 5 mm housing
- » 100 pack

<b>Amount (pieces)</b>	100
<b>Weight (g)</b>	31
<b>Color name</b>	black

**CABLEEND S-AL WORKSHOP | BCB-162 |**

- » Sealed cable ferrules
- » Protection against contamination
- » Aluminum
- » Fits 5 mm housing
- » 100 pack

<b>Amount (pieces)</b>	100
<b>Weight (g)</b>	77
<b>Color name</b>	black

**CABLEEND N-AL WORKSHOP | BCB-163 |**

- » Nosed cable ferrules
- » Protection for Teflon cables
- » Aluminum
- » Fits 5 mm housing
- » 50 pack

<b>Amount (pieces)</b>	50
<b>Weight (g)</b>	24
<b>Color name</b>	black

**CABLESTOP WORKSHOP | BCB-164 |**

- » Cable crimp
- » Aluminum
- » Fits up to 1.6 mm cables
- » 500 pack

<b>Amount (pieces)</b>	500
<b>Weight (g)</b>	65, 64
<b>Color name</b>	black, silver

**CABLEDONUT WORKSHOP | BCB-170 |**

- » Frame protector
- » Protects your frame paint
- » Silicone
- » For cables to 18mm
- » 150 x 3 pieces

<b>Amount (pieces)</b>	150
<b>Size SAP</b>	1-1.8mm
<b>Weight (g)</b>	35
<b>Color name</b>	black

**CABLEWRAP WORKSHOP | BCB-171 |**

- » Frame protector
- » Protects your frame paint
- » Silicone
- » Fits 4-5mm housing
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Size SAP</b>	4-5mm
<b>Weight (g)</b>	16
<b>Color name</b>	black

**CABLEWRAP WORKSHOP | BCB-172 |**

- » Frame protector
- » Protects your frame paint
- » Silicone
- » Fits 4-5mm housing
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Size SAP</b>	4-5mm
<b>Weight (g)</b>	20
<b>Color name</b>	white

**CABLEWRAP WORKSHOP | BCB-175 |**

- » Frame protector
- » Protects your frame paint.
- » Silicone
- » Fits 4-5mm housing.

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	4-5mm housing
<b>Weight (g)</b>	10
<b>Color name</b>	black

**CABLECONNECT WORKSHOP | BCB-173 |**

- » Housing connector
- » Prevents cable slapping
- » Nylon
- » Fits 4-5mm housing
- » 50 pack

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	4-5mm
<b>Weight (g)</b>	17
<b>Color name</b>	black

**BRAKEBARREL WORKSHOP | BCB-174 |**

- » Brake adjusting barrel.
- » aluminium.
- » Fits M7 threaded brake levers.
- » 20 pack

<b>Amount (pieces)</b>	20
<b>Size SAP</b>	M7
<b>Weight (g)</b>	64
<b>Color name</b>	black

**MECHANICAL SPAREPARTS BOX | BCB-190 |**

- » Spare part kit for mechanical brake and shift systems
- » Includes ferrules for different applications
- » Good for up to 10 replacements
- » 290 pieces in total: 20 pieces BCB-15020 pieces BCB-15120 pieces BCB-15210 pieces BCB-15350 pieces BCB-15020 pieces BCB-16020 pieces BCB-16120 pieces BCB-16210 pieces BCB-16350 pieces BCB-16420 pieces BCB-1708 pieces BCB-1718 pieces BCB-17210 pieces BCB-1734 pieces BCB-174

<b>Weight (g)</b>	108
<b>Color name</b>	black

**HYDROLINE WORKSHOP | BCB-200 |**

- » Lightweight hydraulic hose.
- » Inner diameter (mm): 2.1.

<b>Weight (g)</b>	20
<b>Color name</b>	black

**HYDROLINE WORKSHOP | BCB-201 |**

- » Lightweight hydraulic hose.
- » Inner diameter (mm): 2.3.

<b>Weight (g)</b>	20
<b>Color name</b>	black

**HOSE BARB WORKSHOP | BCB-210 |**

- » Compatible with: SRAM/Avid.
- » For pipes with an inner diameter of 21 mm
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Weight (g)</b>	34
<b>Color name</b>	copper

**HOSE BARB WORKSHOP | BCB-211 |**

- » Compatible with: Magura.
- » For pipes with an inner diameter of 21 - 22 mm
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	21-22mm
<b>Weight (g)</b>	41
<b>Color name</b>	copper

**HOSE BARB WORKSHOP | BCB-212 |**

- » Compatible with: Shimano.
- » For pipes with an inner diameter of 23 mm
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Material</b>	Brass
<b>Size SAP</b>	2.3mm
<b>Weight (g)</b>	19
<b>Color name</b>	copper

**HOSE BARB WORKSHOP | BCB-213 |**

- » Stainless steel hose barb
- » For 2.1mm inner diameter hose for Shimano systems (SM-BH90)
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Material</b>	Stainless steel
<b>Size SAP</b>	2.1mm
<b>Weight (g)</b>	1
<b>Color name</b>	silver

**COMPRESSION OLIVE WORKSHOP | BCB-220 |**

- » Compatible with: SRAM/Avid.
- » Fits 5mm hose.
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	5mm
<b>Weight (g)</b>	30
<b>Color name</b>	copper

**COMPRESSION OLIVE WORKSHOP | BCB-221 |**

- » Compatible with: Magura.
- » Fits 5mm hose.
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	5mm
<b>Weight (g)</b>	32
<b>Color name</b>	copper

**COMPRESSION OLIVE WORKSHOP | BCB-222 |**

- » Compatible with: Shimano.
- » Fits 5mm hose.
- » 50 pieces in a bottle

<b>Amount (pieces)</b>	50
<b>Size SAP</b>	5mm
<b>Weight (g)</b>	30
<b>Color name</b>	copper

**COMPRESSION NUT WORKSHOP | BCB-230 |**

- » Compatible with: SRAM/Avid.
- » Stainless steel.
- » Fits 5 mm hose.
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Weight (g)</b>	71
<b>Color name</b>	silver

**COMPRESSION NUT WORKSHOP | BCB-231 |**

- » Compatible with: Magura.
- » Stainless steel.
- » Fits 5 mm hose.
- » M8 x 1.25mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Weight (g)</b>	72
<b>Color name</b>	silver

**COMPRESSION NUT WORKSHOP | BCB-232 |**

- » Compatible with: Shimano.
- » Stainless steel.
- » Fits 5 mm hose.
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Weight (g)</b>	84
<b>Color name</b>	silver

**BANJO WORKSHOP | BCB-240 |**

- » Compatible with: SRAM/Avid.
- » Stainless steel
- » For pipes with an inside diameter of 21 mm
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Weight (g)</b>	154
<b>Color name</b>	silver

**BANJO WORKSHOP | BCB-241 |**

- » Compatible with: Magura.
- » Stainless steel
- » For pipes with an inside diameter of 21 - 22 mm
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Size SAP</b>	21-22mm
<b>Weight (g)</b>	153
<b>Color name</b>	silver

**BANJO WORKSHOP | BCB-242 |**

- » Compatible with: Shimano.
- » Stainless steel
- » For pipes with an inside diameter of 23 mm
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Size SAP</b>	2.3mm
<b>Weight (g)</b>	170
<b>Color name</b>	silver

**BANJO NUT WORKSHOP | BCB-250 |**

- » Banjo nut.
- » Stainless steel
- » Fits 5 mm hose.
- » M8 x 0.75mm
- » 25 pack

<b>Amount (pieces)</b>	25
<b>Size SAP</b>	5mm
<b>Weight (g)</b>	83
<b>Color name</b>	silver

**COPPER O-RING WORKSHOP | BCB-251 |**

- » O-ring
- » Copper
- » Suitable for DOT and Mineral Oil
- » OD 9 x ID 6 x 1mm
- » 100 pack

