

# SS27 PRODUCT BOOK

FEEL MORE

# THERE'S MORE OUT THERE

Inspired by Nordic sports and our founder's passion to push boundaries, Odlo exists to heighten every outdoor experience. We design base layers without equal and all-season apparel that drives outdoor devotees to go for more, more often, in comfort.

We live for the limitless potential of personal podiums and shared experiences. And from the Swiss Alps, we develop clothing for those who know that whatever lies ahead – there's always more out there.

## OUR JOURNEY

**1946**

Odd Loftered Sr. founds Odlo in Norway.

**1964**

Odlo's nylon cross-country race suit revolutionises the sport. It is proudly worn by the entire Norwegian national team at that year's Olympic games.

**1972**

At the Sapporo Olympics, 25 teams wear the Odlo Thermic - the first fully synthetic base layer that keeps athletes comfortable. Athletes and teams (in this, the pre-sponsorship era) pay to race in the apparel themselves.

**1986**

Odlo moves to Switzerland and launches the groundbreaking three layer principle.

**1994**

The Company expands into running and outdoor products. That same year, Odlo introduces a recycling guarantee.

**2002**

Odlo "effect" fabric becomes the first base layers to contain odour-reducing silver ions.

**2008**

Odlo joins the Fair Wear Foundation.

**2011**

Odlo completes its first Life Cycle Assessment on one of its base layers - the Evolution Greentec. It's the first seamless base layer made from 100% recycled materials.

**2016**

Odlo celebrates its 70th anniversary and introduces a new brand claim, "Engineers of Active Layers since 1946."

**2017**

Odlo launches the pioneering Ceramicool technology which uses the cooling properties of ceramic in clothing.

**2018**

More innovation follows with Ceramiwool, Ceramiwarm and F-Dry. Also that year, a groundbreaking collaboration with Zaha Hadid Design.

**2019**

Odlo introduces I-THERMIC, the first intelligent Thermal Technology that analyses body heat to regulate when needed.

**2021**

Odlo invests heavily in solar panels at its German distribution facility as it prioritises clean energy use. That same year, Odlo is awarded Leader status by the Fair Wear Foundation for the 6th consecutive year.

**2023**

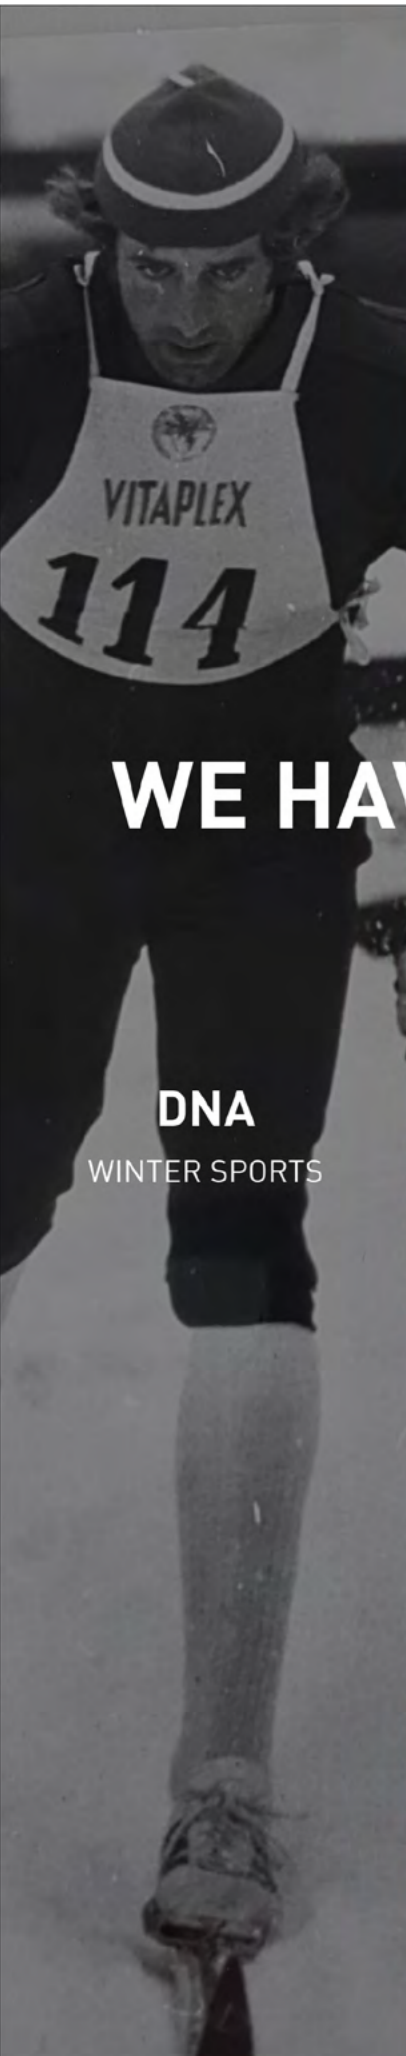

Martin Fourcade is named global brand ambassador. The company rebrands with the tag, "There's More Out There." Meanwhile, under CEO Daniel Eppler, the company sets six strategic priorities - Sustainability among them. Additionally, the Company commercialises a base layer partnership with Burton Snowboards.

**2024**

Odlo celebrates its partnership with Team Odlo X-Alpi with the release of Out For More, a web series. Later in the year, it furthers its brand awareness with a campaign that celebrates the joy of the outdoors with champion biathletes, the Gasparin Sisters.

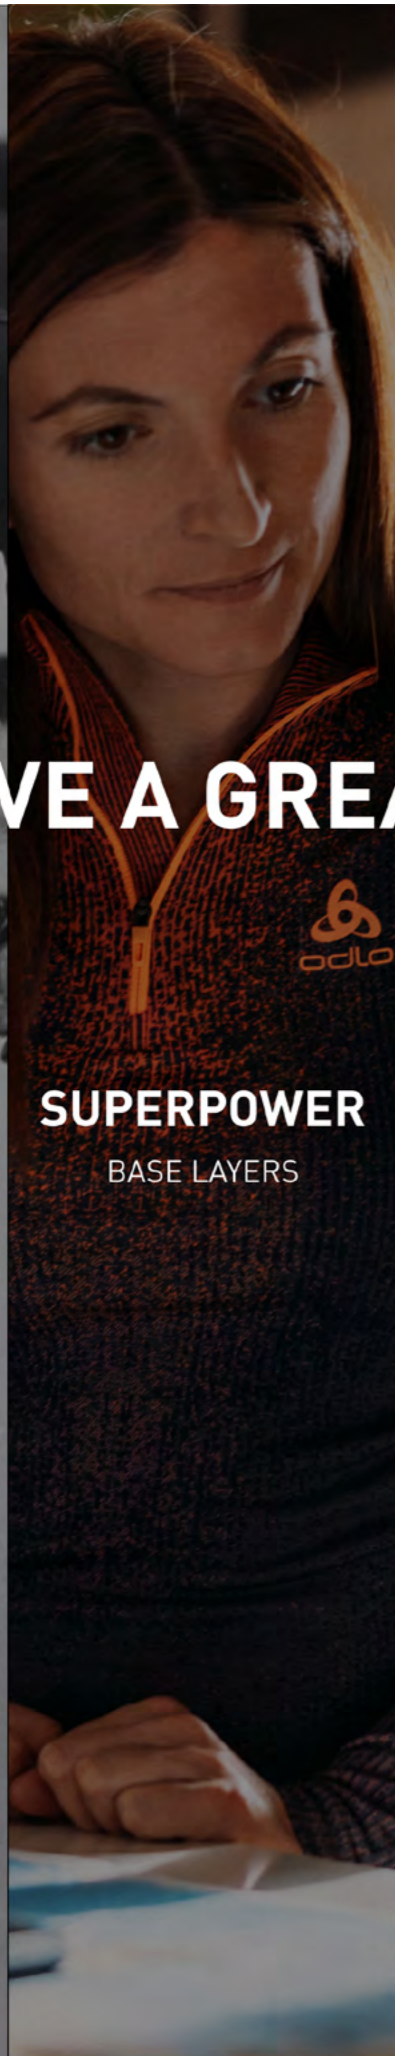

**2025**

Odlo continues to advance its sustainability priorities, reaching 83% to recycled polyester use by end of year.