<b>Amount (pieces)</b>	100
<b>Size SAP</b>	OD9mm ID6mm x 1mm
<b>Weight (g)</b>	32
<b>Color name</b>	copper

**PADPIN WORKSHOP | BCB-260 |**

- » Brakepad bolt.
- » Stainless steel.
- » M4 x 0.7mm
- » 50 pack

<b>Amount (pieces)</b>	50
<b>Weight (g)</b>	104
<b>Color name</b>	silver

### PADPIN WORKSHOP | BCB-261 |

- » Brakepad bolt.
- » Stainless steel.
- » M4 x 0.7mm
- » 50 pack

<b>Amount (pieces)</b>	50
<b>Weight (g)</b>	118
<b>Color name</b>	silver

### HYDRAULIC SPAREPARTS BOX | BCB-290 |

- » Spare part kit for hydraulic brake systems
- » Compatible with common SRAM/Avid, Magura and Shimano systems
- » Compatible with SRAM/Avid, Magura and Shimano systems

<b>Weight (g)</b>	361
<b>Color name</b>	transparent

### FITTINGKIT | BCB-280 |

- » Complete hardware set for you SRAM hoses
- » Complete fitting kit to service your hydraulic brake system
- » Compatible with SRAM Bleeding Edge

<b>Size SAP</b>	2, 1mm
<b>Weight (g)</b>	6
<b>Color name</b>	silver

### FITTINGKIT | BCB-282 |

- » Complete hardware set for you Shimano hoses
- » Complete fitting kit to service your hydraulic brake system
- » Compatible with Shimano 2.1mm hydraulic systems

<b>Size SAP</b>	2, 1mm
<b>Weight (g)</b>	3
<b>Color name</b>	silver

## ROLLERBOYS 10T | BDP-01 |

- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Special teeth pattern for quick shifting performance
- » Complete set of bushings for different shifting systems included

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	7-speed, 8-speed, 9-speed, 10-speed
<b>Pulley size</b>	10T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	22
<b>Color name</b>	black

## ROLLERBOYS CERAMIC 10T | BDP-11 |

- » Equipped with low friction ceramic bearings for ultra-smooth glide and exceptional durability
- » Special teeth pattern for quick shifting performance
- » Lubricated with special ceramic light oil for extra smoothness
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Complete set of bushings for different shifting systems included

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	7-speed, 8-speed, 9-speed, 10-speed
<b>Pulley size</b>	10T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	22
<b>Color name</b>	black

## ROLLERBOYS 11T | BDP-02 |

- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Special teeth pattern for quick shifting performance
- » Complete set of bushings for different shifting systems included

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	9-speed, 10-speed, 11-speed, 12-speed
<b>Pulley size</b>	11T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	23
<b>Color name</b>	black

## ROLLERBOYS CERAMIC 11T | BDP-12 |

- » Equipped with low friction ceramic bearings for ultra-smooth glide and exceptional durability
- » Special teeth pattern for quick shifting performance
- » Lubricated with special ceramic light oil for extra smoothness
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Complete set of bushings for different shifting systems included

## ROLLERBOYS CERAMIC 11T-13T | BDP-18 |

- » 11x13T Ceramic derailleur pulleys
- » Ceramic bearing for minimal resistance and exceptional durability
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Sealed bearings with aluminium cover for optimal durability
- » Lubricated with special ceramic light oil for extra smoothness
- » Compatible with 11-speed Shimano GRX (810/815)

<b>Compatible with brands</b>	Shimano
<b>Compatible with</b>	GRX RX810, RX815, RX820, RX825
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	11-speed, 12-speed
<b>Pulley size</b>	11/13T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	26
<b>Color name</b>	black

## ROLLERBOYS 13T-13T | BDP-09 |

- » 13x13T CrMo derailleur pulleys
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Sealed bearings with aluminium cover for optimal durability
- » Compatible with 12-speed Shimano MTB groupsets

<b>Compatible with brands</b>	Shimano
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	12-speed
<b>Pulley size</b>	13T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	30
<b>Color name</b>	black

## ROLLERBOYS CERAMIC 13T | BDP-19 |

- » 11x13T Ceramic derailleur pulleys
- » Ceramic bearing for minimal resistance and exceptional durability
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Sealed bearings with aluminium cover for optimal durability
- » Lubricated with special ceramic light oil for extra smoothness
- » Compatible with 12-speed Shimano MTB groupsets

<b>Compatible with brands</b>	Shimano
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	12-speed
<b>Pulley size</b>	13T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	29
<b>Color name</b>	black

## ROLLERBOYS 12T-14T SR | BDP-07 |

- » 12x14T CrMo derailleur pulleys
- » Narrow Wide tooth profiling ensures ultimate chain retention.
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Sealed bearings
- » Compatible with SRAM 12-speed MTB.

<b>Compatible with brands</b>	SRAM
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	12-speed
<b>Pulley size</b>	12/14T
<b>Narrow wide</b>	Tension pulley only
<b>Weight (g)</b>	26
<b>Color name</b>	black

**NARROW  
WIDE  
PROFILE**

## ROLLERBOYS CERAMIC 12T-14T SR | BDP-17 |

**NARROW  
WIDE  
PROFILE**

- » 12x14T Ceramic derailleur pulleys
- » Equipped with low friction ceramic bearings for ultra-smooth glide and exceptional durability
- » Narrow Wide tooth profiling ensures ultimate chain retention.
- » Composite material provided by EMS Swiss, with 40% glass-fiber mixture
- » Lubricated with special ceramic light oil for extra smoothness
- » Compatible with SRAM 12-speed MTB

<b>Compatible with brands</b>	SRAM
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	12-speed
<b>Pulley size</b>	12/14T
<b>Narrow wide</b>	Tension pulley only
<b>Weight (g)</b>	26
<b>Color name</b>	black

## ROLLERBOYS 12T SR | BDP-10 |

**NARROW  
WIDE  
PROFILE**

- » 12x12T CrMo derailleur pulleys
- » High-performance composite material from EMS Swiss with 40% glass-fiber blend
- » Sealed bearings with aluminium cover for optimal durability
- » Compatible with 12-speed SRAM road groupsets

<b>Compatible with brands</b>	SRAM
<b>Compatible with</b>	SRAM 12-Speed Road - (non-XPLR)
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	12-speed
<b>Pulley size</b>	12T
<b>Narrow wide</b>	Tension pulley only
<b>Color name</b>	black

## ROLLERBOYS 12T SR XPLR | BDP-10X |

- » 12x12T XPLR CrMo derailleur pulleys
- » High-performance composite material from EMS Swiss with 40% glass-fiber blend
- » Sealed bearings with aluminium cover for optimal durability
- » Compatible with 12-speed SRAM XPLR groupsets

<b>Compatible with brands</b>	SRAM
<b>Compatible with</b>	SRAM XPLR
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	CrMo
<b>Gears</b>	12-speed
<b>Pulley size</b>	12T
<b>Narrow wide</b>	Tension pulley only

## ROLLERBOYS CERAMIC 12T SR | BDP-20 |

**NARROW  
WIDE  
PROFILE**

- » 12x12T Ceramic derailleur pulleys
- » High-performance composite material from EMS Swiss with 40% glass-fiber blend
- » Sealed bearings with aluminium cover for optimal durability
- » Specially lubricated with ceramic oil for lower resistance
- » Compatible with 12-speed SRAM road groupsets

<b>Compatible with brands</b>	SRAM
<b>Compatible with</b>	SRAM 12-Speed Road - (non-XPLR)
<b>Part materials</b>	Grivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	12-speed
<b>Pulley size</b>	12T
<b>Narrow wide</b>	Tension pulley only
<b>Color name</b>	black