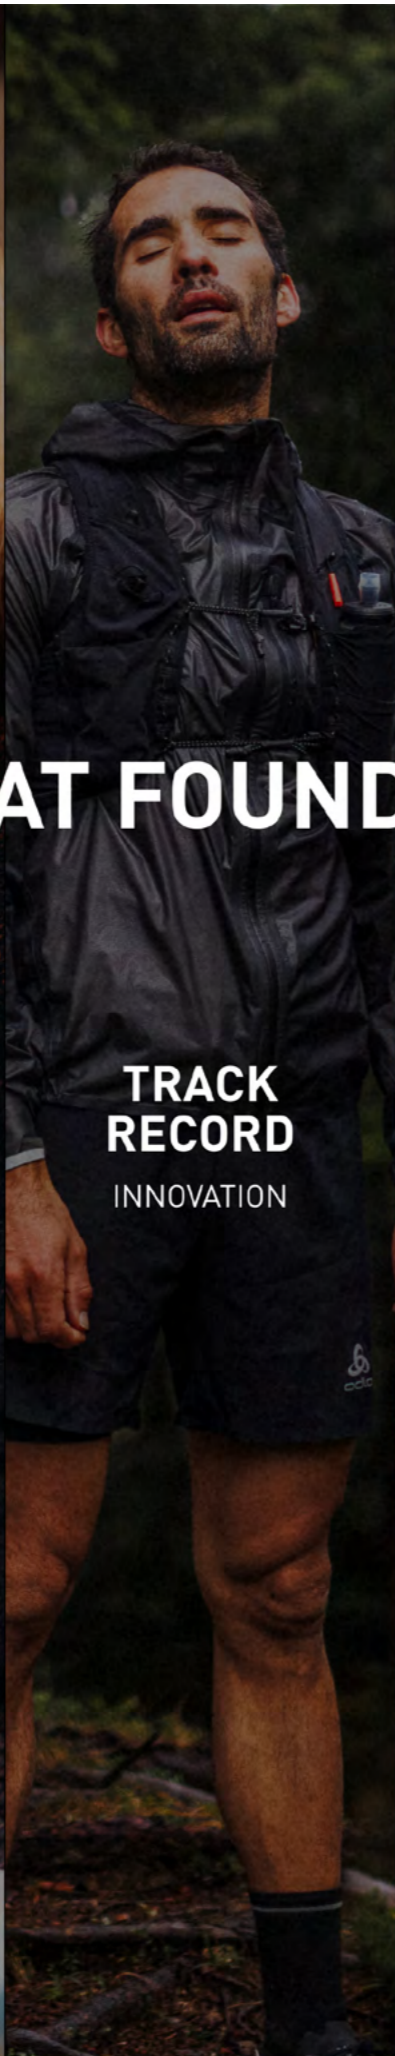

### DNA

WINTER SPORTS

### SUPERPOWER

BASE LAYERS

### TRACK RECORD

INNOVATION

### CORE COMPETENCY

NOS & SUPERIOR PROFITABILITY AT POS

# OUR LAYERING SYSTEM

## BASE LAYER

Transport - keeps you dry

The first layer, which is in direct contact with the skin, regulates your body temperature. It keeps you dry with modern functional fibers and innovative fabric structures.

## MID LAYER

Insulation - keeps you warm

This layer is designed to retain heat. Natural and synthetic insulating materials ensure that you stay at a comfortable temperature.

## OUTER LAYER

Protection - protects you from the weather

The outer layer protects you from the elements. You get a combination of rain protection, wind protection and breathability.

# WE HAVE A GREAT FOUNDATION

# SPORTS UNDERWEAR

## PERFORMANCE

Quick-drying, lightweight base layer made from environmentally friendly synthetic fibers for high-intensity activities.

- Performance Light
- Performance Warm
- I-Thermic x-warm

## ACTIVE

Base layer for the whole year made from environmentally friendly synthetic fibers. Keeps you dry and comfortable for unlimited fun during all low and medium intensity activities.

- Active F-Dry light
- Active warm
- Active x-warm

## MERINO

Base layer made from 100% natural fibers for nature-loving athletes. Soft, quick-drying and with natural temperature regulation.

- Merino 160
- Merino 200
- Merino 260

## SEAMLESS PERFORMANCE WOOL

The best of both worlds: base layers made from blended fibers that are lightweight, robust and quick-drying.

- Merino PW 140 seamless
- Seamless Performance Wool

**ESSENTIAL SPRINTER Tights short** 324081 black 15000  
209,99 PLN

Feature	Benefit
• Drawcord waist adjustment • Key pocket • Reflective details • Contains recycled materials	• Freedom of Movement • Enhanced Comfort • Versatile Usage

Designed for versatility, the Essential sprinter tight offers an improved fit and enhanced comfort with a high waistband for a secure fit. Crafted from a new recycled material, they provide the perfect balance of stretch and support. A mesh key pocket keeps essentials close, while the internal drawcord ensures a customizable fit. Flat seams minimize chafing, and reflective details enhance visibility, making these sprinters a go-to choice for both performance and everyday wear.

<b>Sizes</b>	XS, S, M, L, XL	<b>Concept</b>	Essentials
<b>Product type</b>	Tights short	<b>Material info</b>	Main Fabric: 27% Elastane, 73% Polyamide (recycled)

269,99 PLN

Feature	Benefit
• Drawcord waist adjustment • Phone pocket • Inner key pocket • Reflective details • Contains recycled materials	• Freedom of Movement • Enhanced Comfort • Versatile Usage

Short tights reimagined with an improved fit and enhanced feel. These upgraded short tights are made from a soft, supportive fabric that moves with you – on road runs, in studio sessions and everywhere in between. The adjustable, high-rise waistband is designed to stay put. Mild compression and flat seams offer chafe-free comfort with every stride, while a dual pocket securely stashes your phone and keys. Finished with reflective details for visibility on early mornings or late nights. Everyday comfort. Elevated design.

This lightweight Ceramicool beanie is the ultimate cycling accessory made in Europe and crafted in our own factory. The beanie features ODL's Ceramicool technology which cools you down and offers excellent temperature regulation and moisture management during hard climbs. The minimum seam construction ensures comfort when worn under a helmet during cycling activities.

Bring the ultimate lightweight accessory on your next demanding run this summer, the Ceramicool headband from Odlo. Ceramicool technology is built into every fibre, ensuring ceramic particles cool your skin by up to 1°C when temperatures are on the rise. Meanwhile, mesh fabric offers excellent moisture management to keep sweat out of your way. Shaped ergonomically for a better fit and built seamless for friction-free comfort, this headband is designed for comfortable all-day wear.

<p>This Ceramicool Reflective performance socks offer a bodymapped padding system for enhanced comfort and cushioning. Thicker and softer material on the heel and toe area help reduce the impact, protecting against blisters while the breathable mesh material and the Ceramicool yarns keep your feet cool and wick sweat away. Integrated and highly functional Polypropylene yarn is resistant to absorbing moisture absorption and ensures a very fast drying pair of socks. The seamless toe construction gives the socks a optimal fit while the Integrated ODLO ZEROSCENT anti-odour technology controls and eliminates bad odour from its very beginning. Lastly we have intergrated reflective yarns into the cuff area of the sock to eliminate irritation on the skin and increase low light visibility. These socks are made and crafted in EUROPE.</p>

<ul style="list-style-type: none"> <li>• Seamless toe construction</li> <li>• Merino blend</li> <li>• Toe and heel cushioning</li> </ul>	<ul style="list-style-type: none"> <li>• Natural Thermoregulation</li> <li>• Enhanced Moisture Management</li> <li>• Enhanced Comfort</li> </ul>	<ul style="list-style-type: none"> <li>• Ceramicool</li> <li>• Made in Europe</li> </ul>

These CERAMICOOOL hiking socks offer a body-mapped padding system for enhanced comfort and cushioning. Thicker and softer material on the heel and toe area helps reduce the impact of each step, protecting against blisters while the breathable mesh material and the Ceramicool yarns keep your feet cool and wick sweat away. Integrated and very functional Polypropylene yarn is resistant to absorbing moisture and therefore ensures a very fast drying pair of socks. The seamless toe construction gives the socks an optimal fit while the Integrated ODLO ZEROSCENT anti-odour technology controls and eliminates bad odour from its very beginning. Finally, the socks are made and crafted in EUROPE.