## ROLLERBOYS CERAMIC 12T SR XPLR | BDP-20X |

NEW

- » 12x12T Ceramic derailleur pulleys
- » High-performance composite material from EMS Swiss with 40% glass-fiber blend
- » Sealed bearings with aluminium cover for optimal durability
- » Specially lubricated with ceramic oil for lower resistance
- » Compatible with 12-speed SRAM XPLR groupsets

<b>Compatible with brands</b>	SRAM
<b>Compatible with</b>	SRAM XPLR
<b>Part materials</b>	Crivory EMS
<b>Bearings material</b>	Ceramic
<b>Gears</b>	12-speed
<b>Pulley size</b>	12T
<b>Narrow wide</b>	Tension pulley only

## ALUBOYS 11T | BDP-21 |

- » 11x11T CrMo derailleur pulleys
- » 7075 aluminium derailleur pulleys
- » Extra stiff for fast shifting
- » High quality sealed ball bearings

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Part materials</b>	7075 T6 Aluminium
<b>Gears</b>	9-speed, 10-speed, 11-speed, 12-speed
<b>Pulley size</b>	11T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	22
<b>Color name</b>	grey

## ALUBOYS CERAMIC 11T | BDP-22 |

- » 11T Ceramic derailleur pulleys
- » High quality aluminium derailleur pulleys with ceramic bearings
- » Extra stiff for fast shifting
- » High quality ceramic bearings, extra smooth and durable

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Part materials</b>	7075 T6 Aluminium
<b>Bearings material</b>	Ceramic
<b>Gears</b>	9-speed, 10-speed, 11-speed, 12-speed
<b>Pulley size</b>	11T
<b>Narrow wide</b>	No
<b>Weight (g)</b>	22
<b>Color name</b>	grey

**SINGLELINE | BCH-010 |**

- » Single speed chain
- » Closing link: SmartLink (BCH-01S)

<b>Amount of links</b>	114
<b>Closing link type</b>	Smartlink
<b>Gears</b>	Single speed
<b>Part finish</b>	Gray
<b>Chain size</b>	1/2"x1/8"
<b>Weight (g)</b>	359

**SINGLELINE | BCH-011 |**

- » Nickel coated Single speed chain
- » Closing link: SmartLink (BCH-01S)

<b>Amount of links</b>	114

<b>Complies with</b>	NEN-EN 15194:2017
<b>Chain size</b>	1/2"x11/128"
<b>Weight (g)</b>	426

**FLATLINE | BCH-14 |**

- » Universal 12S Flat top chain
- » 12-Speed flat top chain
- » Hardened High Carbon Steel
- » Compatible with Road, Gravel and MTB groupsets

<b>Compatible with brands</b>	Campagnolo, Shimano, SRAM
<b>Amount of links</b>	126
<b>Closing link type</b>	Smartlink
<b>Gears</b>	12-speed
<b>Part finish</b>	Nickel plating silver
<b>Part materials</b>	Carbon steel
<b>Chain size</b>	1/2"x11/128"
<b>Weight (g)</b>	279

**SPRINGLINK | BCH-01 |**

- » Closing link compatible with BBB SingleLine chains (BCH-010/011/01E)
- » Strong and secure closing link

<b>Compatible with</b>	BCH-010, BCH-11
<b>Closing link type</b>	Springlink
<b>Gears</b>	Single speed
<b>Part finish</b>	Nickel plating silver
<b>Chain size</b>	1/2"x1/8"
<b>Weight (g)</b>	5

**SPRINGLINK E-BIKE | BCH-01EL |**

- » Spare chain link for your bike chain
- » Compatible with our own E-powerline chain
- » Strong and reliable
- » Complies to all E-bike specific standards

<b>Compatible with</b>	BCH-01E
<b>Closing link type</b>	Springlink
<b>Gears</b>	Single speed
<b>Part finish</b>	Nickel plating silver
<b>Chain size</b>	1/2"x1/8"
<b>Weight (g)</b>	400

**SPRINGLINK E-BIKE NARROW | BCH-01ENL |**

- » Spare chain link for your bike chain
- » Compatible with our own E-powerline chain
- » Strong and reliable
- » Complies to all E-bike specific standards

<b>Compatible with</b>	BCH-01EN
<b>Closing link type</b>	Springlink
<b>Gears</b>	Single speed
<b>Part finish</b>	Nickel plating silver
<b>Chain size</b>	1/2"x3/32"
<b>Weight (g)</b>	3

**SMARTLINK | BCH-01S |**

- » Closing link compatible with BBB SingleLine chains (BCH-010/011)
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	Single speed
<b>Chain size</b>	1/2"x1/8"
<b>Weight (g)</b>	3

**SMARTLINK II | BCH-08 |**

- » Closing link compatible with all BBB 8-speed chains
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	8-speed
<b>Weight (g)</b>	3

### SMARTLINK II | BCH-09 |

- » Closing link compatible with all BBB 9-speed chains
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	9-speed
<b>Weight (g)</b>	3

### SMARTLINK II | BCH-10 |

- » Closing link compatible with all BBB 10-speed chains
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	10-speed
<b>Weight (g)</b>	3

### SMARTLINK | BCH-11S |

- » Closing link compatible with all BBB 11-speed chains
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	11-speed
<b>Weight (g)</b>	3

### SMARTLINK | BCH-12S |

- » Closing link compatible with all BBB 12-speed chains
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-link to open/close the smartlink

<b>Closing link type</b>	Smartlink
<b>Gears</b>	12-speed
<b>Weight (g)</b>	3

### FLATLINK | BCH-14S |

- » Closing link compatible with BCH-14 FlatLine
- » Strong and secure closing link
- » Use the BTL-77 LinkFix or BTL-213 Re-Link to open/Close the Flatlink
- » This closing link is not compatible with SRAM Flattop chains

<b>Weight (g)</b>	3
-------------------	---

**BIOWAX 100ML | BCH-201 |**

- » 100% plant based chain lube wax
- » Lubricant for all weather types that performs exceptionally well in cold and wet conditions
- » Reduces friction and offers long lasting protection against corrosion
- » Easy to use liquid wax that penetrates deeply between the links and provides a water and dirt-repellent protective layer
- » Made with 100% plant-based ingredients

<b>Type of lubricant</b>	Wax
<b>Suitable for weather</b>	All weather
<b>Weight (g)</b>	115

**BIOEBIKELUBE 100ML | BCH-202 |**

- » E-bike specific bio chain lube optimized to deliver long-term performance
- » Reduces friction and offers long lasting protection against corrosion
- » Thick lube offers better pressure resistance for high torque E-bike chains
- » All weather performance for year round use
- » Made with 100% plant-based ingredients
- » 100% biodegradable

<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>Weight (g)</b>	120

**BIOEBIKELUBE 500ML | BCH-202W |**

- » E-bike specific bio chain lube optimized to deliver long-term performance
- » Reduces friction and offers long lasting protection against corrosion
- » Thick lube offers better pressure resistance for high torque E-bike chains
- » All weather performance for year round use
- » Made with 100% plant-based ingredients
- » 100% biodegradable

<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>Weight (g)</b>	507

**BIOLUBE 100ML | BCH-203 |**

- » Bio-based bike chain lubricant that offers performance in all weather conditions
- » Reduces friction and protects against corrosion in all temperatures (-15 °C / 50 °C)
- » Natural oils provide smoother shifting and reduce drag
- » Penetrates deep in the chain links and makes your chain more quiet
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>Weight (g)</b>	120

**BIOWAX PRO 100ML | BCH-204 |**

- » High-performance bike chain lubricant made from plant-based materials
- » The higher adhesive strength reduces friction even under high watt performances
- » Mixture of natural oils and wax for long lasting all weather performance
- » Performance boost with friction-reducing additives
- » Penetrates deep in the chain links and makes your chain more quiet
- » Made with over 80% plant-based materials

<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>Weight (g)</b>	120

## ROUNDABOUT 4 | BCR-04 |

### MTB chainrings

- » Compatible with Shimano and SRAM
- » CNC machined 7075 T6 aluminium

Amount (pieces)	1
Compatible with brands	Shimano, SRAM
Part materials	7075 T6 Aluminium
Crankset type	Triple
Gears	9-speed, 10-speed
Arm quantity	4 arm crankset
Bolt Circle Diameter (mm)	104
Weight (g)	86, 104, 108
Sizes	42T, 44T, 46T

### TRIPLEGEAR | BCR-16S |

#### Road chainrings

- » Compatible with Shimano
- » CNC machined 7075 T6 aluminium

Amount (pieces)	1
Compatible with brands	Shimano
Part materials	7075 T6 Aluminium
Crankset type	Triple
Gears	10-speed
Arm quantity	5 arm crankset
Bolt Circle Diameter (mm)	74
Weight (g)	30
Sizes	30T

### ROADGEAR | BCR-21C |

#### Road chainrings

- » Compatible with Campagnolo
- » CNC machined 7075 T6 aluminium
- » Available in 10 sizes

Amount (pieces)	1
Compatible with	Campagnolo 9/10 vitesses 2008
Compatible with brands	Campagnolo
Part materials	7075 T6 Aluminium
Crankset type	Double
Gears	10-speed, 9-speed
Arm quantity	5 arm crankset
Bolt Circle Diameter (mm)	135
Weight (g)	40
Sizes	42T

### ROADGEAR | BCR-22C |

#### Road chainrings

- » Compatible with Campagnolo
- » CNC machined 7075 T6 aluminium

Amount (pieces)	1
Compatible with	Campagnolo 10/11 speed >2009
Compatible with brands	Campagnolo
Part materials	7075 T6 Aluminium
Crankset type	Double, Triple
Gears	10-speed, 11-speed
Arm quantity	5 arm crankset
Bolt Circle Diameter (mm)	135
Weight (g)	250
Sizes	42T, 53T

**ROADGEAR | BCR-23C |***Road chainrings*

- » Compatible with Campagnolo
- » CNC machined 7075 T6 aluminium

## E-BIKE SPROCKET | BCR-70E |

### E-bike sprockets

- » Compatible with Bosch Gen. 2 systems
- » Hardened steel for longer durability
- » Lockring included
- » E-bike specific: This product complies to the NEN-EN 15194:2017 regulations for e-bikes

<b>Amount (pieces)</b>	1
<b>Compatible with Gears</b>	Bosch Generation 2 systems 10-speed, 11-speed, 8-speed, 9-speed, Single speed
<b>Weight (g)</b>	24, 30, 36, 42, 49, 56, 64
<b>Sizes</b>	14T, 15T, 16T, 17T, 18T, 19T, 20T

## E-BIKEMOUNT | BCR-71E |

### Chainring spider for Bosch gen. 3

- » Compatible with 4-arm chainrings (BCD 104mm)
- » 52mm chainline
- » Durable steel spider

<b>Compatible with</b>	Bosch gen. 3
<b>Crankset type</b>	Single
<b>Arm quantity</b>	4 arm crankset
<b>Bolt Circle Diameter (mm)</b>	104
<b>Sizes</b>	Standard

## E-BIKEMOUNT | BCR-72E |

### Chainring spider for Bosch gen. 4

- » Compatible with 4-arm chainrings (BCD 104mm)
- » 52mm chainline
- » Durable steel spider

<b>Compatible with</b>	Bosch gen. 4
<b>Crankset type</b>	Single
<b>Arm quantity</b>	4 arm crankset
<b>Bolt Circle Diameter (mm)</b>	104

## E-BIKEGEAR | BCR-75E |

### 4 arm E-bike chainring, BCD-104mm, for hub gear drivetrains.

- » Compatible with Bosch (gen. 3 and gen. 4), Shimano Steps and other E-bike systems in combination with a BCD 104mm spider.
- » Compatible with 1-8 speed (1/2"x3/32") chains
- » For hub gear drivetrains only
- » Made from hardened steel for an extra long lifetime
- » Chainring bolts not included (advised to use BCR-60)

<b>Compatible with</b>	Hub gear drivetrains
<b>Part materials</b>	Carbon steel
<b>Crankset type</b>	Single
<b>Gears</b>	Single speed, 7-speed, 8-speed
<b>Arm quantity</b>	4 arm crankset
<b>Bolt Circle Diameter (mm)</b>	104
<b>Sizes</b>	36T, 38T, 40T, 42T, 44T, 46T, 48T

E-BIKEGEAR NARROWWIDE | BCR-76E |

4 arm E-bike chainring, BCD-104mm, for hub gear drivetrains.

- » Compatible with Bosch(gen. 3 and gen. 4), Shimano Steps and other E-bike systems in combination with a BCD 104mm spider.
- » Compatible with 9-12 speed chains
- » Made from hardened steel for an extra long lifetime
- » Chainring bolts not included (advised to use BCR-60)

Compatible with	Deraillieur drivetrains
Part materials	Carbon steel
Crankset type	Single
Gears	9-speed, 10-speed, 11-speed, 12-speed
Arm quantity	4 arm crankset
Bolt Circle Diameter (mm)	104
Weight (g)	141, 159, 182, 216, 253

Fork size (inch)	1.1/8
Headtube upper/inner diameter (mm)	41.2
Headtube lower/inner diameter (mm)	41.2
Bearings included	BHP-182
Bearings material	CrMo
Cone spacer diameter (mm)	45
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	80

36° x 45°

## INTEGRATED | BHP-42 |

### Integrated headset

- » Bearing diameter: 1.1/8" - 41.8 mm
- » 45°x45° sealed bearings
- » Open crown for easy installation

Headset type	Integrated (IS)
Fork size (inch)	1.1/8
Headtube upper/inner diameter (mm)	42
Headtube lower/inner diameter (mm)	42
Bearings included	BHP-181
Bearings material	CrMo
Cone spacer diameter (mm)	46
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	84

45° x 45°

**INTEGRATED TAPERED | BHP-45 |***Integrated tapered headset*

- » Bearing diameter: 1.1/8" - 1.1/4" - 41.8 - 46.8 mm
- » 45°x45° sealed bearings
- » Open crown for easy installation

Headset type	Integrated (IS)
Fork size (inch)	1.1/8 - 1.1/4
Headtube upper/inner diameter (mm)	42
Headtube lower/inner diameter (mm)	47
Bearings included	BHP-181, BHP-183
Bearings material	CrMo
Cone spacer diameter (mm)	46
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	84

**INTEGRATED TAPERED | BHP-46 |***Integrated tapered headset*

- » Bearing diameter: 1.1/8-1.5" - 41.8 - 51.8 mm
- » 36°x45° sealed lower bearing and 45°x45° sealed upper bearing
- » Open crown for easy installation

Headset type	Integrated (IS)
Fork size (inch)	1.1/8 - 1.1/2
Headtube upper/inner diameter (mm)	42
Headtube lower/inner diameter (mm)	52
Bearings included	BHP-181, BHP-185
Bearings material	CrMo
Cone spacer diameter (mm)	46
Cone spacer height (mm)	8
Crown race included	Yes
Weight (g)	72

**SEMI-INTEGRATED | BHP-50 |***Semi-integrated headset*

- » Inner bearing diameter: 1.1/8"
- » Open crown for easy installation

Headset type	Zero Stack (ZS) / Semi-Integrated
Fork size (inch)	1.1/8
Headtube upper/inner diameter (mm)	41.4
Headtube lower/inner diameter (mm)	41.4
Bearings material	Retainer ball bearing
Cone spacer diameter (mm)	46
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	105