<b>Sizes</b>	36-38, 39-41, 42-44, 45-47	<b>Material info</b>	Main Fabric: 3% Elastane, 39% Polyamide, 29% Polyester, 28% Polypropylene

## SIZE GUIDE

### Accessories

Headwear Centimeters

	XS	S	M	L	XL	XXL
Head size	52-53	54-55	56-57	58-59	60-61	62-63

Gloves Centimeters

	XXS	XS	S	M	L	XL	XXL
	5	6	7	8	9	10	11
1. Hand width	14-16	16-18	18-20	20-22	22-24	24-26	26-28
2. Hand length	14	17	18	19	20	21	22

### How do I measure accessory sizes?

**Hats**  
Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

**Gloves**  
Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb.

### How to measure

**Hats**  
Take a soft tape measure from the middle of the forehead, above the ears and midway at the back of the head. Do not pull the tape too tightly.

**Gloves**  
Take a soft tape measure and wrap it around the dominant hand just below the knuckles and excluding the thumb. Now measure from the bottom edge of the palm to the tip of the middle finger.

**Socks**  
Simply pick the size that fits your shoe size.

### Sports bras

#### How to choose the right bra:

Think about intensity level: different activities require different levels of support. Running will require more support; yoga, less. Choose the support level that corresponds to what you'll be doing in it.

Pay attention to fit: sports bras should fit snug but not be uncomfortable. Try on different sizes and styles to find the one that fits best.

	XS	S	M	L	XL	XXL
EU CUP A ≤	70	75	80	85	90	95

< Swipe >

#### How to measure

For a perfect fit, a new band should be on the loosest hook and feel firm but comfortable.

Your breasts should be fully contained within your bra's cups, with no excess cleavage coming over the top.

Straps are at their perfect length when the breast feels supported in its natural position - usually half way between the shoulder and elbow.

### How to measure

- 1. Bust**  
Measure around the fullest part of your bust, keeping the measuring tape horizontal.
- 2. Waist**  
Measure around the narrowest part (typically where your body bends side to side), keeping the tape horizontal.
- 3. Hip**  
Measure around the fullest part of your hips, keeping the tape horizontal.

- 4. Inseam**  
Measure from the top of your inner leg to the bottom of your leg.

# SUSTAINABILITY

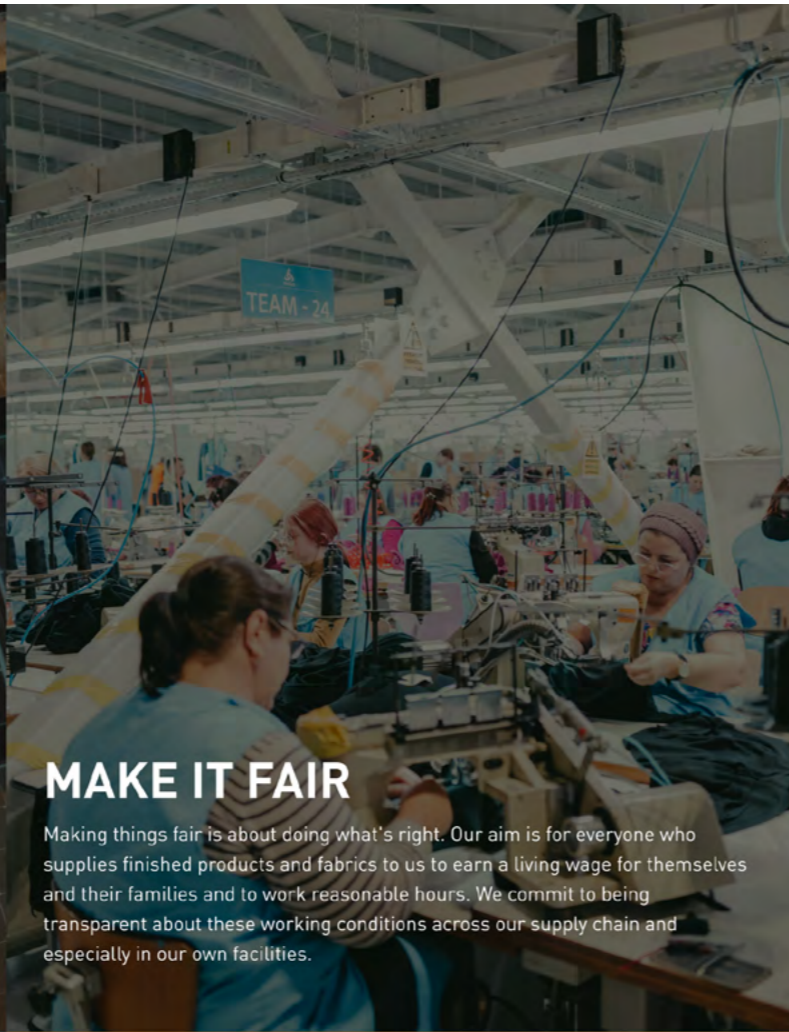

Odlo's people and planet priorities are rooted in UN Sustainability Development Goals and focused on where we can inspire real change. Our aim is to reach these targets by 2030. At the same time, we aim to cut total CO2 emissions, setting and communicating a clear GHG reduction target and plan in 2024.