**SEMI-INTEGRATED | BHP-51 |***Semi-integrated headset*

- » Bearing diameter: 1.1/8" - 41.0 mm
- » Open crown for easy installation

**36° x 45°**

Headset type	Zero Stack (ZS) / Semi-Integrated
Fork size (inch)	1.1/8
Headtube upper/inner diameter (mm)	44
Headtube lower/inner diameter (mm)	44
Bearings included	BHP-182
Bearings material	CrMo
Cone spacer diameter (mm)	50
Cone spacer height (mm)	8
Crown race included	Yes
Weight (g)	85

**SEMI-INTEGRATED TAPERED | BHP-53 |***Semi-integrated tapered headset*

- » Bearing diameter: 1.1/8" - 1.5" - 41.0 - 51.8 mm
- » Open crown for easy installation

**36° x 45°**

Headset type	Zero Stack (ZS) / Semi-Integrated
Fork size (inch)	1.1/8 - 1.1/2
Headtube upper/inner diameter (mm)	44
Headtube lower/inner diameter (mm)	44
Bearings included	BHP-182, BHP-185
Bearings material	CrMo
Cone spacer diameter (mm)	50
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	130

**SEMI-INTEGRATED TAPERED | BHP-54 |***Semi-integrated tapered headset*

- » Bearing diameter: 1.1/8-1.5" - 41.0-51.8 mm.
- » Open crown for easy installation

**36° x 45°**

Headset type	Zero Stack (ZS) / Semi-Integrated
Fork size (inch)	1.1/8 - 1.1/2
Headtube upper/inner diameter (mm)	56
Headtube lower/inner diameter (mm)	44
Bearings included	BHP-182, BHP-185
Bearings material	CrMo
Cone spacer diameter (mm)	50
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	121

### SEMI-INTEGRATED TAPERED | BHP-55 |

*Semi-integrated tapered headset*

- » Bearing diameter: 1.1/8-1.5" - 41.0-51.8 mm.
- » Open crown for easy installation

36° x 45°

Headset type	Zero Stack (ZS) / Semi-Integrated
Fork size (inch)	1.1/8 - 1.1/2
Headtube upper/inner diameter (mm)	44
Headtube lower/inner diameter (mm)	55
Bearings included	BHP-182, BHP-185
Bearings material	CrMo
Cone spacer diameter (mm)	50
Cone spacer height (mm)	15
Crown race included	Yes
Weight (g)	111

### ROUNDHEAD | BAP-02 |

*Headset cap to upgrade your bike*

- » 6061 T6 aluminium
- » Steel bolt with anti-rust coating
- » 1.1/8" cap with 1.1/8" star nut

1.1/8"

Fork size (inch)	1.1/8
Weight (g)	35, 22

### POWERHEAD | BAP-03 |

*Expander clamping mechanism equally divides the forces*

- » Expander type for safe and easy assembly
- » 40 mm plug for extra grip
- » Suitable for aluminium and carbon forks

1.1/8"

Fork size (inch)	1.1/8
Weight (g)	58

**ULTRASPACE | BHP-35 |***Ultra-lightweight UD carbon spacers*

- » Unique design saves up to 38% on weight compared to ordinary carbon spacers
- » Set of 4 spacers: 5, 10, 15, 20 mm

<b>Fork size (inch)</b>	1 1/8
<b>Weight (g)</b>	17

**1 1/8"****LIGHTSPACE | BHP-36 |***Ultra-lightweight aluminium spacers*

- » Unique design saves up to 38% on weight compared to ordinary aluminium spacers
- » Set of 4 spacers: 5, 10, 15, 20 mm

<b>Fork size (inch)</b>	1 1/8
<b>Weight (g)</b>	25

**1 1/8"****EXTENDER | BHP-20 |***Steerer tube extension for steel steerer tubes*

- » Threaded and threadless headset compatible
- » RoundHead (BAP-02) included
- » Size: 28.6 - 25.4 mm

<b>Fork size (inch)</b>	1
<b>Weight (g)</b>	220

**1"**

**EXTENDER | BHP-21 |**

*Steerer tube extension for steel steerer tubes*

- » Threaded and threadless headset compatible
- » RoundHead (BAP-02) included
- » Size: 28.6 - 25.4 mm

Fork size (inch)	1.1/8
Weight (g)	254

**TUBEEXTEND | BHP-22 |**

*Aluminium steerer tube extension*

- » Total extension of 67 mm
- » RoundHead (BAP-02) included

Fork size (inch)	1.1/8
Weight (g)	183

**OEM ALUSPACE | BHP-33OEM |**

*50 pack*

- » Diameter: 1.1/8\"/>

Fork size (inch)	1.1/8
Weight (g)	5, 10, 15, 19

### HEADSET REPLACEMENT BEARINGS 20PCS, 1.1/8" - 41.5 X 6.5 MM | BHP-180 |

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.1/8" - 41.5 x 6.5 mm.
- » 36°x36° sealed bearings.
- » MR043

Weight (g)	20
------------	----

### HEADSET REPLACEMENT BEARINGS 20PCS, 1.1/8" - 41.8 X 8 MM | BHP-181 |

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.1/8" - 41.8 x 8 mm.
- » 45°x45° sealed bearings.
- » MR121

Fork size (inch)	1.1/8
Bearings material	CrMo
Weight (g)	23

### HEADSET REPLACEMENT BEARINGS 20PCS, 1.1/8" - 41 X 6.5 MM | BHP-182 |

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.1/8" - 41 x 6.5 mm.
- » 36°x45° sealed bearings.
- » MR122

Fork size (inch)	1.1/8
Bearings material	CrMo
Weight (g)	21

**HEADSET REPLACEMENT BEARINGS 20PCS, 1.1/4" - 46.8 X 7 MM | BHP-183 |**

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.1/4" - 46.8 x 7 mm.
- » 45°x45° sealed bearings.
- » MR168

Fork size (inch)	1.1/4
Bearings material	CrMo
Weight (g)	27

**HEADSET REPLACEMENT BEARINGS 20PCS, 1.3/8" - 48.9 X 6.5 MM | BHP-184 |**

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.3/8" - 48.9 x 6.5 mm.
- » 36°x45° sealed bearings.
- » MR031

Fork size (inch)	1.3/8
Bearings material	CrMo
Weight (g)	25

**HEADSET REPLACEMENT BEARINGS 20PCS, 1.5" - 51.8 X 8 MM | BHP-185 |**

*20 pcs. headset replacement bearings.*

- » Bearing diameter: 1.5" - 51.8 x 8 mm.
- » 36°x45° sealed bearings.
- » MR127

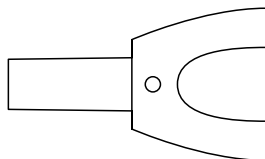

Fork size (inch)	1.1/2
Bearings material	CrMo
Weight (g)	33

**OEM WORKSHOP DISPLAY BEARINGS | BHP-191 |***Workshop display for replacement bearings.*

» For storage of 5 tubes of 20 replacement bearings.

<b>Weight (g)</b>	875

**BOTTOMBEAR BB90-95 | BBO-26 |***Press fit BB90-95 cartridge bearings*

- » Inner diameter of 24 mm and outer diameter of 37 mm
- » Spacers for adapting to BB95 included

<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BB90 - Trek Direct fit Road, BB95 - Trek Direct fit MTB
<b>Bracket Shell Diameter (mm)</b>	37
<b>Bracket Shell width (mm)</b>	90mm, 95mm
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	29

**BOTTOMTHREAD BSA | BBO-39 |***Universal BSA bottom bracket for 24mm spindles*

- » Co-molded bearing shields
- » Chrome steel 24377RS bearings
- » Wave washers included
- » Fully CNC machined external cups

<b>Part materials</b>	7075 T6 Aluminium, Glassfiber reinforced Nylon
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BSA - English Threaded
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	99

**BOTTOMTHREAD BSA DUB | BBO-38 |***Universal BSA DUB bottom bracket*

- » Co-molded bearing shields
- » Chrome steel 2940RV bearings
- » Wave washers included
- » Fully CNC machined external cups

<b>Part materials</b>	6061 T6 Aluminum, 7075 T6 Aluminium
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BSA - English Threaded
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	29
<b>Weight (g)</b>	98

**BOTTOMTHREAD BSA GXP | BBO-39SR |***BSA bottom bracket, GXP compatible*

- » Co-molded bearing shields
- » Chrome steel 24377RS & 22378RSL/115 bearings
- » Wave washers included
- » Fully CNC machined external cups

<b>Part materials</b>	7075 T6 Aluminium, Glassfiber reinforced Nylon
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BSA - English Threaded
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	24-22
<b>Weight (g)</b>	113

**BOTTOMFIT PF30-29 DUB | BBO-78 |***High-end PF30 bottom bracket for DUB crankstel*

- » Allows the installation of DUB cranksets into PF30 shells without adapters
- » 3-piece threaded design and self-aligning bearings increase durability
- » Fully CNC machined
- » Chrome steel 2940RV bearings
- » Wave washers included

<b>Part materials</b>	6061 T6 Aluminum, 7075 T6 Aluminium
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	PF30 - Press fit 30
<b>Bracket Shell Diameter (mm)</b>	46
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	29
<b>Weight (g)</b>	164

**BOTTOMFIT PF30-24 | BBO-79 |***PF30 threaded bottom bracket to fit 24mm spindle cranksets*

- » Allows the installation of 24 mm spindle cranksets into PF30 shells without adapters
- » Self-aligning bearings increases durability
- » Fully CNC machined 3-piece threaded design
- » Chrome steel 24377RS bearings
- » Wave washers included

<b>Part materials</b>	6061 T6 Aluminum, 7075 T6 Aluminium
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	PF30 - Press fit 30
<b>Bracket Shell Diameter (mm)</b>	46
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	167

**BOTTOMFIT BB30-29 DUB | BBO-88 |***High-end BB30 bottom bracket for DUB crankstel*

- » Allows the installation of DUB cranksets into BB30 shells without adapters
- » Easy-to-install threaded design and self-aligning bearings increase durability
- » Fully CNC machined
- » Chrome steel 2940RV bearings
- » Wave washers included

<b>Part materials</b>	6061 T6 Aluminum
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BB30 - Direct fit 30
<b>Bracket Shell Diameter (mm)</b>	42
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	29
<b>Weight (g)</b>	136

**BOTTOMFIT BB30-24 | BBO-89 |***BB30 threaded bottom bracket to fit 24mm spindle cranksets*

- » Allows the installation of 24 mm spindle cranksets into BB30 shells without adapters
- » Easy-to-install threaded design and self-aligning bearings increase durability
- » Fully CNC machined
- » Chrome steel 24377RS bearings
- » Wave washers included

<b>Part materials</b>	6061 T6 Aluminum, 7075 T6 Aluminium
<b>Bearings material</b>	CrMo
<b>Bracket Shell type</b>	BB30 - Direct fit 30
<b>Bracket Shell Diameter (mm)</b>	42
<b>Bracket Shell width (mm)</b>	68, 73mm
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	157

**BOTTOMADAPT BB30/PF30 | BBO-16 |***30 mm to 24 mm reducer*

- » Allows the installation of 24 mm spindle crank sets into BB30 and PF30 shells (BB30 or PF30 BB required, not included)
- » Alloy spacer with plastic cover

<b>Bracket Shell type</b>	BB30 - Direct fit 30, PF30 - Press fit 30
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	87

**BOTTOMADAPT BB386/392 EVO | BBO-17 |***30 mm to 24 mm reducer, for BB386/392 EVO*

- » Allows the installation of 24 mm spindle crank sets into a BB386 EVO shell (PF30/BB386 EVO BB required, not included)
- » Alloy spacer with plastic cover

<b>Bracket Shell type</b>	BB386, BB392
<b>Bracket Shell width (mm)</b>	86, 5mm, 89, 5mm, 92mm
<b>Bracket spindle diameter (mm)</b>	24
<b>Weight (g)</b>	13

**OEM BOTTOM BRACKET SHIM 0.5 - 30 | BBO-111 |***20 pcs. Bottom bracket spacers.*

- » Use to adjust chainline or remove sideplay
- » Outer diameter (mm): 37

**NEW!****CORECAP AL VALVE | BTI-166**

CoreCap, the ultimate solution for -tubeless- cyclists seeking convenience and performance. Say goodbye to the hassle of bending or breaking fragile Presta cores with this robust design, which ensures easy installation without unscrewing or adapters. Experience consistent airflow with up to 300% improvement, perfect for effortless tire pressure adjustments across all riding styles, including tubeless setups. Built for durability, the CoreCap Valve withstands regular use and makes maintenance a breeze, greatly enhancing your cycling experience.

#new#

CORECAP AL VALVE | BTI-166 |

CoreCap Tubeless valve set

- » No fuzzing around, say goodbye to bending, breaking, or replacing, fragile Presta cores
- » Easily replaces traditional Presta valve cores and without the need for adapters
- » Optimized Airflow, delivers up to 300% more airflow
- » No unscrewing of valve cores anymore

Removable valve	Yes
Sizes	40mm, 60mm, 80mm
Color name	black, copper

CORECAP VALVE CAPS | BTI-165 |

NEW

CoreCap set

- » No fuzzing around, Say goodbye to bending or breaking fragile Presta cores
- » Easily replaces traditional Presta valve cores and without the need for adapters
- » Compatible with all threaded presta valves with removable valve cores, including those on innertubes
- » Optimized Airflow, delivers up to 300% more airflow
- » No unscrewing of valve cores or filling up valves cores in tubeless use anymore

Tube type	Gravel, MTB, Road, Urban
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 24/26, 26/28, 28, 29
Removable valve	Yes
Color name	copper, purple, gold, red, blue, black

TUBELESS VALVES | BTI-159 |

Valves with removable core

- » Brass valve shaft
- » Rubber squared base for a better seal
- » Rubber square base for a better seal

Tube type	MTB, Road
Removable valve	Yes
Weight (g)	16, 28
Sizes	48mm, 60mm, 80mm
Color name	black

## AL VALVE | BTI-160 |

*Full aluminum tubeless valve set*

- » Universal fit through the round shaped rubber that will seal-off every tubeless rim
- » With integrated tool to take out the valve core
- » Tire insert compatible due to its triple airway passage
- » Hex key fixation for easy (dis)assembly

<b>Removable valve</b>	Yes
<b>Weight (g)</b>	9, 11
<b>Sizes</b>	40mm, 60mm
<b>Color name</b>	black

## VALVEEXTENDER | BTI-97 |

*Aluminium valve extender*

- » Ideal for high profile carbon rims

<b>Tube type</b>	MTB, Road
<b>Weight (g)</b>	13
<b>Sizes</b>	50mm
<b>Color name</b>	black

## VALVEEXTEND | BTI-99 |

*Aluminium valve extender*

- » For inner tubes with removable valve core
- » Ideal for deep section carbon wheels
- » Tool included

<b>Tube type</b>	MTB, Road
<b>Weight (g)</b>	10, 14
<b>Sizes</b>	50mm, 80mm
<b>Color name</b>	black

**VALVECORE SET 4PCS | BTI-161 |***Set with four Presta valve cores*

» Comes with multifunctional valve core tool

<b>Removable valve</b>	Yes
<b>Weight (g)</b>	7
<b>Color name</b>	silver

**VALVECORE SET 50PCS | BTI-162 |***Workshop bottle with 50 pieces Presta valve cores*

<b>Removable valve</b>	Yes
<b>Weight (g)</b>	127
<b>Color name</b>	silver

**STEADYVALVE PATCHES | BTI-175 |***Valve silencing patch*

- » Keeps your valve silent and in place
- » Invisible on your rim
- » Durable material