If we can inspire and collaborate with more people, augment existing work, and focus on where we can really contribute, we will reduce our impact. In turn, the mountain moments we love can be passed on to future athletes.

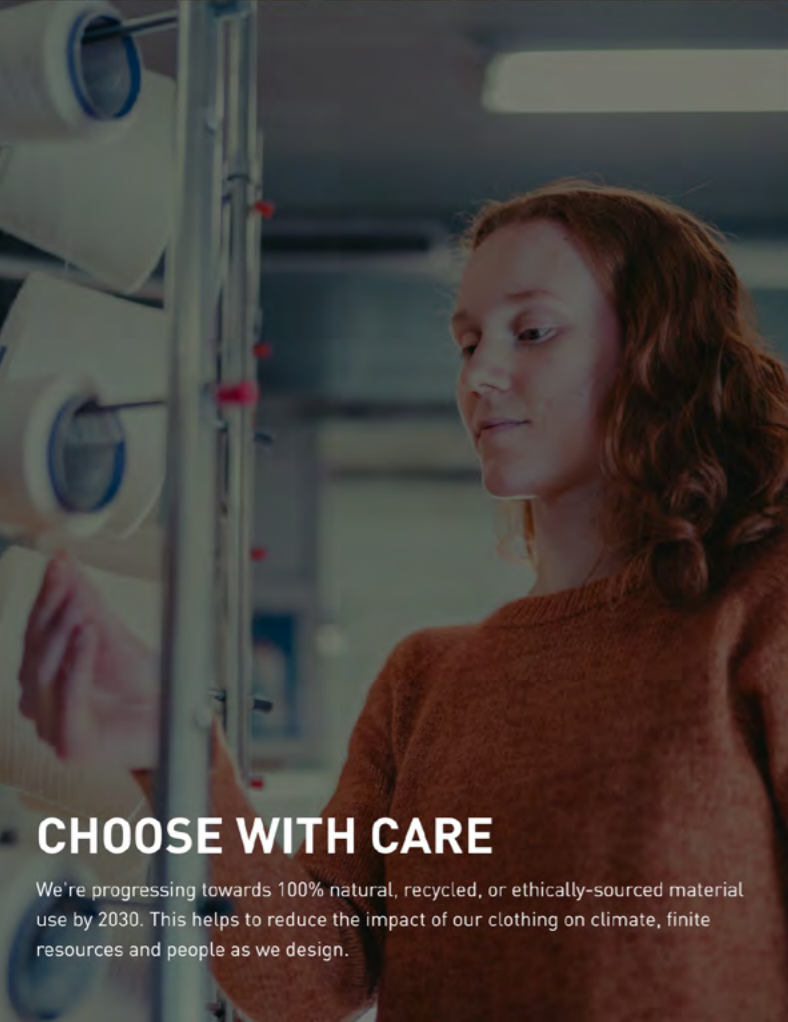

### GO FOR GREEN

Going for green is our commitment to making sure 100% of our Scope 1+2 energy sources at Odlo-owned facilities are renewable by 2030. By producing solar energy and heating with renewables, we'll do more to keep air clean and protect environments where we operate.

### MAKE IT FAIR

Making things fair is about doing what's right. Our aim is for everyone who supplies finished products and fabrics to us to earn a living wage for themselves and their families and to work reasonable hours. We commit to being transparent about these working conditions across our supply chain and especially in our own facilities.

### CHOOSE WITH CARE

We're progressing towards 100% natural, recycled, or ethically-sourced material use by 2030. This helps to reduce the impact of our clothing on climate, finite resources and people as we design.

### CLOSE THE LOOP

We aim to design products to be durable, with the ability to repair and reuse, so that we can propose solutions when a piece of kit has reached the end of the road.

## NOTES

Lined area for taking notes, consisting of a thick top line and many horizontal lines below.