<b>Tube type</b>	Gravel, MTB, Road
<b>Wheel size (inch)</b>	12.5, 16, 18, 20, 22, 24, 26, 27.5, 24/26, 26/28, 28, 29

**RIMTAPE | BTI-91 |**

*High-pressure rim tapes made of strong nylon material*

- » For road bikes
- » Elastic characteristics for a tight secure fit around your rims
- » With valve hole
- » 2 pieces per set

<b>Tube type</b>	Road
<b>Wheel size (inch)</b>	28
<b>Rimtape type</b>	Elastic Nylon
<b>Tape Width (mm)</b>	16
<b>Weight (g)</b>	32
<b>Sizes</b>	16mm
<b>Color name</b>	black

**RIMTAPE | BTI-92 |**

*High-pressure rim tapes made of strong nylon material*

- » For 29" mountain bikes and 28" trekking bikes
- » Elastic characteristics for a tight secure fit around your rims
- » With valve hole
- » 2 pieces per set

<b>Tube type</b>	MTB, Road
<b>Wheel size (inch)</b>	28, 29
<b>Rimtape type</b>	Elastic Nylon
<b>Tape Width (mm)</b>	18, 22, 25
<b>Weight (g)</b>	35, 43, 48
<b>Sizes</b>	28" x 18mm (18 - 622), 28" x 22mm (22 - 622), 28" x 25mm (25 - 622)
<b>Color name</b>	black

**RIMTAPE | BTI-93 |**

*High-pressure rim tapes made of strong nylon material*

- » For 26" mountain bikes
- » Elastic characteristics for a tight secure fit around your rims
- » With valve hole
- » 2 pieces per set

<b>Tube type</b>	MTB
<b>Wheel size (inch)</b>	26
<b>Rimtape type</b>	Elastic Nylon
<b>Tape Width (mm)</b>	18
<b>Weight (g)</b>	31
<b>Color name</b>	black

RIMTAPE | BTI-94 |

High-pressure rim tapes made of strong nylon material

- » For 27,5" mountain bikes
- » Elastic characteristics for a tight secure fit around your rims
- » With valve hole
- » 2 pieces per set

Tube type	MTB
Wheel size (inch)	27.5
Rimtape type	Elastic Nylon
Tape Width (mm)	22, 25
Weight (g)	40, 45
Sizes	22mm, 25mm
Color name	red

RIMTAPE | BTI-95 |

High-pressure adhesive rim tape

- » 10 meter roll

Tube type	Kids/Others, MTB, Road, Urban
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
Rimtape type	Adhesive tape
Tape Width (mm)	16, 18, 22, 25
Weight (g)	120, 127, 134, 149
Sizes	16mm, 18mm, 22mm, 25mm
Color name	red

RIMTAPE | BTI-96 |

High-pressure adhesive rim tape

- » 45 meter roll

Tube type	Kids/Others, MTB, Road, Urban
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
Rimtape type	Adhesive tape
Tape Width (mm)	16, 18, 22, 25
Weight (g)	419, 425, 432, 441
Sizes	16mm, 18mm, 22mm, 25mm
Color name	red

RIMTAPE | BTI-98 |

High-pressure adhesive rim tape

- » 2 meter roll
- » 2 rolls per set

Tube type	Kids/Others, MTB, Road, Urban
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
Rimtape type	Adhesive tape
Tape Width (mm)	16, 18, 22, 25
Weight (g)	27, 32, 43, 49
Sizes	16mm, 18mm, 22mm, 25mm
Color name	white

TUBELESS RIMTAPE | BTI-150 |

Adhesive rim tape for tubeless conversion

- » 4.5 meter roll
- » Available in 18, 22, 25, 28, 31 and 34mm width

Tube type	MTB, Road
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
Rimtape type	Adhesive tape
Tape Width (mm)	18, 22, 25, 28, 31, 34
Weight (g)	129, 81, 171, 172, 170, 105
Sizes	18mm, 22mm, 25mm, 28mm, 31mm, 34mm
Color name	yellow

TUBELESS RIMTAPE | BTI-151 |

Adhesive rim tape for tubeless conversion

- » 10 meter roll
- » Available in 18, 22, 25, 28, 31 and 34mm width

Tube type	MTB, Road
Wheel size (inch)	12.5, 16, 18, 20, 22, 24, 26, 27.5, 28, 29
Rimtape type	Adhesive tape
Tape Width (mm)	18, 22, 25, 28, 31, 34
Weight (g)	109, 211, 208, 140, 180, 101
Sizes	18mm, 22mm, 25mm, 28mm, 31mm, 34mm
Color name	yellow

**TUBELESS RIMTAPE | BTI-152 |**

*Get your rim, tape it in!*

- » Adhesive tape for tubeless conversion
- » 50 meter roll of rimtape
- » Available in 18, 22, 25, 28, 31 and 24mm width

<b>Rimtape type</b>	Adhesive tape
<b>Tape Width (mm)</b>	18, 22, 25, 28, 31, 34
<b>Sizes</b>	18mm, 22mm, 25mm, 28mm, 31mm, 34mm
<b>Color name</b>	yellow

**BIOSEAL 80ML | BTI-180 |**

*Anti-puncture sealant for tubeless and innertube systems, seals up holes to 6 mm*

- » Contains natural latex and cellulose fibers from sugar beet
- » Last 2-7 months
- » 100% biodegradable within 28 days

<b>Color name</b>	white
-------------------	-------

**BIOSEAL 500ML | BTI-181 |**

*Anti-puncture sealant for tubeless and innertube systems, seals up holes to 6 mm*

- » Contains natural latex and cellulose fibers from sugar beet
- » Last 2-7 months
- » 100% biodegradable within 28 days

<b>Color name</b>	white
-------------------	-------

### BIOSEAL 5L | BTI-181W |

*Anti-puncture sealant for tubeless and inner tube systems*

- » Contains natural latex and cellulose fibers from sugar beet
- » Long-lasting formula keeps you sealed for 2-7 months
- » 100% biodegradable within 28 days

**Color name** white

### SEALANT INJECTOR | BTI-190 |

*Complete tubeless sealant injector set*

- » Easy and clean way to inject sealant into your wheel set-up
- » Plastic needle is ideal to remove old (still liquid) sealant without removing the tire
- » Kit includes: 60ml syringe, two hoses, valve core removal tool, hose-stoppers, plastic needle

**Color name** transparent

PRESTA

Available in: 33 mm, 48 mm, 60 mm and 80mm lengths. R - Removable valve for use with extenders.

SCHRADER

Available in: 33 mm, 48 mm, 60 mm and 80 mm lengths.

DUNLOP

Available in: 31 mm and 40 mm lengths. BV - Bent Valve.

SuperLite innertubes with lightweight molded butyl rubber compound (BTI+72, BTI+73 and BTI+89S). Also available: with removable valve for valve extenders (FV 33R and FV 48R).

**BIODRIVETRAIN CLEANER 500ML | BTL-250S |**

*Bio Drivetrain Cleaner is a plant-based degreaser.*

- » Can be used undiluted without any problems
- » 100% plant-based
- » 100% recycled PET packaging
- » 100% free from microplastics

<b>Bottle volume</b>	500 ml / 18 oz
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIODRIVETRAIN CLEANER 1L | BTL-250 |**

*Bio Drivetrain Cleaner is a plant-based degreaser.*

- » Can be used undiluted without any problems
- » 100% plant-based
- » 100% recycled PET packaging
- » 100% free from microplastics

<b>Bottle volume</b>	1 L / 33.8 oz
<b>How to use?</b>	Ready to use

**BIODRIVETRAIN CLEANER 5L | BTL-250W |**

*Sustainable plant-based degreaser*

- » Can be used undiluted without any problems
- » Made with 100% plant-based ingredients
- » Packaging made from 100% recycled PET material
- » 100% free from microplastics

<b>Bottle volume</b>	5 L / 169 oz
<b>How to use?</b>	Ready to use

**BIOSUPERWASH 1L | BTL-251 |**

*Bio Superwash effortlessly cleans grease and dirt from your bike without the use of any chemicals.*

- » Contains natural wax to protect the paint
- » Highly concentrated for smaller packaging
- » PH-neutral
- » 100% biodegradable within 28 days
- » 100% free from microplastics

<b>Bottle volume</b>	1 L / 33.8 oz
<b>How to use?</b>	Mix with water

### BIOSUPERWASH 5L | BTL-251W |

*Sustainable wash for bicycle cleaning*

- » Contains natural wax to protect the paint
- » Highly concentrated for smaller packaging solutions
- » PH-neutral
- » 100% biodegradable within 28 days
- » 100% free from microplastics

<b>Bottle volume</b>	5 L / 169 oz
<b>How to use?</b>	Mix with water

### BIOREADYWASH TRIGGER | BTL-253 |

*Bio-based ready to use bike wash*

- » Ready to use bike wash mixture
- » Easy to use spray nozzle
- » Effective against dust and dirt
- » 100% biodegradable within 28 days
- » Made with 100% plant-based material

<b>Bottle volume</b>	500 ml / 18 oz
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOWAX 100ML | BCH-201 |

*100% plant based chain lube wax*

- » Bike chain lubricant for all weather types that performs exceptionally well in cold and wet conditions
- » Reduces friction and offers long lasting protection against corrosion
- » Easy to use liquid wax that penetrates deeply between the links and provides a water and dirt-repellent protective layer
- » Made with 100% plant-based ingredients

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>Type of lubricant</b>	Wax
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOEBIKELUBE 100ML | BCH-202 |

*E-bike specific bio chain lube optimized to deliver long-term performance*

- » Reduces friction and offers long lasting protection against corrosion
- » Thick lube offers better pressure resistance for high torque E-bike chains
- » All weather performance for year round use
- » Made with 100% plant-based ingredients
- » 100% biodegradable

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOEBIKELUBE 500ML | BCH-202W |**

*E-bike specific bio chain lube optimized to deliver long-term performance*

- » Reduces friction and offers long lasting protection against corrosion
- » Thick lube offers better pressure resistance for high torque E-bike chains
- » All weather performance for year round use
- » Made with 100% plant-based ingredients
- » 100% biodegradable

<b>Bottle volume</b>	500 ml / 18 oz
<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOLUBE 100ML | BCH-203 |**

*Bio-based bike chain lubricant that offers performance in all weather conditions*

- » Reduces friction and protects against corrosion in all temperatures (-15 °C / 50 °C)
- » Natural oils provide smoother shifting and reduce drag
- » Penetrates deep in the chain links and makes your chain more quiet
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOWAX PRO 100ML | BCH-204 |**

*High-performance bike chain lubricant made from plant-based materials*

- » The higher adhesive strength reduces friction even under high watt performances
- » Mixture of natural oils and wax for long lasting all weather performance
- » Performance boost with friction-reducing additives
- » Penetrates deep in the chain links and makes your chain more quiet
- » Made with over 80% plant-based materials

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>Type of lubricant</b>	Oil
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOBEARINGGREASE 50ML | BTL-261 |**

*Bio-based bearing grease for a smooth and protected bike*

- » Low friction grease keeps high loaded bearings and axles run smooth
- » Resin free mix that easily attaches
- » Effective against water and dirt, providing high corrosion protection
- » All-weather performance from -20°C to 70°C for reliable use
- » Made with 100% plant-based ingredients

<b>Bottle volume</b>	50 ml / 1.7 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOBEARINGGREASE 500ML | BTL-261W |

*Bio-based bearing grease for a smooth and protected bike. Including workshop brush.*

- » Low friction grease keeps high loaded bearings and axles run smooth
- » Resin free mix that easily attaches
- » Effective against water and dirt, providing high corrosion protection
- » All-weather performance from -20°C to 70°C for reliable use
- » Made with 100% plant-based ingredients

<b>Bottle volume</b>	500 ml / 18 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOPASTE 50ML | BTL-262 |

*Universal assembly paste to mount and protect bike parts*

- » Prevents squeaking and protects screw connections for smooth rides
- » Protects against corrosion and moisture for long-lasting performance
- » Prevents bike parts from different metals to cold weld together
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	50 ml / 1.7 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOPASTE 500ML | BTL-262W |

*Universal assembly paste to mount and protect bike parts. Including a workshop brush.*

- » Prevents squeaking and protects screw connections for smooth rides
- » Protects against corrosion and moisture for long-lasting performance
- » Prevents bike parts from different metals to cold weld together
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	500 ml / 18 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

### BIOCARBONPASTE 50ML | BTL-263 |

*Specific assembly paste for mounting carbon bike parts*

- » Fine structure paste for necessary grip on your components
- » Prevents damages and squeaking noises for smooth rides
- » Ideal for mounting carbon seatposts, stems and handlebars
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	50 ml / 1.7 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOCARBONPASTE 500ML | BTL-263W |**

*Specific assembly paste for mounting carbon bike parts. Including a brush.*

- » Fine structure paste for necessary grip on your components
- » Prevents damages and squeaking noises for smooth rides
- » Ideal for mounting carbon seatposts, stems and handlebars
- » Made with 100% plant-based ingredients
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	500 ml / 18 oz
<b>Type of lubricant</b>	Paste
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**NOFOG | BSG-100 |**

*100% plant based lens cleaner with anti-fog properties*

- » Comes as a spray can with pump
- » 100% biodegradable within 28 days
- » Produced in a 100% CO2 neutral facility
- » 100% recycled PET packaging
- » 100% free of microplastics

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>How to use?</b>	Ready to use

**BIOGLOSS 100ML | BTL-265 |**

*Bio-based frame wax for frame gloss and protection*

- » Ready to use frame protection
- » Easy to use spray nozzle
- » Effective against dust and dirt
- » Made with 100% plant-based material
- » Do not use on matt frames

<b>Bottle volume</b>	100 ml / 3.4 oz
<b>Type of lubricant</b>	Wax
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOSEAL 80ML | BTI-180 |**

*Anti-puncture sealant for tubeless and innertube systems, seals up holes to 6 mm*

- » Contains natural latex and cellulose fibers from sugar beet
- » Last 2-7 months
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	80 ml / 2.7 oz
<b>Type of lubricant</b>	Wax
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOSEAL 500ML | BTI-181 |**

*Anti-puncture sealant for tubeless and innertube systems, seals up holes to 6 mm*

- » Contains natural latex and cellulose fibers from sugar beet
- » Last 2-7 months
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	500 ml / 18 oz
<b>Type of lubricant</b>	Wax
<b>Suitable for weather</b>	All weather
<b>How to use?</b>	Ready to use

**BIOSEAL 5L | BTI-181W |**

*Anti-puncture sealant for tubeless and inner tube systems*

- » Contains natural latex and cellulose fibers from sugar beet
- » Long-lasting formula keeps you sealed for 2-7 months
- » 100% biodegradable within 28 days

<b>Bottle volume</b>	5 L / 169 oz
<b>How to use?</b>	Ready to use

## BBB Cycling

BBB Cycling is there for every cyclist. We are out there on each and every ride, bringing fun to cycling, and making sure cyclists are spending more time on their bikes together with their friends. Riding your bike is something special. It makes you feel carefree and lets you enjoy the moment. It's exactly this feeling that we treasure and want to elevate with our products. Products designed in the Netherlands and that received more than 100 product and innovation awards. Items that will surprise you with their price-quality level and the always present smart adjustment. With this kind of products we are serving the needs of cycling enthusiasts from all over the world and are proud to be 'Part of your Ride'.
